CONGRESS.

PROCEEDINGS YESTERDAY IN SENATE AND HOUSE.

THE LEGISLATIVE, EXECUTIVE AND JUDICIAL BILL AGAIN—OTHER NEWS.

By Telegraph to the News and Observer. WASHINGTON, D. C., May 29.—SENATE.—Mr. Frye, from the committee on commerce, reported back the river and harbor appropriation bill.

Mr. Jones, of Arkansas, referred to Mr. Stewart's speech of last week on the veto question, in which Mr. Stewart had criticized the Attorney General and defended the latter.

The Senate continued in secret session till 5 o'clock. Then the doors were re-opened, and the Senate proceeded (still in executive session) to vote on the following resolution which was agreed to without division.

Resolved, That the injunction of secrecy be removed from all proceedings of the Senate in reference to the treaty with Great Britain now under consideration.

Mr. Frye rose to address the Senate on the pending treaty, but as the hour was late he gave way to a motion to adjourn.

Mr. Cullom raised the question whether the Senate when it met again would be in legislative or executive session.

The motion to adjourn was agreed to, and the Senate at 6:10 o'clock adjourned—no announcement being made as to whether the formal opening tomorrow will be in executive or in legislative session.

Upon a verbal amendment to the bill political discussion arose upon civil service reform, its theory and practice, which consumed considerable time.

No material changes were made in the bill—those made increase slightly the amount of expenditures.

After completing the consideration of 60 of 110 pages of the bill the committee rose.

Mr. Townsend, of Illinois, from the committee on military affairs, reported the army appropriation bill and it was referred to the committee of the whole.

Adjourned.

HOUSE. Under the call of States a number of bills and resolutions were introduced.

Mr. Bowden of Pennsylvania, from the committee on public buildings and grounds, reported the bill for the erection of a public building at Norfolk. Committee of the whole.

The House then went into committee of the whole (Mr. Blount, of Georgia, in the chair) on the legislative, executive and judicial appropriation bill.

War on Railway Engineers. By Telegraph to the News and Observer. LITTLE ROCK, Va., May 28.—An Advertiser Abingdon special says the ironers of the Tennessee Steel and Iron Co. while surveying in Wise county on the 25th were attacked by a body of men in the bushes and two of the party killed.

The company of guards, in command of Capt. Sam Notson, employed to protect the engineers, were driven off and routed. Great trouble is expected and the settlers of the neighborhood warn the engineers to leave.

The immediate cause of the trouble is that the settlers claim land title which is contested by the iron company, who are trying to eject the tenants.

The German Emperor. By Cable to the News and Observer. BERLIN, May 28.—Noon.—The Emperor passed a good night. Dr. Mackenzie has inserted another cenula. The Emperor has gone to the park. He will drive out this afternoon. The bulletin issued this morning says he is without fever and that his appetite and strength are satisfactory.

The Nomination of Mr. Fuller. By Telegraph to the News and Observer. WASHINGTON, D. C., May 26.—The Senate committee on the judiciary this morning again considered the nomination of Mr. Fuller to be Chief Justice, but did not reach a conclusion. It was decided to hold a special meeting on the case next Thursday, at which it is expected the matter will be disposed of.

Arrested for Embezzlement. By Telegraph to the News and Observer. CINCINNATI, Ohio, May 28.—A special to the Times-Star from St. Paul, Ohio, says that E. V. Rhodes, cashier of the First National Bank, was arrested quietly this morning on a charge of embezzling funds belonging to the bank. He gave bond for his appearance before the United States Commissioner May 31st.

Florida's State Convention. By Telegraph to the News and Observer. ST. AUGUSTINE, May 28.—The Florida State Democratic convention meets here tomorrow. Over 400 delegates have arrived. Besides selecting delegates to the national Democratic convention a full State and judicial ticket will be nominated.

Bond Offerings to the Government. WASHINGTON, May 28.—Today's offerings were \$160,000, all of which were rejected as being above the views of the Treasury.

Nominations. WASHINGTON, May 28.—The President today nominated to be postmaster Byron Lemly, at Jackson, Miss.; Jefferson T. Whitman, Dalton, Georgia.

Camden for Judge Fowle. Camden county is reported as solid for Judge Fowle. The county is represented by Col. G. Luke.

Young Men for the Supreme Court. By Cable to the News and Observer. A writer in the Chronicle of last week signed Citizen, in a three column article, opposes the nomination of young men for the Supreme Court in much that he says I heartily concur. But when he uses the words 'young' and 'incompetent' as synonyms, he must enter my protest.

The young men of our circuit judiciary are admittedly at his head; one of them, by his great ability shown on the bench, came near being our candidate for Governor, and may be yet. I am sure we can go further and do worse. But as the time for the meeting of the State convention is near at hand, we had best discuss this question practically.

