The message of the President, he said, had con-tained no sylable in favor of a free and honest election except as to the suppression of the votes of the colored people in the South. There was no evidence before the country of any such suppression; none had been communicated to Congress. It was simply a matter of inference. EXCLUDED FROM LADY STANLEY'S RECEP-TION AT GOVERNMENT HOUSE.

OTTAWA, Jan. 17.-A sensation was caused in the lobbies of the House of Commons tonight by the definite announcement of the Free Press that the cold shoulder had been given Mrs. George Foster, wife of the Minister of Finance, by Lady Stanley at the Government House, and that in the future as in the past Mrs. Foster will he excluded from select society at the Dominion Capital. Under the heading, "Mrs. Foster Boycotted," the Free Press makes the following statement:

The name of Mrs. George E. Foster, wife of the Minister of Finance, was omitted from the list of ladies invited to the reception which Lady Stanley intended holding last night for the wives and daughters of the gentlemen who attended the state dinner. When the list of in vitations was published and Mrs. Foster's name was not there, though her husband's was, it was supposed that an error had been made. Today when asked whether it was true that Mrs. Foster had been ignored by Lidy Stanley, Capt. Colville, Lord Stanley's military secretary, said: "It is quite correct."

"Osn you assign any reason for it?"
"No. She was not invited, that is

And so the matter stands. All the other members of the cabinet and privy counsellors were invited, but Mr. Foster was invited alone. This is said to be the outcome of a system atic social boycott to which Mrs. Foster has been subjected. It is said that the wives of two Cabinet Minis ters called upon Mrs. Foster shortly after marriage, and that they were severely reprimanded for so doing.
"If Mr. Foster stands that he is no

man," was the general comment on the boycotting business. "If his wife was not fit to be invited, he Our people have been awakened to should have been left out also," one gentleman remarked; "for surely they are equally to blame, if there is any blame in the matter."

"An ex-cabinet minister who at tended the State dinner, speaking on the subject, said:

"There was nothing else to be done. As I understand the matter, the wives of the other cabinet ministers have been subjecting Mrs. Fos- spplication.

ter to a social boycott. Now, how could Lady Stanley, or the authorities at Rideau Hall, ask these ladies snow storm, accompanied by a gale, to a reception where they would meet Mrs. Foster, when they have been trying to ostracize her, and how would Lady McDonald, and the others be able to justify their course toward Mrs. Foster if she was received and entertained at Rideau Hall? The parties whom Mr. Foster must blame. if he is to blame any one, are not the Rideau Hall people, but his col-leagues and their wives. When he found that his wife was ignored he should have resented it. A gentleman may sometimes with propriety overlook an affront offered to himself, but no man worthy to be classed as a will make a strike for a lucrative ofcation with the Pacific coast now is five as a way out of the trouble, and by the indirect route of the Pacific, no doubt his colleagues would be glad to make a sacrifice to get rid of him.
