

ROYAL BAKING POWDER Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness.

DARBYS Prophylactic Fluid. Use it in every Sick-room for Safety, Cleanliness and Comfort.

It will purify the air and render it wholesome. The removal of the effluvia which are always given off in the sick-room promotes the recovery of the patient and the safety and comfort of the physician and attendant.

Vanderbilt University, Tenn.: As a disinfectant and detergent Darby's Prophylactic Fluid is superior to any preparation with which I am acquainted.

A variety of sizes, N. Y. Darby's Prophylactic Fluid is a most valuable disinfectant.

BARGAINS FOR THIS WEEK AT

WOOLCOTT & SON'S

14 East Martin Street.

Our 146 French organdies reduced to 12 1/2c, cheap at 80c.

Our stockings we purchased a few days ago, and we sell them from 60c per yard to \$1.15, worth double the money.

150 Pills, 25c. For sale by all druggists. Beware of cheap imitations. The genuine manufacture by JOHN C. WEST & CO., 32 W. Madison St., Chicago, Ill. For sale by J. H. McLaughlin, 125 Fayetteville St., Raleigh, N. C.

CONGRESS.

PROCEEDINGS YESTERDAY IN SENATE AND HOUSE

DISTRICT OF COLUMBIA BILLS IN 3 TH HOUSE—THE FISHERIES TREATY BILL IN THE SENATE.

By Telegram to the News and Observer. WASHINGTON, D. C., June 11.—SENATE.—Among the bills reported from committee and placed on the calendar was the Senate bill to withdraw public lands in Florida from all but homestead entries.

The Senate Committee on the Judiciary today further considered the nomination of Melville W. Fuller to be Chief Justice without a result.

The Senate sub-committee on the tariff today heard the views of the cotton bagging men on the tariff.

The committee was told that cotton bagging manufacturers had established with imported machinery on which a duty of forty per cent had been paid and that the capacity of these establishments was now fully 100 per cent in advance of the demand for bagging.

The reduction of the present rates could be endured only in case jute bails were made free. The competition in India on bagging is so fierce, however, that a free market for jute as proposed by the Mills bill, the factories would suffer speedy ruin.

It was further represented that there is no demand from the planters for free bagging, inasmuch as bagging, as well as iron hoops on cotton bales is all weighed and paid for as cotton, and the planter, in this way, receives more for bagging than he pays for it.

A Resolution offered by Mr. Morgan last Thursday, as to the fisheries treaty was taken up and went over till tomorrow.

Mr. Morgan objected to Mr. Sherman's suggestion to consider it adopted, as it had accomplished all that was intended by it.

Mr. Morgan intimated that he desired to have further consideration upon it.

On motion of Mr. Sherman, the Senate proceeded to the consideration of the fisheries treaty in open executive session, and was addressed by Mr. Gray in support of its ratification.

The questions with which the treaty dealt were not new. The fishery case (so-called) in the northeastern waters of British America had not been made by the present administration or by the present generation of men; it had been continued through many generations, vexing the diplomacy and jeopardizing the peace of two of the greatest nations of the earth.

It was not as had been said by Senator Frye to be belittled by being localized. The interests, happiness and honor of the country were involved in the discussion, and it could not be made to turn on the selfish wishes or interests or pecuniary advantages of a small number of capitalists who might reap for loss of profit by the use or non-use of the great governmental powers which ought never to be invoked except for the protection and advantage of all the people.

He greatly mistook the temper and sense of the American people if they would tolerate any other discussion of the pending treaty but the one which appealed to their sober judgment, not to their prejudices or passions, and not to class of section, or if they would countenance the rejection of it for any reason which did not concern the interests and welfare of the whole country of the honor, prestige or dignity of the republic.

He went on to argue that the pending treaty was a practical, sensible and statesmanlike way of dealing with the question. If, in obedience to the party caucus which sat with closed doors and kept veiled in secrecy the real motives of the opposition, the treaty should be defeated by the bare majority, an appeal would be made to the sober judgment of six million people, and the brave and honest fishermen themselves would be appealed to whose rights and interests were secured and maintained by this treaty.

At the close of Mr. Gray's speech Mr. Hoar obtained the floor, and further consideration of the fisheries treaty was, on motion of Mr. Sherman, postponed till Monday, the 25th of June.

HOUSE.—Under the call of the States the following were introduced and referred.

By Mr. Dougherty, of Florida, a resolution to be read at this time there seems to be no probability of the passage at this session of Congress of the Mills bill; that there is a large surplus in the treasury which is daily accumulating to the detriment of the general business, and which tends to a contraction of the circulating medium of the country; that it is an uncertainty as to whether the Mills bill in its present shape will ever become a law and also that it is not in time to give the relief demanded and that the late unproductive and unnecessary civil war made an enormous and daily increasing pension list just and necessary; that the success of the armies of the United States made possible and secured the accumulation of large private and corporate fortunes all over the country and instructing the committee on ways and means to report the House bills first, repealing all laws providing for internal revenue taxation and removing all of said tax except that now collected upon spirits distilled in whole or in part from grain and upon malt liquors.

