Curious incidents occur in this land, and one of them is sufficiently so to excite interest. Mrs. Andrews, who lives five or six miles from town, brought recently to the drug store of Mr. Porter a quantity of a certain metal resembling what is known as "babbitt," or pewter, but which, on being struck with a piece of steel, gave forth a clear ringing sound, as of teachers rate will be made from up in the shape it had taken on the

> What is this "nervous trouble" with which so many seem now to be afflicted? If you will remember a few years ago the word Malaria was comparatively unknown-today it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and Malaria are intended o cover what our grandfathers called Biliousness, and all are caused by troubles that arise from a diseased condition of the Liver which in performing its functions finding it cannot dispose of the bile through the ordinary channel is
