ed conferees. Mr. Hatch, of Missuri, submitted a eport of disagreement on the agrisulural appropriation bill, stating that the point of disagreement was the Senate amendme i making an appropriation of \$100.00) for sorghuta sugar experiments.

Mr. Ryan, of Kinsas, hoped that the Senate would insist upon the amendment.

Mr. Hatch said Congress had twice appropriated money for these experiments and that the Commissioner of Agriculture had stated that they had been concluded. Money had been generously appropriated and further aid would be in the nature of a subsidý to some sugar mak ug tirta. If the sugar-makers could use now make sugar from sorghum it was not because they did not have all of the information that the department could

Mr. Ryan moved concurrence in the senate amendment. He pointed out resting on Middle street. the benefits which had accrued to the agricultural interest of the country from former appropriations for sorgresult in still greater good. The field of experiment was yet rich, broad and had reliable information that the Department of Agriculture wanted more money with which to experiment and explore.

After some further debate Mr. Reagan's motion to concur was agreed to, yeas 126, nays 96. This completes the consideration of the bill and it stands as finally passed. Mr. Clements, of Georgia, submitand it was agreed to.

The House then went into committee of the whole on the tariff bill. The pending amendment was that offered by Mr. Phelps, of New Jer-