Second, providing for the levy and collection of a graduated tax on all incomes of persons, corporations, associations and trusts of \$5,000 and upwards per annum, the proceeds of said income tax to be devoted exclusively to the payment of pensions.

Third, providing that all articles or products not manufactured or produced in the United States shall on-

A RUFFIAN SHOT

WHO ATTEMPTED TO RESIST AN OFFICER.

HE RECEIVES THE CONTENTS OF A SHOT-GUN IN HIS NECK—SERIOUSLY WOUNDED.

Special to the News and Observer. ARTWELL, N. C., June 11.—On Saturday night a crowd of drunken rowdies were creating a great disturbance on the street and when Town Marshal Hurley attempted to arrest them he was openly resisted.

One of the rowdies, named Bowden, drew a pistol and threatened him in a violent manner. Officer Hurley was compelled to shoot him in defense of himself and the laws of the town, which he did with a shot gun carried by one of his deputies.

Bowden was painfully if not dangerously wounded, over four hundred shot taking effect in his shoulder and neck. Officer Hurley says his conscience is clear.

THE OLD ROMAN

He Makes a Speech to the Ohio Delegation The Bryce train, carrying the Ohio delegation on its return from St. Louis, arrived in Columbus at 4:30 Friday afternoon.

Headed by a hand and the Jackson Club, the delegation marched from the depot to the residence of Judge Thurman, where the Hon. T. E. Powell spoke briefly of the work of the delegation at St. Louis and then introduced Judge Thurman. After three cheers for Cleveland and Thurman and the red bandana, Judge Thurman spoke as follows:

I understand that many good people say, and no doubt think, and I do not deny the justice of their thoughts, that I am too old [laughter] to run for Vice President. [Renewed laughter.] A voice: "Well, I will say that." Those people who say so, and who doubtless think so, do not understand the effect upon an old Democrat of such kindness as I have received at your hands and at the hands of the rest of the Democracy of the United States. [Cheers.] Why, I feel about ten years younger, at the least calculation. [Laughter and renewed cheering.] A voice: "I can say twenty." Well, I think it will be twenty before twenty days. [Renewed laughter.] Last night I stood here to speak to my fellow citizens who came out to greet me, and on my way, expecting to speak about twenty minutes in full voice, and with intense fervor and vigor, [continued laughter and applause,] and I should not be surprised if I should make such a fool of myself between now and the second Tuesday or first Tuesday or whatever Tuesday it is in October. [Laughter and voices—"November."] November I mean; that I should be prancing around making speeches like a young man just out of his teens. [Renewed laughter and applause.]

But, now, gentlemen, let me be serious a little. You know me, gentlemen of the Ohio delegation, that when you were kind enough to call on me before you went to St. Louis I told you, and God knows it was the honest truth, that I did not want the nomination, but that what I wanted was peace and quiet, but that it was impossible for me to say that I would not refuse the nomination, for that would make me a candidate at once, and, therefore, surrounded with these difficulties, I could conceive of no other way, no other solution, than to place myself in your hands, and I did so freely, fairly, honestly, loyally, trusting that you would take care of me as well as the interests of the Democratic party. [Cheers.] Now, gentlemen, I do not undertake to speak for the party and say whether you have done wisely or not, but I do speak for myself, and say that as long as I live I shall always bear towards you a grateful heart and pleasant recollection. [Applause.]

Gentlemen, I thank you for your efforts, I thank you for what you have done, and whether I shall be successful or not, success there is one thing of which I cannot be deprived, and that is the gratification of knowing that I have the good will of the people of my State, and not only of the people of Ohio, but of the people, I think, of the United States. [Continued applause.] Now, gentlemen, I do not think I ought to say anything more for fear, as my friend Lowenstein would say, that I would paralyze you. [Great laughter.]

I do not want to do that. I hope that every man of you, since you have put me on the ticket, will go to work and do the work for the ticket. But I have another word to say before I stop and that is this: There scarcely ever happened in the history of this world a sublimer spectacle than the renomination of Grover Cleveland by the unanimous voice of the convention. [Great applause.] And now I say you did a wise thing in that, a patriotic thing in that. The people of the United States love a brave man, and Cleveland is a brave man; they love an honest man; they love a man of good sound judgment; and I do not know any man of sounder judgment than his. They love a man who stands up for principle and does not fear to take the consequences, and such a man is Grover Cleveland. Gentlemen, it will be an honor to every man of that St. Louis convention as long as he lives that he was there to cast his vote for this worthy President of the United States. Now I thank you and will bid you good-night. [Great applause.]

