Dockery at Holly Springs. It was the first time we had ever heard Mr. Dockery. He fell far below the expectation which had been raised by what we had heard of his educational advantages.

He is not by far the people that he was a farmer, and proposed to talk plain talk to them. He proposed to contrast the fruits of the two parties, showing that during the past twenty-two years the Republicans had had control of the general government one-half or eleven years of the time and had reduced the public debt \$300,000,000.

It is not difficult to see the error that Republican politicians had in our just here. Among other things the paper currency of the South failed as a result of the war.

This has had much to do with prosperity at the North and poverty at the South, and when the contract is made, should be remembered. Dockery claims to have opposed the misrule of the Republican party from '68 to '70.

Let us repudiate Dockery, his doctrine and his entire ticket, State and county. If his speech at Holly Springs is a prelude to his resignation, let each deliver us. Shame upon any man who uses such methods in seeking so lofty a position as the governorship.

Gen. Stephen D. Lee, a distinguished Confederate officer, has just acted as a peacemaker between two quick-tempered citizens of Columbus, Miss. They fell out about a trivial matter, and a bitter correspondence and arrangements for a hostile meeting was the result.

JUDGE FOWLE AT ROBBINSVILLE. WITH MAJ. FINGER AND COL. DAVISON. AN ENTHUSIASTIC RECEPTION.

TOPTON, N. C., Aug. 14.—The writer was honored with a visit from Judge Fowle on the 11th, remaining over and resting Sunday. I took him to Robbinsville, Monday, where he was greeted with a large collection of enthusiastic Democrats.

Mr. Fowle made a short but practical and instructive talk, making no pretensions to oratory, but being extremely successful in his self. Especially did he impress the people with the importance of holding the Supreme Court against its publication.

After the speaking a Cleveland and Fowle club, with one hundred and forty members, was organized. Our Eastern people may rest content on the county government question, for the Western people will not fail to respond affirmatively on that issue.

Our Goldsboro Letter. GOLDSBORO, N. C., Aug. 17.—The people of Goldsboro have been amused at the action of the Board of Aldermen of New Bern in questioning against Goldsboro a man, woman or child has left Goldsboro on account of the yellow fever, not on account of indifference to the safety of wives, husbands and dear little ones, but because they were convinced there was no danger of the mild case of yellow fever.

The Board of Aldermen of New Bern had been officially notified by the mayor of Goldsboro, chairman of the Board of County Commissioners, city physicians and health superintendent that there was no case of yellow fever in Goldsboro.

RANSOM AT MOUNT HOLLY. His Reception and His Speech a Great Day at the Mount.

Yesterday was the biggest day Mount Holly ever knew, and about as large a one as that place may expect again for some time to come. The feature of the day was a discussion of political issues. Three speeches were made, two by Congressmen J. H. Gear, of Iowa, and B. W. Perkins, of Kansas, and one by Senator Matt W. Ransom, one of North Carolina's most distinguished sons.

Mr. Ransom made a short but practical and instructive talk, making no pretensions to oratory, but being extremely successful in his self. Especially did he impress the people with the importance of holding the Supreme Court against its publication.

From those who were present at the speaking in the forenoon the reporter learned that Messrs. Gear and Perkins were listened to in a most respectful manner, though they were at times interrupted by cheers for Cleveland. Both of these confederates remarked strictly to a discussion upon the tariff, though Perkins made an effort to array the blacks against the whites.

Now we come to speak of Senator Ransom. His appearance on the platform of the cast when it reached Mt. Holly, was the signal for a genuine oration. He was escorted to the hotel while arrangements for his speech were pending, and within a very few minutes the news of his arrival had spread far and near.

Senator Ransom then opened his speech proper. He regretted that he had not arrived in time to hear the speeches of Messrs. Gear and Perkins, and to meet them face to face before our people. He then asked the audience what questions had been discussed by these speakers, and the answers came up.

Senator Vance is very much gratified at the progress his youngest son is making in North Carolina politics. Young Vance is but twenty-four years of age, and is designated by his father as "the baby of the family." At a recent convention he was selected as one of the Presidential electors for the State.

A MODERN NINEVEH. A REVELATION ABOUT A WICKED LOUISIANA TOWN.

NEW ORLEANS, La., Aug. 17.—A special to the Picayune from Lafayette speaks, regarding the trouble in Abbeville. The town for some time has been infested with bad men and women, who openly defied the proprieties by shocking exposures of their immoral life. A party of young men, mostly clerks in stores in Abbeville, began a crusade against these people Saturday night by whipping with cowhides several men and women until they were blistered.

DR. ABERNETHY WITHDRAWS. HE REPLICATES THE THIRD PARTY. The following appears in the last issue of the Raleigh Chronicle: At the earnest solicitation of many friends, and after mature and prayerful reflection, I beg to withdraw my name as candidate for Superintendent of Public Instruction on the Prohibition ticket.

In the present situation, I earnestly advise the withdrawal of the prohibition ticket in North Carolina, and the support of Democracy in the present contest. We cannot afford to impose negro supremacy upon our fellow citizens.

W. D. Sutt, druggist, Hippus, Indiana, testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles and was cured of rheumatism of ten years standing."