What young men are being pushed by their friends for the Supreme Court? Don't let us discuss the general incompetency of all young men, their lack of gray hairs, their inability to converse in the dead languages or their incapacity to look wise; but rather let us discuss the merit of the judicial possibilities among the young men, if citizens will admit that they have merit. Among the young men spoken of possibly the youngest is Judge Shepherd. Does "Citizen" mean to intimate that he is incompetent because he has fewer gray hairs than we? Let us judge for ourselves. We simply ask the Demos if they are not in the majority of the hand of Father Time upon his physical faculties is unseemly.

"Even an inferior order of wisdom from one ripe in years and honors will more readily command respect." We should have "such as can command the respect of legal minds, not only at home, but abroad." Would not a thorough knowledge of the law be most likely to accomplish the object? I always admired a man who could talk wisely, and with no knowledge of the law. I always respected one versed in the classics, and I defer to no one in my estimation of a good man, but I have always thought the prerequisite of a Supreme Court Judge was a knowledge of the law. There is something new under the sun.

Judge Fowle and the Governorship. Cor. of the News and Observer. KENNESWIL, N. C., May 25. Feeling a great interest in the success of the Democratic party, both State and National, I take this opportunity of speaking my sentiments, and the voice of nearly every Democrat I have seen in the last two or three weeks as well as myself is for Daniel G. Fowle for Governor of North Carolina. I have been traveling very extensively in the last week, going over three counties, and every man I have heard talk on the subject, who is a true Democrat, speaks out warmly in favor of Judge Fowle. If Judge Fowle is not nominated the wishes of the people in my honest judgment will be ignored and the party somewhat hurt. I earnestly hope that these words of mine will receive some notice in the great Democratic convention next Wednesday in the good Old North State.

When you are constipated and have loss of appetite, headache, pains in the sides and back or shoulders, restlessness at night, foul mouth and furred tongue in the morning, nervousness, depressed mind, pain in and over the liver, urine scanty or highly colored, skin sallow, eyes dull, and yellow, take Dr. J. H. McLean's Liver and Kidney Pills, 25 cents per vial.

How to Remember Everything. We mean it in its exact literalism; and better than the mere statement, we can give the name and address of the discoverer of this wonderful method. Preserver, you would remember your sermon; doctor, if you care to recollect the needed data of your profession—everybody who would remember everything—write for particulars to E. V. Lohmeier, 387, Fifth Ave., N. Y.

SHERIDAN.

THE GENERAL OF THE ARMY CRITICALLY ILL.

NOTES OF HIS CONDITION FROM TIME TO TIME—OTHER NEWS.

By Telegraph to the News and Observer. WASHINGTON, May 28.—The following bulletin was issued at 10 o'clock: "Consultation 9 a. m. Gen. Sheridan passed a bad night, having an irregular pulse and labored respiration and being frequently delirious. Since yesterday, however, and especially within the last hour, there has been a slight but distinct improvement in all his symptoms. His pulse is 110 and steady. The oedema of the legs has gradually subsided and is now slight. He continues to take an ample supply of nourishment which seems to be assimilated." (Signed) R. M. O'REILLY, H. C. YARROW, H. C. MARSH.

At 11:10 Gen. Sheridan was sleeping quietly and restfully. At 9 o'clock this morning he recognized and spoke pleasantly to his body servants. Col. Blunt said to an Associated Press reporter this morning that Mrs. Sheridan had expressed herself as deeply grateful for the sympathy and kindness that has been extended for the many messages received from the General's friends. The General awoke at 11:15 and his mind was entirely clear. He recognized every one who was constantly about him. It is said that his facial appearance is but slightly changed. It is announced that a bulletin will be issued between 12 and 1 o'clock.

There was a general feeling of relief in Gen. Sheridan's household this morning when the physicians issued their bulletin that there had been a slight but distinct improvement in his symptoms. The night was an ominous one. The distinguished patient seemed to grow weaker and weaker and the chances of his recovery less assured. He dragged slowly along. Indeed he was so low in the early hours of the morning that his faithful attendants well-nigh abandoned hope. Even the members of his staff, who have been in constant attendance since his first attack last Monday, and who have all along contended that the General would pull through, seemed despondent.

It is conceded that "honest Joe Davis," who was appointed in place of Judge Ashe, will be his own successor. We like to see such material on a State ticket.—Morganton Star.

Quoting from the above which says: "We enumerate the counties that support Judge Avery and confidently ask our eastern brethren to give us the man we have selected. We might have added that Judge Avery has hosts of friends in Randolph, Montgomery, Davidson, Stanley, Cabarrus, Alamance, Guilford, Rockingham and other counties west of Raleigh, while expressions of public men and of the press indicate that no western man has more friends in the east."