THE STORM KING

LEAVES DESTRUCTION IN HIS PATH TERRIBLE FLOODS—RAILROADS WASHED AWAY AND A MINE FLOODED—A CONFLAGRATION EXTINGUISHED

By Telegram to the News and Observer. CHICAGO, June 11.—Dispatches from the Michigan peninsula report Saturday's rain-storm to have been in the nature of a flood from the heavens. Hecla mine was nearly drowned out; the whole country was covered with water and every railroad on the peninsula suffered from washouts and lost bridges. The storm also did some good. It extinguished a fire that was destroying the town of Norway before the town was quite swept out of existence. As it was forty-seven buildings were destroyed.

About the Assembly. The cars for Morehead City on Wednesday June 13th will run through so that passengers for the assembly will not have to change at Goldsboro as at other times. All baggage will also be checked through without changing so there will be no delay and you will reach Morehead City on a quick schedule in time for supper at the Atlantic Hotel.

The Teachers' Assembly tickets will be on sale Monday and Tuesday before the session begins so that they may be bought in advance by all who prefer to do so.

The secretary has received information that several teachers from New York and Jersey City contemplate making a visit to the Assembly in order to make the acquaintance of the leaders in the profession in North Carolina. There are nearly fifty teachers from Mount Carolina and Georgia already called as members for the session showing that the North Carolina Teachers' Assembly is now a tracting attention and attendance from the whole country.

The fine address of Dr. A. D. Mayo on Friday, 15th, and the humorous chalk work of Prof. Frank Beard, the famous artist, on Monday and Tuesday, 18th and 19th, will be exceedingly attractive and enjoyable features of the Assembly work, and especially will Prof. Beard's entertainment surpass anything of the kind ever before seen in this State.

Every possible preparation has been made by the proprietors of the Atlantic Hotel and officers of the Assembly for giving each visitor at this session every pleasure of a sojourn at the most popular watering place in the South, and also a very high order of literary enjoyment. On Friday evenings of the Assembly session there will be social, literary and musical entertainments prepared by some of the finest talent in the country, and these rare feasts are seldom to be found in such a high degree of excellence as can be provided by such a large and representative gathering of teachers.

The Encampment. Adjutant General Johnstone Jones, of the North Carolina State Guard, has issued General Orders No 7 ordering the State Guard to go into camp at Seaside Park, Wrightsville, commencing on Wednesday, July 18th, and closing on Friday, July 27th, for which purpose the companies composing the First, Second, Third and Fourth Regiments, and the Scotland Neck Mounted Riflemen (dismounted) and all field and staff officers, and officers of the General Staff, will appear at Wrightsville, in heavy marching order, on Wednesday, the 18th of July next, and report to the Adjutant General for duty at 12 o'clock m.

Troops will be furnished transportation by the State. The vouchers for such service must be submitted on blank certificates supplied from the Adjutant General's office.

Companies must attend with at least thirty men, rank and file. The Commander-in-Chief expresses the hope that each company will appear with full ranks, and to this end he earnestly requests employers of members of the State Guard to give the necessary leaves of absence.

The location of the encampment, Seaside Park, was generously tendered by Mrs. Herbert Lattimer, the owner.

In honor of the late Major-General William D. Pender, this encampment will be named Camp Pender.

Rations will have to be provided by the companies in full. The Adjutant General will give the matter his personal attention in facilitating arrangements for supplies.

Shoppers' Notes. The Messrs. Berwanger say they have a picnic on tap for their customers. They will announce particulars in a few days. Watch out for it!

Signs of the plot to cause a deadlock at Chicago and force Blaine's nomination are multiplying. Sherman, however, still leads, with Alger second.

Something in It. An esteemed correspondent writes: "Is there anything in the Loistean Memory system?" We would say, there is everything in it. Prof. Edward A. Bond, Hon. Wm. W. Astor, Hon. Judah P. Benjamin, Judge Gibson, and innumerable others indorse it highly. It is taught by correspondence by the most famous and successful memory specialist living, Prof. A. Loistean, 237 Fifth Ave., N. Y. Write for prospectus, Ohio Ex.

Wary and Worn. When the tired factory operative, the weary outdoor laborer, the overworked bookkeeper or clerk seeks a medical recourse for expenditure of brain force, which would be that of a worker be relieved, the remedy would be that of Foster's Stomach Bitters falling strength, stimulates the faded mental powers to fresh activity, and makes undue nervous tension, nothing else does. Digestion, a regular habit of body, appetite and sleep are promoted by it, and it is an admirable auxiliary in the recovery of health by convalescents. It is especially recommended for those who are afflicted by indigestion, flatulency, and the catalogue of proprietary medicines does not present a more useful and more effective remedy. It is also invaluable for fever and ague, rheumatism and kidney troubles.

