THE OAK CITY STEAM LAUNDRY.

With fourteen months' experience, is here to stay. The defects in work by new machinery and inexperienced operatives has been overcome, and I intend to please customers, if possible, by giving first-class work, through the personal attention of the polite and efficient manager, Mr. Ed. A. Miller. Special attention given to commercial tourist work. Collars and cuffs can be sent by mail at one cent per ounce, and returned, when accompanied by postage stamps or money order to pay for work and return postage. Hotel guests will please mark "Steam Laundry" on the package to avoid mistakes and get your work in first class style. I give one of the many letters received complimenting the work, as follows: "The work sent me was all O. K., and was done up in first class style, and everyone to whom I showed it was well pleased with it. Here is a list for myself and two friends. Goods shipped by express today."
LOUIS F. NEWMAN,
Hotel LaFayette, Fayetteville, N. C.
Mr. D. S. Wait, the popular dealer in clothing and gent's furnishing goods, has taken the agency and will receive packages or the Laundry or take orders for the wagon to go to any part of the city for laundry work.

AGENTS WANTED in every town in North Carolina with 5,000 inhabitants who wish to wear nice linens, which adds greatly to any gentleman's or lady's appearance. Liberal commissions. Correspond with me.
AGENCIES ESTABLISHED.—C. D. Osborn, Oxford; T. J. Lamb, Durham; Rosenbacher Bros., Winston and Salem; James Massenburg, Henderson, who will forward work to the Laundry and have returned free of freight charges.
Laundry corner Salisbury and Jones streets. Telephone No. 112. Office at my store, No. 307 South Wilmington street. Telephone No. 87.
L. R. WYATT, Proprietor.

THE TARIFF BILL.

The Senate Finance Committee and the Opponents of the Tariff Bill.

By Telegraph to the News and Observer.

WASHINGTON, June 5.—The opening of the doors of the Senate finance committee to importers yesterday has had the effect of bringing down upon the committee hosts of people interested in the tariff bill. In consequence of the demands of this class the committee made no progress this morning in the consideration of the schedules of the bill. Moon, of the firm of Washburn & Moen, Worcester, Mass., was before the committee for a short time advocating free steel blooms and the revision of duty on wire, a reduction on some grades and an increase on others.

A tremendous pressure is being brought to bear upon the committee to secure a change in the paragraph fixing the duty on leaf tobacco suitable for cigar wrappers at \$2 a pound if not stemmed, and \$2.75 a pound if stemmed. The paragraph makes a whole bale of tobacco in which a single leaf suitable for wrappers may be found, dutiable at rates named. There was a delegation of Florida cigar makers before the committee today urging that there be a change so that only leaf suitable for wrappers shall be subject to a high rate of duty. It is believed that the committee will report the amendment which, while affording adequate protection to native tobacco growers will at the same time enable the manufacturers of Havana cigars in this country to continue their business, which has grown to great proportions.

Later in the day the Republican members of the committee will get together and resume consideration of the schedules of the bill, probably taking up liquors. Senator Aldrich says that it has been decided to grant no more hearings.

VESSEL BURNED.

The Crew Picked up by Another Steamer.

By Telegraph to the News and Observer.

NEW YORK, June 5.—The steamer Nacoochee, Capt. Smith, from Savannah, which arrived today, reports that on the 3rd inst., at 7 a. m., latitude 33.8, longitude 78.31, she sighted a vessel on fire and bore down to her. The Nacoochee fell in with the burning vessel's crew, thirteen men and one woman, in an open boat and picked up the crew and their boat. The vessel was burned to the water's edge, so the steamer did not go to her, her captain saying no good could be done by doing so. The burned vessel proved to have been the steam schooner Louis Bucki, Capt. Hansen, from New York, May 30th, for Jacksonville, Fla., with coal oil and general merchandise. Capt. Hansen stated that the fire was discovered at 2 a. m. June 3rd; that after laboring several hours in attempts to get it under control the crew were forced to abandon the vessel in the only one of their boats that could be got at. All are well. The Louis Bucki was a three masted schooner of 4,167 tons register. She was built at Middletown, Conn., in 1881, and hailed from New York.