A number of gentlemen of ability and high character have been mentioned in connection with the other place created by the proposed Constitutional amendment. Either Judge Hill, Judge McKee, Mr. Pruden or Judge Shepherd would make reputations for themselves and do honor to the State in that position.

It is conceded that "honest Joe Davis," who was appointed in place of Judge Ashe, will be his own successor. We like to see such material on a State ticket.—Morganton Star.

Quoting from the above which says: "We enumerate the counties that support Judge Avery and confidently ask our eastern brethren to give us the man we have selected." If that doctrine holds good in the western part of the State, (and we see no reason why it should not), for a man is judged by his own people who know him best) it holds equally so in the east. We approve of the suggestion and in view of the first judicial district being in favor of Hon. W. D. Pruden, we claim that the delegates from all sections of the State should recognize the justice of our demand and should gracefully yield their support to our eastern man.

A Supreme Court judgeship is an office of such dignity and purity that it becomes any one toicker and traffic for their friends. Let the West select their man, the center theirs and the East theirs, and when we come together at the convention let the votes for the Supreme Court Judges be cast as a unit and without division. We want no combinations or trading; we do not approve the criticism of judicial candidates, we have naught to say against any gentleman who aspires to such an honorable office. We simply ask the Demos of North Carolina to permit us Eastern brethren to select the man we think best fitted to wear the judicial ermine in the Supreme Court of our great State.

HON. THOS. J. JARVIS. ELECTION STATE AT LARGE. KINGSBORO, May 26, 1888. Cor. of the News and Observer.

The great campaign of 1888 is now fairly opening. Every intelligent man sees the Radicals are putting forth their best energies and best men. They are going to make the most desperate fight they have made for years. It is apparent to every thinking man, and most assuredly it behooves every Democrat in North Carolina to look and consider well the situation.

Gov. Jarvis writes a friend in eastern North Carolina, under date of April 18, that Mrs. Jarvis' health is exceedingly feeble, and that he feels the necessity of returning home in a very short time. He probably will be home in July. In view of this fact we should secure his services in this trying and sharply contested campaign. Every man in North Carolina knows his great personal popularity, and as a stump speaker it is well known he has no superior. Let the State convention nominate him for one of the electors at large and it will be a power that cannot be overestimated. DELEGATE.

Cor. of the News and Observer. DURHAM, N. C., May 26, 1888. It is with pride and pleasure that we see the young Democracy taking such interest in the re-election of Grover Cleveland. Clubs are being formed and steps are being taken by the young men to organize fully for the campaign. Would it not be well to show some recognition of the efforts of these young men by giving them prominence upon the ticket? Could we do better than to select as Elector for this district a prominent, live, young Democrat? Let us follow this suggestion and give to the young men E. C. Smith, Esq., as Elector for this district. DEMOCRAT.

Camden for Judge Fowle. Camden county is reported as solid for Judge Fowle. The county is represented by Col. G. Luke.

At 1:05 p. m. Dr. Matthews left the Sheridan residence. He reported

STILL DISCUSSING IT.

THE CASE OF DR. WOOD—ROW.

TECHNICAL POINTS BEING RAISED IN THE PRESBYTERIAN ASSEMBLY AT BALTIMORE.

By Telegraph to the News and Observer. BALTIMORE, Md., May 28.—The Southern Presbyterian General Assembly was called to order by the moderator at 9:30 o'clock. The chair announced the commissioners to try the complaint of the Presbytery of Mecklenburg, Va. The Synod of North Carolina's auditing committee reported that an examination of the reports of the executive committees on foreign and home missions and of the committees on publications and educational institutes for the training of colored ministers and trustees of the General Assembly, found them correct. The same committee made a report recommending that \$10,000 in Virginia bonds be referred to a special committee for their disposal to the best interest of the General Assembly.

Dr. Smoot, of the committee on the vote in the complaint of Dr. Woodrow against the Synod of Georgia, reported that the sense of the General Assembly is that God made the body out of the dust of the earth and that it was not evolved from a lower animal. A substitute for the report was presented, declaring that the action of the Synod of Georgia did not annul the action of the Presbytery of Augusta or effect the ecclesiastical standing of Dr. Woodrow; and further, that the views held by Dr. Woodrow were not contrary to the standards of the church.

The substitute was rejected and the report of the committee adopted. Rev. T. C. Whaling, of South Carolina, read a protest against the action of the General Assembly in this matter, which, without action, was ordered on the minutes.

The pending business, the report of the committee on home missions, was then taken up. Y. M. D. C. Meeting Last Night.

There was last night what might be called, a rousing meeting of the Young Men's Democratic Club at the Cotton Exchange. The hall was full to overflowing. After some business by the club, Hon. B. H. Bann, who is in the city, was invited by a committee to address the club in response to which he appeared and spoke in his vigorous convincing style to the delight of the club.