THE CROP PROSPECT IN EASTERN CAROLINA

By the News and Observer. NEW BRUNN, N. C., June 11. Having just been through portions of the counties of Edgecombe, Pitt, Beaufort and Lenoir, embracing the best portions of the farming section of these counties, I will drop you a line giving the result of my observations. They may be of some interest. I think I can say without contradiction that at this date I have never seen the cotton in such a disheartening condition. From a harbor on Greenville, a fine farming section, I did not see what would at this season be called a respectable cotton crop. The continued rains, with freshets, and the grass and cool weather have well nigh ruined the cotton, and in some sections the hat has about completely demolished it. Mr. Elias Carr, who I may with justice and truth say, is the most complete farmer in Edgecombe county, told me he had the poorest prospect at this date he ever had in his life. I did not see between Tarboro and Greenville what than one crop approaching what might be expected, and that was a field of small proportions. From Greenville to Washington the cotton was worse than between Tarboro and Greenville. I saw there the effects of hail. Mr. J. J. Laughinghouse, who cultivates Avon farm in Pitt, the finest and prettiest farm in the county, has 300 acres in cotton which has been about entirely ruined by hail within the past few days. He may possibly save 50 acres out of the 300. The whole country is flooded. Mr. Laughinghouse runs three plantations, and is a working farmer. His home place and his Bear Creek farm present a better prospect, though he says he has by far the worst crop at this date in June he ever had, and he considers the outlook as fearful. Mrs. Saunders (widow of the late Col. Jos. H. Saunders), his next neighbor, in addition to a like crop, had the misfortune to have her stables burned a few nights ago, the work of an incendiary. Her horses and mules were with difficulty saved, but a more vital question is, "Everybody around Washington decried of making an average crop of cotton. The crops around Kinston are almost hopelessly ruined by the rains and the grass, and in some cases below Kinston were ruined by the hail. Capt. Peobles told me that the crops in North Carolina were the poorest he had ever seen. Mr. Henry W. Wahab, who returned from his farm in Hyde county today, told me tonight that the rain had greatly damaged the crops in Hyde. This is the general complaint throughout this whole eastern section, and despondency is not traced in the struggling farmers' faces. Truly so hard working a class of people deserve better prospects. Poor crops and reverses have steadily followed them for the past four or five years, but prosperity, I hope, will reward their efforts in the end.

It is refreshing, however, to see the unanimity of approval everywhere in this section of the State of the action of the recent Democratic State Convention. I have not yet heard a dissenting opinion, and universal acceptance is given. The Democrats are ardent, and a triumphant victory is at hand.

A disordered condition of the stomach, or malaria in the system will produce sick headache you can agreeably remove this trouble by taking Dr. J. H. McLean's Liver and Kidney Pills, 25 cents per vial.

An extra large dynamite bomb was found in the vicinity of the jail where the Chicago anarchists were hanged.

Reducing the Surplus. The disposition of the Surplus in the U. S. Treasury engages the attention of our statesmen, but a more vital question has our attention, and that is the reduction of the surplus consumptives. Since the discovery and introduction of Dr. King's New Discovery for consumption, there has been a marked decrease in the mortality from this dreaded disease, and it is possible to still further reduce the number of consumptives. How? By Dr. King's New Discovery and using according to directions, upon the appearance of the first symptoms, such as a cough, a cold, a sore throat, a chest or sidepain. Taken thus early a cure is guaranteed. Trial bottles free at Lee, Johnson & Co's drug store.

For Rent. One 8 Room House—\$18.25 per month. One 8 Room House—\$18.25 per month. One 6 Room House—\$16.66 per month. One 4 Room House—\$8.33 per month.

Syrup of Figs. Is Nature's own true laxative. I is the most easily taken, and the most effective remedy known to Cleanse the System when Bilious or Costive; to Diapyl Headaches, Colds, and Fevers; to Cure Habitual Constipation, Indigestion, Piles, etc. Manufactured only by the California Fig Syrup Company, San Francisco, Cal. John S. Pseudo, Sole Agent for Raleigh, N. C.

SWEET PICKLES.—Sweet pickles by measure, Crosse & Sweetwicks pickles, plain pickles in bulk, &c., &c. E. J. Hardin.

THE EMPEROR WORN

By Telegram to the News and Observer. LONDON, June 11.—The Berlin correspondent of the St. James Gazette telegraphed that the Emperor is decidedly worn and has lately suffered severely there. The correspondent also says that a hole has been discovered between the windpipe and the gullet and the taking of food is thereby made dangerous.

Sanford Express. We heard that Major Stedman, the defeated aspirant, said to the Raleigh convention. We had never seen him before, and after he had sat down some delegates regretted that they had not heard him sooner. Such a man in defeat richly deserves success, and patience is his price.