A SUDDEN STORM.

Railroads Badly Damaged—Cattle Killed—Corn Crops and Gardens Ruined.

By Telegraph to the News and Observer.

DES MOINES, Iowa, June 5.—Reports received at the railroad offices in this city say: The Milwaukee and Rock Island Railroad sustained severe losses at Weston, Underwood and Persia, and all the trains are suspended on both roads. The stock train on the Illinois Central plunged into a washout at Ackley yesterday with seven car loads of cattle, over 100 head being killed. The storm about Adair was worst than ever known there. Heavy clouds rolled up from the northwest in the evening, and by 10 o'clock, the wind blowing a hurricane, and rain fell in blinding sheets. The corn was badly washed out, and the orchards and gardens are ruined in many places.

MT. CARROLL, Ill., June 5.—This city has been practically shut off from the world since yesterday. Plum river is raised by rains till it reached higher than it has been for twenty-eight years. The crops are flooded, and the damage will amount to thousands of dollars.

A Dastardly Outrage.

PARIS, June 5.—La Grand Chartreuse, a famous monastery in the Department of Isere, fourteen miles from Grenoble, has been much damaged by an explosion of a quantity of dynamite. This dastardly outrage was the work of design, and is believed to have been done by persons living in the locality, who took that means of venting their anger at the failure of the attempt made by them to extort blackmail from the Monks in charge.

The fund raised in Georgia for the benefit of Mrs. Jefferson Davis amounts to \$7,632, of which she has thankfully acknowledged the receipt, stating that the money is to be invested in the Davis Land Company stock.

THE SILVER BILL.

It is to be Pushed Through the House Under Gag Rule.

By Telegraph to the News and Observer.

WASHINGTON, D. C., June 5.—Mr. McKinley, from the committee on rules, reported a resolution providing that the House shall proceed immediately to the consideration of House bill 5381 (silver bill), and that the consideration shall continue until Saturday at 3 p. m., when the previous question shall be considered as ordered. The previous question having been ordered on the resolution, a forty-five minutes debate was allowed.

Mr. Blount, of Georgia, had no objection to the time limited for debate, but he was informed that the chairman of the committee on coinage, weights and measures would be allowed to offer all amendments which were admissible under the rules of the House. After these were offered there would be left no opportunity to the minority to offer any amendments. There would be given no opportunity on the part of the minority to ask the House to vote on the free coinage of silver.

At the Republican caucus last night there was much discussion; and it was necessary to whip in friends of free silver, by means of this resolution. It was a wicked shameful outrage on the minority. There were many men on the other side of the chamber who would vote for free silver but for fear of the President. The President was in accord with the Secretary of the Treasury and both were in accord with Wall street.

If the President and enemies of free silver were driven to trampling under the rules of the House, it was a humiliating sight to American citizens. If a majority and the President yielded to the money power, the masses of the people would hereafter dictate and enforce legislation in their interests.

The resolution making the silver bill a special order was adopted—yeas 120, nays 117. Mr. Blount voted in the affirmative and moved a reconsideration, which motion was tabled—yeas 124, nays 118.

Mr. Blount said that there was no doubt but that a large majority of the House was in favor of unlimited coinage of silver. In order to prevent that fact from appearing on record, it was proposed to gag every Democrat in the House and many of the Republicans. Every gentleman who voted for this resolution voted against free silver. The man who had not the manhood and independence enough to stand up against this gag rule was an unfit representative.

Mr. Cannon said that the resolution was to simply a proposition that under the rules of the House, the House should proceed at once to consider a bill of great interest to the country. The minority could offer every amendment to the bill that they could under the general rules. The minority which was now clamoring for free coinage had held the House on the 49th and 50th Congress, but had passed no bill for free coinage. They could not now fool the country or even fool themselves.

Mr. Springer said that the Democratic House had passed a free coinage bill; that the Senate had limited it; and that the House had been obliged to accept that limitation. It had been vetoed by President Hayes and passed over his veto. He wanted to call the attention of the country to the fact that the situation was this: That no amendment was to be offered to the bill except such as might be suggested by the chairman of the committee. He denounced this action as one intended to prevent the representatives of the people from carrying out the will of the people.

