THE CHINESE.

THE PRESIDENT'S MESSAGE WITH RESPECT TO THEM.

IT IS SENT IN WITH THE CHINESE EXCLUSION BILL—THE REASONS FOR EXECUTIVE APPROVAL OF THE MEASURE—OTHER NEWS.

By Telegram to the News and Observer.

WASHINGTON, D. C., October 1.—The following is the President's message to Congress today with the Chinese bill:

To Congress: I have this day approved House Bill No. 11,336, supplementary to an act entitled "An act to execute certain treaty stipulations relating to the Chinese," approved the 6th day of May, 1882.

It seems to me that some suggestions and recommendations may properly accompany my approval of this bill. Its object is to carry into effect the exclusion of Chinese laborers from this country...

It was, however, soon made evident that the mercenary greed of the parties who were trading in labor of this class of the Chinese population was proving a strong force for the just execution of the law...

at once telegraphed to China, whether the original treaty had been sent immediately after its signature on March 12th...

By a note from the charge d'affaires ad interim of China to the Secretary of State, received on the evening of the 25th ultimo...

in the course of the negotiations, been settled in acquiescence with the request of the Chinese plenipotentiary and to his expressed satisfaction.

In 1886, as appears in the documents heretofore referred to, the Chinese foreign office had formally proposed to our minister a strict exclusion of Chinese labor from the United States without limitation...

On the 12th day of the same month, the Chinese minister, who was the plenipotentiary of his government in the negotiation and conclusion of the treaty...

CONGRESS.

PROCEEDINGS YESTERDAY IN SENATE AND HOUSE.

A MESSAGE FROM THE PRESIDENT ON THE CHINESE EXCLUSION BILL—MORE POLITICS—OTHER NEWS.

By Telegram to the News and Observer.

WASHINGTON, Oct. 1.—SENATE.—Among the communications presented was one from the Italian Minister at Washington acknowledging with gratitude on behalf of the people of Italy the preamble and resolution of the Senate accepting the bust of Garibaldi presented by Italy.

House bill (with amendments) to forfeit certain lands granted to the Northern Pacific Railroad Co.

House bill to construct a road to the national cemetery at Florence, South Carolina.

The President's message to Congress, announcing his approval of the Chinese exclusion bill and submitting some suggestions and recommendations on the subject, was laid before the Senate and read at length.

Mr. Sherman moved that the message be printed and referred to the committee on foreign relations.

Mr. Hale offered a resolution reciting the circular of Gen. Benet directing the discharge of Republican employees from U. S. arsenals, stating that under it honorably discharged soldiers of the Union army and the widows and daughters of soldiers have been discharged and directing the Secretary of War to transmit to the Senate forthwith full information as to such order, stating fully whether the necessities of the Departments required that the order should be issued, and why an order issued on public business should be marked "Confidential."

Mr. Cookrell objected to immediate consideration of the resolution and it went over till tomorrow.

The Senate then took up as "unfinished business" the Senate bill reported from the committee on public lands on the 30th of August, restoring to the United States certain of the lands granted to the Northern Pacific Railroad Company and was addressed by Mr. Berry.

Mr. Plumb replied to Mr. Berry. The debate was wholly between these two Senators, and was entirely political, turning on the land policy of the Democratic and Republican administrations and upon the tariff.

On motion of Mr. Dolph, the House bill on the same subject was substituted for the Senate bill, and then Mr. Dolph offered the Senate bill as a substitute for the House bill—the object and effect being the passage of the House bill with an amendment.

Pending action on the motion the bill went over till tomorrow as unfinished business.

On motion of Mr. Call, the Senate bill granting the right of way through the naval and military reservations near Pensacola, Florida, to the Pensacola and Memphis Railroad Company was taken from the calendar and passed.

The Senate proceeded to executive business, and at 2:30 adjourned.

By Mr. Wheeler, of Alabama, proposing a constitutional amendment providing that one third of the members of each house of Congress shall constitute a quorum.

By Mr. Phelan, of Tennessee, providing for the appointment of a board of yellow fever commissioners to investigate the sanitary condition of foreign infested places and to provide for the co-operation of Spain and Mexico.

By Mr. Lanham, of Texas, the following resolution: That it is the sense of this House that appropriate legislation for the prevention and suppression of trusts is imperatively demanded in behalf of the great body of American people...

By Mr. Abbot, of Texas, for the prevention of trusts.

REPORTS YESTERDAY FROM THE INFECTED POINTS.

ONE CASE REPORTED AT CALLAHAN. THE SITUATION AT GAINESVILLE, JACKSON, JACKSONVILLE, &c.—OTHER NEWS.

By Telegram to the News and Observer.

WASHINGTON, D. C., Oct. 1.—The Assistant Surgeon at Waycross, Ga., telegraphed to the Marine Hospital Bureau that there is a reliable report of one case of yellow fever at Callahan, Fla., and that he will stop all baggage from that place unless otherwise ordered.

Dr. Carlisle telegraphed from Gainesville, Fla., under date of September 30th, that there was one other new case there the day before, but no deaths.

A similar action was taken by Mr. Morrow, of California, with the Senate bill to increase the limit of the provision for a public building at San Francisco.

Mr. Sherman moved that the message be printed and referred to the committee on foreign relations.

Mr. Hale offered a resolution reciting the circular of Gen. Benet directing the discharge of Republican employees from U.
