I would like also, Mr. Editor, to speak of Judge Fowle's "war record." how, the day after Lincoln issued his famous call for 75,000 troops to fight the South, Dan'l G. Fowle was one of the first to volunteer in the "Raleigh Rifles" to meet them; how, in September, 1861, he was promoted for gallantry to be Lieutenant Colonel of the 1st Regiment, garrisoned at Fort Hill until the end of December of that year and then ordered to Roanoke | ported back the river and harbor bill | Special to the News and Observer. THE SOUTHERN ASSEMBLY IN SESSION AT BALTIMORE.

THE CASE OF DR WOODROW'S APPEAL FROM THE ACTION OF THE GEORGIA BYNOD TAKEN UP -OTHER NEWS

By Telegraph to the News and Observer.

BALTIMORE, Vay 21 .- The General Assembly of the Southern Presbyterian Church reassembled this morning and was largely attended by those who took an interest in the case of Rev. Dr. Woodrow, of South Carolina, which affects his clerical standing because of his ideas on evolution. The special committee to which was referred the subject reported in favor of granting candidates for the ministry \$125 and to make collections in churches for a supplemental appropriation on the 1st of April dopted. A resolution was offered in relation to the appointment of the committee on temperance ordered on Saturday directing the report to be made on the subject to the next General Assembly, when Rev. Mr. Brooke moved to so amend as to have the reference to liquor alone. The amendment was accepted. The case of Rev. Dr. James Woodrow, complaining of the action of the synod of Georgia condemning his utterances on evolution was then taken up. A protracted discussion took place as to the length of time to be granted. It was finally agreed to grant four hours to each side. The Moderator then charged the members of the assembly to remain in their places during the trial as requested by the law of the church, after which prayer was offered for divine guidance. The record of the case from the Synod of Georgia was read, covering the entire proceeding of condemnation, in all, about 1,000

Dr. Woodrow then presented his ase before the General Assembly, first stating the nature of the offense charged against him.

The speculation in cotton for fu ture delivery at this market has been quite sluggish for the week under review, and the fluctuations in prices were unimportant. Receipts, at the ports have continued at very full figures for this stage of the season, but hey were largely at the expense of stocks at interior towns, which decreased rapidly; so much so as to cause the deliveries from plantations to be estimated at very low figures. The Liverpool market has at times developed notable weakness in view of the statistical position abroad. Ellison's figures were cabled on Tuesday and had a depressing effect, in view of the large excess over last year of stocks in American markets. On Wednesday some attention was given to the overflow of the Mississippi river, which gave strength to values. Yesterday a firmer opening was followed by a decline, Liverpool having opened higher and then declined, the weather South having improved. Today there was a slight advance in response to Liverpool, but business was very dull. Cotton on the spot has been quieter. Additional sales for export last week of 3,337 bales were made public on Monday. Today the market was dull and

nominal at 10e for middling uplands. The total sales for forward delivery for the week are 157,600 bales. For immediate delivery the total sales foot up this week 2,190 bales, including 133 for export, 1,932 for consumption, 125 for speculation and --- in transit. Of the above -- bales were to arrive.