Mr. Williams, of Illinois, said that the resolution was intended to prevent the majority from legislating. He appealed to the members on the other side who favored free coinage to stand by the interests of their people.

Mr. McKinley, said that the resolution was intended to give the House of Representatives an opportunity to pass some silver legislation and give the country a silver bill which would be in perfect response to the general sentiment of the country. If the gentlemen on the other side wanted to vote on free silver they could move to recommit with instructions to the committee to report back the free coinage clause.

The resolution was adopted. Yeas 120; nays 117.

The Republicans who voted in the negative were Anderson of Kansas, Bartine, Connell, DeHaven, Heathstone, Funston, Kelly, Marrow, Hermann and Townsen of Illinois. No Democrat voted in the affirmative.

Mr. Blount changed his vote to the affirmative, and moved a reconsideration.

Mr. McKinley moved to lay this on the table. Agree to—yeas 124, nays 118.

The bill having been read, Mr. Conger, of Iowa, offered the caucus bill as a substitute.

Mr. McComas moved to amend the substitute by adding to section six the words "and the purchase of silver bullion shall be suspended

while it is being so deposited for coinage.

Mr. Taylor, of Illinois, offered an amendment to the original bill providing that if the net amount of silver bullion received shall be less than two millions in any one month the Secretary of the Treasury shall on the preceding month purchase different amounts to supply the deficiency.

Mr. O'Donnell, of Michigan, moved to amend the amendment by striking out \$2,000,000 and inserting \$3,000,000. This exhausted all amendments which can be offered under the rules; and although Mr. Bland was on his feet demanding recognition he was ignored by the Speaker.

Mr. Conger took the floor and explained the bill and stated what was expected to accomplish.

Messrs. Williams, of Illinois, and Lanham, of Texas, spoke in opposition to the bill and Mr. Taylor, of Illinois, favored it.

Pending debate the House adjourned until 11 a. m. tomorrow.

Indians on the Warpath.

By Telegraph to the News and Observer.

MILWAUKIE, June 5.—A special to the Evening Wisconsin, from Shawano, Wisconsin, says 1,500 Indians armed with Winchester rifles on the Menominee reservation have driven the Indian agent off. Trouble is feared.

DENVER, Col., June 5.—J. H. Holt, a cattle dealer of Wyoming, arrived here this morning, and gives an account of the Indian massacre, which occurred in the Upper Green River country several days ago. He says that the party of Indians that had become intoxicated with whisky, furnished by a ranchman, came to the camp of the Government surveyors and demanded more "firewater." It being refused the Indians attacked the party, killing Chief Engineer Critenden, in charge of the third division of the government survey, and chain bearers E. W. Timberlake, Geo. Woods and Henry Cervermer. Jesse Lee, assistant engineer, was left on the field for dead, but recovered sufficiently to get to a neighboring ranch, where he lies in a precarious condition.

FOREIGN MATTERS.

The British Parliament Rejects the English Channel Tunnel.

By Cable to the News and Observer.

LONDON, June 5.—In the House of Commons today the bill for the construction of a tunnel under the English channel from England to France was rejected by a vote of 234 to 153.

Sir James Ferguson, Parliamentary Secretary for the foreign office, stated that the government had official cable dispatches from Newfoundland, stating that there has been no landing of a French armed force at St. George's Bay or elsewhere on the island. The commander of the French war ship had requested the removal of certain nets in St. George's Bay. The request, Sir James said was justified. No threats had been used. The people of Newfoundland had not refused to pay taxes unless they were supported in their position by the government, although resolutions relative to the subject had been adopted.

I. O. B. B.

By Telegraph to the News and Observer.

RICHMOND, Va., June 5.—The convention of the Grand Lodge of the Independent Order of Bnai Brith met this morning at 10 o'clock. Simon Wolfe presented a resolution looking to the admission of women as members of the order. It provides that the question shall be submitted to the lodges of the various districts; that two-thirds of the lodges having voted in the affirmative, the matter shall be made a part of the constitution, if so decided by the executive committee.

Resolutions of thanks were returned to the Governor of the State, Mayor of the city and local orders for courtesies extended.

