WHAT SACKVILLE LETTER. By Telegraph to the News and Observer. SAN FRANCISCO, October 31.—Commenting editorially on the action taken by the President in having Lord Sackville informed that his presence is no longer acceptable to our Government, the Examiner (Democratic) says: "President Cleveland has taken the manly, straightforward course that is always natural to him. The agreeable and polite thing to do would have been to make a show of indignation and energetic action until the matter faded out of sight, but Mr. Cleveland is not apt in tricks of this kind. A thing that is serious enough to demand a pretense of action is serious enough in his mind to demand acting."

Canadian Opinion. Toronto, Oct. 31.—The Globe today in an article headed "Breakers Close Ahead" says: "Though Lord Sackville is a victim of a despicable trick, he is also a victim of his own folly. He stuck his nose into American home affairs by counselling an elector about how he should vote and influence others to vote. The United States Secretary of State argues with great force that the British Ambassador thus transgressed the amenities and necessary rules of diplomacy in such a degree as to warrant the authorities at Washington in demanding his recall. Accordingly Lord Sackville has been informed that he is no longer acceptable to the President and administration."

Referring to the report that the retaliation act is to be enforced against Canada, the Globe says: This will be a deplorable event and one, too, likely to breed very serious difficulties. Canada may be injured but cannot be disgraced by the President's resort to so aggressive a policy. No true Canadian will say that our government should "draw" for the sake of averting the blow. In other circumstances, perhaps, more than Canada has conceded already might be honorably yielded for good neighborhood's sake, but we would present a most ignominious figure in hurrying to surrender now to Washington threats. Almost anything would be better than that. The Globe has always sincerely endeavored to promote friendship between Canada and the United States. The Globe does not believe that Canadians should grovel on their bellies for friendship's sake."

On Saturday, Nov. 3d, Hon. Octavius Coker will speak at Okebury, Harnett county, on the political issues of the day. The local committee will please advertise this appointment. (Signed) SPENCER WHEATKES, Chairman.

Railroad Accident. SAINT PETERSBURG, October 31.—The official statement regarding the accident which happened to the Ocala train Monday has been issued. It is as follows: The train containing the Ocala and Czarina and suite left Tampa at noon Monday.

While passing through a deep gorge near Borki, the train left the rails. At the time the Ocala and Czarina were in the saloon car at breakfast, the rest of the train oscillated and the succeeding carriage keeled over. The saloon carriage, although remaining on the track was badly shattered. The roof fell in, and rested on a portion of the side, thus forming a shield for the occupants. It seems incredible that with such havoc any should have escaped unhurt, but God protected the Ocala and his family, who were taken from the debris uninjured. Some of the other occupants of the train received slight contusions. The only person seriously injured was General Sherman.

The Grandinian states that the train was drawn by two engines and consisted of several cars besides the saloon car. The latter was of massive construction. The train was running at the rate of sixty-five versts an hour. When the first engine left the track it ploughed up the road bed and imbedded itself in the earth. The second engine ran on the top of the first and was wrecked. They were occupied by court servants and railway officials, among whom Baron St. Jernvall, chief inspector of the railway, was badly injured. Gen. S. Vannoyki and Hoberwin, who were in the saloon carriage with the imperial family, received contusions. The Ocala and Czarina remained at the scene for some time giving attention to the injured. Towards evening they returned to Zozowaja, the last station they had left. The religious services have been held throughout the empire giving thanks for the escape of the imperial family.

The Imperial family passed over the Charokoff and Nicolai Railway last evening on their way to Gatchina. All were well.

BOSS QUAY IN A PASSION. He Refuses to Allow Gen. Harrison to go to New York and Review the Republican Times.

Senator Quay, according to the statements of his own fellow members of the National Republican Committee, is so pugnacious, not to say downright ugly, nowadays that it is almost impossible to live with him. John F. Plummer, E. A. Drake of the Stock Exchange, and some of the gentlemen who have charge of the getting up of the Republican business men's parade next Saturday afternoon, had a very unpleasant encounter with him on Saturday. In the innocent exuberance of their hearts, envious of the lack of the Democrats in obtaining President Cleveland's presence at their parade at about the middle of last week they asked Russell B. Harrison, General Harrison's son, who was visiting this city, to invite his father to come here and review their parade. Mr. Harrison joined with them in thinking that it was a good idea, and telegraphed his father urging him to come. Gen. Harrison reviewed favorably, and then a formal invitation was telegraphed him. He at once accepted with a single condition, which seemed to Mr. Plummer, Mr. Drake, and their associates to be a mere formality—that Senator Quay should consent. It turned out to be a stern and stormy reality. They waited upon Senator Quay and told him of their high ambition and exultant hopes of bringing their candidate from Indianapolis to grace their holiday with his presence. Senator Quay—so one of those who was present says—grew so angry in a second that he was really fearful to look upon. "I never thought a man could be so cross-eyed before," he remarked. "No," thundered the Senator, "Gen. Harrison shall not come here. He shall not leave Indianapolis, and they might as well forget the success of the campaign by bringing him here. He shall stay at home."