He was followed by Messrs. Ed C. Smith of Raleigh and T. B. Womack, of Chatham, both of whom responded to unanimous and enthusiastic calls by the club.

The programme for the demonstration on Wednesday night was announced and will be as follows: The club will meet at the Cotton Exchange at 8 o'clock sharp, each member to bring a "club" hat and a walking cane. The procession will move promptly at 8:30, headed by the Raleigh Band. The route will be up Wilmington street to Morgan, on Morgan to Fayetteville, down Fayetteville street to the Yarboro House, where the club will be received by short addresses. From the Yarboro the club will proceed to Stronach's warehouse and disband. Every member must positively remember the time and be on hand promptly.

Telegraphic Connection. Mr. Robinson, manager of the Western Union Telegraph office, was busy yesterday making arrangements to put in a telegraphic instrument at Stronach's warehouse to connect with the telegraph office during the convention. All the necessary wires, the instrument, etc. have been ordered and will arrive and be adjusted to-day. This will be a great convenience to the newspapers especially.

Mr. Wm. Wagoner. On the 8th of June our people will have the pleasure of hearing this gentleman play his exquisite Nightingale Polka, which he had to repeat by request about twenty times at the Mozart Academy of Music in Richmond and the Richmond Theatre. Mr. Wagoner is young and handsome and is one of the most distinguished musicians with Iardella's band, which will appear here June 8.

Shoppers' Notes. Delegates to the convention should refer to Mr. John Y. MacRae's map of the city, in another column, in which the locations of most of the important points of the city are shown. It also shows the way to Mr. MacRae's drugstore, where a cool drink dispensed from an elegant soda fountain may be had or a good five cent cigar may be bought. All visitors should call on Mr. MacRae and learn the place immediately in order that they may know where to go during their stay.

Mr. D. Rosenthal rises to a point of personal privilege to state to the delegates to the convention that this is an opportunity they should not miss to go and examine his stock of clothing and furnishing goods while in the city. His stock will be found complete and elegant. See advertisement and give him a call.

Attention is called to the advertisement of valuable property for sale by Miss E. Karner.

"Daughters of the King." Now about the Daughters of the King a little ditty I will sing. Come one and all to this fair show. The finest you ever saw. Of cake and berries that will keep. The nicest thing on earth with cream. With little willing hands and feet To wait on you, it is too sweet. Each one will trip with beaming face To show you all the nicest place. So do come round, I think you ought to. And swell the fund of the King's Daughter. —KROINA.

How to Remember Everything. We mean it in its exact literalism; and better than the mere statement, we can give the name and address of the discoverer of this wonderful method. PLAYS THE WILD IN A NEBRASKA COUNTY.

CHARLTON, Neb., May 28.—A water-spout which broke in the North-west part of Dawson County Saturday night submerged five miles of track on the Fremont, Elk Horn & Missouri Valley Railroad and washed away numerous bridges. It has rained since 4 o'clock Saturday afternoon without stopping, and the country is flooded. Farmers all along the White and Lone Tree rivers have had to abandon their houses, a number of which have been washed away. The White River has risen 16 feet in forty minutes. The water came from the north. It is impossible to cross the White River as all the high-way bridges are washed out, and it is feared that great damage has been done further northwest as the waterspout came from that direction. Captain J. A. Sweet, farmer, told sixteen head of cattle and five head of horses, the water coming in such a way that it took the live stock along in a boat and reported that terrible damage had been done to other farmers both in loss of live stock and crops. The rivers are still rising and it is feared that a loss of life has yet been reported, but it is feared that after full reports can be obtained there will be many fatalities to record. The cloud was plainly visible from here and it had the appearance of a rolling mass of black clouds like a cart-wheel or log, entirely different from the cyclone cloud. A man of the name of Anderson was in the extreme southern limit of the spout. He reports the water coming in a solid wall ten feet deep and carrying everything possible before it. Anderson barely escaped with his life. This section is noted for water-spouts. The last one occurred three years ago and carried away the entire railroad camp, which was then building, the Fremont, Elk Horn & Missouri Valley Railroad.

Young Men for the Supreme Court.

Cor. of the News and Observer.

A writer in the Chronicle of last week signed Citizen, in a three column article, opposes the nomination of young men for the Supreme Court in much that he says I heartily concur. But when he uses the words 'young' and 'incompetent' as synonyms, he must enter my protest. The rivers are still rising and it is feared that a loss of life has yet been reported, but it is feared that after full reports can be obtained there will be many fatalities to record. The cloud was plainly visible from here and it had the appearance of a rolling mass of black clouds like a cart-wheel or log, entirely different from the cyclone cloud. A man of the name of Anderson was in the extreme southern limit of the spout. He reports the water