Jasper Abrahams was elected president of the court of appeals. The convention decided to meet in 1895 at Cincinnati.

IN THE SENATE.

The Silver Bill—Private Pensions and Liquor.

By Telegraph to the News and Observer.

WASHINGTON, June 5.—Among the bills reported from the committee and placed on the calendar was the House bill to establish a national military park at the battle field of Chickamauga.

The silver bill was taken up and Mr. Hiscock addressed the Senate in opposition to the free coinage of silver. The discussion was continued by Messrs. Teller, Stewart and Aldrich. The bill then went over.

Several private pension and bridge bills were taken from the calendar and passed.

Mr. Blair introduced a bill to prohibit the export of alcoholic liquors to Africa and the islands of the Pacific ocean. Referred.

Adjourned.

W. H. & R. S. TUCKER & CO.

We are offering some special good things in Black Lace Flounces. Just a few too many we are feeling.

The Pullman Car Tax Case.

In the Pullman Palace Car tax case which was argued before Judge Seymour at chambers night before last, General Counsel Rannels asked for farther time to file a brief on the question of the jurisdiction of the federal court, the State having claimed that the Federal Court had no jurisdiction in the matter. The time was granted and Mr. Rannels has returned to Chicago. He will prepare his brief and forward it to Judge Seymour when a decision in the case will be rendered.

The Raleigh Knights of Pythias will in a few days pay a visit to the Durham Lodge.

The annual "Chapel Hill German" will be given by the Monogram Club tonight at Henry Hall.

Rev. Thos. Dixon will deliver his lecture—Playing the Fool, at Metropolitan Hall on Tuesday night, June 10th, and already there are names spoken for.

What few industries we have in Raleigh are in full operation. The wages the operatives receive help trade and keep business moving. There are no flies on Raleigh.

A proposition will be made to the Board of Aldermen to purchase instruments of the brass band. We really think it would be far better to invest in a city dispensary for the purpose of furnishing medicine to our destitute poor than to undertake to run a brass band.

Nash square looks lively, and work is progressive along Martin street towards the new depot. The hill in front of Mr. Batchelor's residence could come down about six feet, and by the time the new depot is ready, we expect it will be graded that much and paved in approved style. Let us have no logs around the new depot.

Blackberry Wine.

I have for sale a few barrels of strictly first-class blackberry wine. A pure, home-made article, rich and clear. C. L. Blacknall, Kittrell, N. C.

Special Meeting.

There will be a special meeting of Mantoo Lodge No. 8, I. O. O. F., tonight, at 8 o'clock. Work in the initiatory and first degrees. All Odd Fellows invited.

The Tilden Estate.

By Telegraph to the News and Observer.

NEW YORK, June 5.—Judge Black today affirmed in the Supreme Court the decision of the general term in connection with the Tilden trust. He holds the bequest illegal and void and directed the executors to account for the entire residuary estate and to pay over to Col. Geo. H. Tilden his proportion of the property. The case will probably be appealed.

River and Harbor Bill.

By Telegraph to the News and Observer.

WASHINGTON, June 5.—The Senate committee on commerce is working on the river and harbor bill and will be ready to report to the Senate the last of next week. Present indications are that the total amount of appropriations will not vary greatly from the total of the bill as it passed the House.

A Girl Who Has Slept Two Months.

By Cable to the News and Observer.

AMBOY, Ill., June 4.—Grace Gridley, the nineteen-year-old daughter of a prominent business man, has been sleeping soundly for nearly two months. She went to bed in her usual health the night of March 15th and could not be roused from sleep the next morning. After sleeping about a week she roused up somewhat, and, getting out of bed, walked over to a rocking chair, where she immediately went to sleep, and has not awakened since. Her cheeks are rosy and breathing regular, and her sleep is seemingly as normal as that of an infant. All attempts to arouse her are fruitless. She is fed regularly with liquids. Her case puzzles all the doctors.

Mrs. Canfield.

Durham Sun.

Some time since a Mrs. Canfield, of Kansas, who we believe is a sister of Senator Ingalls, while the guest of a Southern family in Nashville, Tenn., in a letter expressed the hope that "some time she might have the pleasure of looking down from a corner of the sky, and seeing black feet on white necks."