A rather exciting scene occurred, for some of the committee were not accustomed to being dictated to so coarsely, but argument and remonstrance were wasted on Senator Quay, and the project of being reviewed by Gen. Harrison had to be abandoned. The poor committee, though, were not out of their troubles yet. One of the more ardent members suggested that the real candidate was in Philadelphia, and they might have him for reviewer. "No," said a Mugwump member, "that won't do. If Mr. Blaine should review the parade it would drive all the Mugwump votes away from Warner Miller, and I, for one, want to see Mr. Miller elected." Others took the same view, and it was finally voted to invite Levi P. Morton to do the reviewing. Senator Quay was agreeable to that.

As a sop to Mr. Blaine's dignity Mr. Drake, the secretary of the committee, was directed to send invitations to the reviewing stand to him, and also to Col. Robert G. Ingersoll, Senators Everts and Hiseock, Warner Miller, Col. Oruger, and most of the prominent Republicans in the State. Mr. Blaine had already been announced to speak at Williamsburg next Saturday afternoon, while the

parade will be going on, and will consequently be unable to be on the reviewing stand.

Forty clubs will participate in the parade, and it is hoped that 25,000 men will march should the weather be fine. Every Democrat hopes that it will be.

Fatal Railway Accident. By Telegraph to the News and Observer. SALINA, Col., Oct. 31.—A serious accident occurred on the Villa Grove branch of the Rio Grande road, 18 miles from here, yesterday. The air-brake on the engine attached to the pilot gave out as the descent of the steep grade from Ponca Pass was begun, and the engine shot down the mountain at a terrific speed. On rounding a sharp curve, the engine left the track and went tumbling down the embankment twenty or thirty feet. Fireman Ludlow was instantly killed and Conductor Vinson had his leg torn open and died a few minutes afterward from loss of blood. Engineer Whitlock and brakeman Allen were seriously injured.

THE NOBLE OLD WOMAN. By Telegraph to the News and Observer. WHEELING, W. Va., Oct. 31.—Judge Thurman and party consisting of his son and a press representative left here at 10:25 o'clock this morning over the Baltimore and Ohio Railroad for Newark, Ohio, where the Judge will speak this afternoon. He will then go to his home at Columbus, reaching there at about 7:30 o'clock. After the Newark speech he will speak only once more in the campaign and then he will address himself to the miners at Nelsonville, Ohio.

Sackville's Successor Problem. By Telegraph to the News and Observer. WASHINGTON, Oct. 31.—Now that Lord Sackville is, by the action taken by the government of the United States yesterday, no longer minister to this country, the first secretary of the British Legation, naturally becomes official representative of the government of Great Britain. Mr. Edwards, first secretary, is absent, however, and will not return for some time so that Mr. Michael Herbert, who was recently made second secretary is now acting minister. Mr. Herbert recently arrived here from Europe and is to be married to a lady of New York, who will thus become mistress of the British Legation for a time.

At the British Legation silence is maintained on Lord Sackville's removal to see any one today and members of the Legation who were seen said that all was an uncertainty as to his departure from Washington.

Another Man Gone Wrong. By Telegraph to the News and Observer. PHILADELPHIA, Pa., Oct. 31.—Geo. H. Vandergrift, a well known conveyancer of this city, has disappeared, taking with him various sums of money given him by friends to invest in mortgages, and said to aggregate about \$15,000. He left his office on the 23d inst., since which time nothing has been heard of his whereabouts.

Railroad Smashup. By Telegraph to the News and Observer. SWEDENBORO, N. J., Oct. 31.—A train of seventeen heavy-laden cars on the Swedenboro branch of the West Jersey Railroad, carrying the Young Men's Republican Club of Camden home from a demonstration at Salem, was wrecked at 3 o'clock this morning about a mile below Clarkboro. Five of the rear cars jumped the track and three of them toppled over on their sides, but fortunately the train was running slowly and fatalities that might otherwise have occurred were prevented. The occupants of the cars were badly shaken up, but beyond a few bruises no one was injured. Great excitement prevailed among the occupants of the train till it was learned positively that no one was killed. The accident was due either to a broken rail or spreading of the track.

Washington Notes. By Telegraph to the News and Observer. WASHINGTON, Oct. 31.—The Acting Secretary of the Navy has detached Commander Allen D. Brown from duty at the Naval Observatory and ordered him to the command of the United States steamer Kearsage, now being repaired at Norfolk. She will be put in commission as soon as she is completed and sent to protect American interests in Hayti, which are said to have been endangered by the action of that government in seizing the steamer Haytian Republic.

Another Radical "Verity." Correspondence of News and Observer. YOUNGSVILLE, N. C., Oct. 31, 1888.