Well, figuratively, she has got it, and did not go to the sky for it, either. She recently was a candidate for the position of School Director, and was beaten by a colored woman.

No "Christian Name."

N. Y. Times.
Thoughtful St. Cecilia, when the cherubim visited her, prayed then to be seated, and their reply was "Avec plaisir, chere dame, mais nous n'avons pas de quoi." The first of the queries put me in the eleventh census is in regard to my "Christian name." How on earth can I give that?

Census Taker (with his little list)

—Have you any children, madam?
Madam—Two girls.
—Black, white, octoroon, Indian, Chinese, or Japanese?
—"Sir!"

Charleston Entertains the North Atlantic Squadron.

By Telegraph to the News and Observer.

CHARLESTON, S. C., June 5.—The Dolphin and Kearsage of the North Atlantic Squadron arrived here this morning from Port Royal. The cruiser Baltimore and Tolena arrived also but their draft prevents them from entering the harbor. A deputation from the city council and chamber of commerce visited the fleet today and extended to Rear Admiral Gherardi and officers of the squadron the hospitality of the city. Admiral Gherardi and thirty officers accepted the invitation to lunch at the rooms of the chamber of commerce tomorrow. The squadron will remain here until next Sunday and the officers have been invited to many private receptions.

International Bank.

By Telegraph to the News and Observer.

WASHINGTON, June 5.—The House committee on banking and currency today discussed the proposition recommended by the Pan-American Conference of the establishment of an international bank. No action was taken and the general belief was that as no incorporators were mentioned in the pending proposition the committee would be obliged to confine itself to reporting the measure allowing anybody two of its responsible citizens to take out the charter.

The Kemmler Case.

By Telegraph to the News and Observer.

The Kemmler case now goes to the Court of Appeals, the sole point left at issue being the legality of the execution of the sentence of death by the Warden at Auburn prison. The legality of execution by electricity is now established, but there is some doubt as to whether the sentence can be carried out by any one but the Sheriff or his deputy.

Transferring the Squadron of Evolution.

In order to correct certain misapprehensions in regard to the matter, Secretary Tracy desires to have it known that the order transferring the squadron of evolution from Europe to Brazil emanated directly from the President, and was not the individual act of Commodore Ram say while acting as Secretary of the Navy.

Death of the Inventor of the Gatling Gun. A Cincinnati dispatch says: Alfred T. Perrine died in the city hospital last night of typhoid pneumonia in practically destitute circumstances. He was the inventor of the Gatling gun, for which he is said to have received \$30,000. He was at one time worth \$150,000, but lost in speculating. He has lived in Cincinnati during the last five years.

Mr. Tarsney Renominat ed.

Hon. John C. Tarsney, Representative in Congress of the fifth Missouri district, was yesterday nominated by the Democratic convention to succeed himself. His was the only name before the convention.

Francis W. Hill, of Exeter, the Democratic nominee for Governor of Maine, is 69 years of age, and extensively engaged in farming and railroading. He was a Representative in the Legislature in 1879 and Senator in 1881 and 1882.

Oxford the Coming Town.

What four great crops paid best last year?
Tobacco, cotton, sugar and rice.

What paid largest profits of these four?
The golden tobacco of North Carolina.

What did it pay?
From \$100 to \$600 per acre.

Thousands of farmers made this. What can these farms be bought for?
From \$20 to \$30 per acre.

What is the great market town of this tobacco?
Oxford, Oxford, Oxford.

Is it growing?
Has doubled its population in three years.

Is property high there?
Conservative men have kept it reasonable.

Can it be bought?
50x100 feet lots in the most desirable localities sell at \$100 to \$300 and you get also two shares of stock in the Oxford Improvement Co., for which you pay \$20 and the balance in 8 equal instalments on call of directors.

What will make the stock worth par?
The proceeds of sales of other properties owned by the Company, bought at very moderate prices first hand and worth large advance; the enhanced value of its town property; the development of its property by new railroads to go through it; the new warehouses building; the increase on 10,000,000 pounds annual sale of yellow tobacco; its steady and rapid growth, new factories and good management.