I have just learned that an article has appeared in some paper charging me with the killing of F. C. Holdrege, the Republican candidate for congressman, at or near the Baptist church in the town of Youngsville. In justice to myself and the Democratic party, I feel it my duty to make a contradiction. On the 23d of this month, in company with Mr. T. L. Moss, in my buggy, riding quietly and peacefully along the public road, F. O. Holden rode up to my buggy on horseback, and attacked me with language that no gentleman would take, when I hit him with my cane and he shot at me twice with a pistol. I had no weapon to defend myself. Neither one of us received any serious injury. Believing that this rumor was calculated to injure the Democratic party, you can publish this letter.

Very respectfully, W. K. MARTIN, JR.

THANKSGIVING DAY. THURSDAY, NOVEMBER 29TH, DESIGNATED BY THE PRESIDENT.

THE PROCLAMATION TO APPEAR TOMORROW—OTHER NEWS FROM WASHINGTON AND ELSEWHERE.

A RELIGIOUS DEMONSTRATION SUCH AS HAS NEVER BEFORE BEEN IN DURHAM—SAM JONES HAPPY. Durham Recorder.

Last night about 3,000 people wended their way through the rain and mud to Parrish's warehouse to hear the Rev. Sam Jones.

After Mr. Jones arrived, Prof. Excell sang a beautiful solo: "The road to heaven" and the choir and congregation joined in the chorus: "I'm going home." This was followed by a short secret prayer.

Mr. Jones said he did not feel like preaching, but would keep his seat and talk to the congregation from his chair. "I did not select a text. He wanted to ask every unconverted person in the building one question: "Why will you continue in sin? Why go away from this warehouse tonight an impenitent sinner?"

Mr. Jones then took up the following answers and discussed them most earnestly: "Don't know what sin is." "Ignorant of the nature of sin." "Don't know the consequences of sin."

"Don't think." "After awhile." "Recklessness." "Because a conquered peace has taken possession of the soul."

The preacher handled these questions in such a manner that soon no sinner had any standing ground and there was nothing left but a complete surrender to Christ.

Soon Mr. Jones became warmed up and words with no such power and bearing ever fell upon a Durham audience as did his as he walked to and fro upon the platform. With an agitated look and outstretched hands he cried: "Oh! my God! Am I preaching the funeral of some poor soul tonight, who, in spite of all our entreaties, will perish in the wrong, and before next Monday morning be in hell a damned soul, without hope forever?"

Thus the speaker went on, his words burning deep into the hearts of his hearers, until his audience was in agony and tears. He stopped and asked that while the choir sang every one who would make a start for heaven and wanted the prayers of christian people would come and give him their hand. A beautiful hymn was raised and thousands of voices joined in the singing. Then came a night never before witnessed here. Unweary souls with streaming tears by the hundreds filled the aisles with outstretched hands making their way to grasp the hand of the great evangelist. The sight was too much for the evangelist, who clasped his hands and shouted: "Hallelujah! Glory to God who reigneth!" Many in the choir joined in the shout, the tide swept over the congregation, the singing ceased and the shouts which followed almost made the roof of the old warehouse rattle. Christian people of all denominations and ages for one time joined in general praise to God, and their voices, intermingled with shouts and prayer, went heavenward as from a single soul.

No, Durham never saw such sights before and perhaps never will again, but the memory of last night's scenes will go with those who witnessed it to the grave.

THE DAY TO THE CAUSE. The Democratic merchants of Charlotte, we understand, have agreed to close their places of business Tuesday next and devote their whole energies on that important day to the work of securing the success of Democracy, of good and honest and economical government, of the cause of the white man in this State.

We commend their example to the merchants of Raleigh. Let us, fellow citizens, give one day to the cause on the success of which the prosperity of the whole community depends, in no theoretical sense, but actually, practically, assuredly. Let us devote ourselves wholly on election to the success of Democracy.

Have we forgotten the evils of Radicalism, the horrors of the Republican regime; can we ever forget that "hell broth" of political conditions? Can we afford a return to such a desperate state of things? Can we afford to run any risk of negro domination? Certainly not.

Let us to work then, now, and on Tuesday next let the stores and offices be closed and every man interested in the maintenance of good government and of the supremacy of the white man devote himself from sunrise to sunset to the work of securing the success of the Democratic party. The time thus given could not be better applied under any view whatsoever.

Speaking at Milburne. Mr. Josephus Daniels, and other prominent speakers will address the farmers and working men on the issues of the Campaign, "Bagging trust" and "Morton" State Bonds, at Milburne precinct on Friday November 2d. Let them have a rousing reception. Ed. CHAMBERS SMITH, Chairman.

About Registration. While there are new registrations in some other counties, there is no general registration in Wake, but a mere revision of the books.

The names of all persons who have heretofore been registered in Raleigh either at a general election or at the prohibition election are on the books. But if any one has changed his place of residence, he must register again, first getting a certificate.

It is always safe to see that your name is on the book.
