WE HAVE ILLINOIS.

No Doubt Left of the Democratic Victory There.

By Telegraph to the News and Observer.

CHICAGO, Nov. 7.—At last the returns from the State of Illinois have become sufficiently complete to announce decisively the result of the State ticket. The Democrats have won and Edwin S. Wilson of Olney, is elected State Treasurer by 11,436, and Henry Roab, of Belleville, Superintendent of Public Instruction by 36,144. No complications have been made yet on the trusteeship of the University of Illinois, but the indications are that the three Democratic nominees have been elected by a slight majority. Complete returns leave no doubt that the entire Democratic State ticket is elected. The returns which furnish this result are official from all the counties except eight. These have been carefully estimated as they have heretofore generally given the Democrats a majority there. There can be no doubt that the vote announced is substantially correct. The full returns to-day show that in addition to the gains heretofore announced Congressmen Payson and Hill have also been defeated and Snow and Stewart, Democrats, elected. In response to a request for information both Hill and Payson have telegraphed the Associated Press conceding their defeat, the former by 650 and latter by from 500 to 700. This makes the congressional delegation from Illinois stand four-teu Democrats and six Republicans.

CHICAGO, Nov. 7.—The Tribune's (rep.) figures give the standing of the next State legislature on joint ballot as follows: Republican 102, Democrat 99, Alliance 3.

The Inter-Ocean (rep.) makes it Republican 101, Democrat 101, Alliance 2.

Daily News (ind.) figures it: Republican 101, Democrat 100, Alliance 3.

The Times (dem.) adds the Alliance men to the Democratic list with the following result: Republican 100, Democrat 104.

The Herald (dem.) has it: Republican 101, Democrat 102, Alliance one.

The full official returns will probably be necessary to determine the exact standing of the legislature.

Destructive Storms in England.

By Telegraph to the News and Observer.

LONDON, Nov. 7.—A heavy storm prevails throughout Great Britain and Ireland and much damage has been done. The rain is falling incessantly and in many sections the country is flooded. The down-pour is accompanied by a high wind and reports have been received of many houses being unroofed by the gale. The storm is especially severe off shore. Telegrams from the various points along the coast state that an enormous sea is running and that a number of coasting vessels have been wrecked.

Advices from Belfast state that a report has been received that a yacht foundered in the Belfast lough and that its owner, a Scottish nobleman, was drowned.

Left Nothing Behind.

By Telegraph to the News and Observer.

NEW YORK, Nov. 7.—Thomas Harper, president and treasurer of Harper Bros. Co., manufacturers of decorated lamps and shades at Barclay and Church streets, and Wm. Harper, manager of a factory at Vanwert, West Chester county, have disappeared, leaving debts reported at \$50,000. Executions against the company for \$1,300 and against the Harpers for \$3,300 are in the hands of the sheriff, but there is nothing to attach. It is said they collected all the cash they could and raised money on a note before they disappeared.

Killed by a Cartridge Explosion.

By Telegraph to the News and Observer.

NEW YORK, Nov. 7.—Five men in the employ of the navy yard were handling ammunition at Fort Wadsworth, Staten Island, this afternoon, when a cannon cartridge exploded. Nathaniel Chapman, of Brooklyn, was instantly killed; Fred Cook, of Staten Island, injured, and George Heimas, J. J. Keenan and John Davis, all of Brooklyn, were severely burned and otherwise injured.

Switchmen on a Strike.

By Telegraph to the News and Observer.

CHICAGO, Ill., Nov. 7.—A dispatch from the Free Post, Ills., says a switchman in the employ of the Illinois Central Road there went on a strike last night, causing considerable delay to trains. They want an increase of wages. The Chicago officials say the strike is a small matter; that only nine men went out and that their places will be filled.

A Terrific Explosion.

SHANGHAI, Nov. 7.—A terrible accident occurred at Taiping-Fu, at which place is situated the government mills for the manufacture of powder. The cause of the explosion is not known.

A HOTEL BURNED.

A DESTRUCTIVE CONFLAGRATION AT OWENSBORO.

Five People Believed to Have Perished in the Flames and Others Badly Injured--A Loss of Two Hundred and Fifty Thousand Dollars.

By Telegraph to the News and Observer.

LOUISVILLE, Nov. 7.—A special to the Courier-Journal from Owensboro, Ky., says: Owensboro was visited last night by the most destructive fire in her history, and when the debris is cleared away and order reigns it is feared the conflagration will be found to have been attended with loss of life. At one o'clock the fire had destroyed property to the amount of \$250,000 and is still burning. At that time it was believed that at least five persons had met with their death under the falling walls while others were seriously injured in jumping from the burning buildings. The fire originated in a pantry in the basement of the Rudd House, a handsome modern hotel which was filled with sleeping guests. The fire had gained considerable headway before it was discovered, and then it rapidly gutted the house. The guests awoke and ran out into the streets in their night clothing while many crazed by fear jumped from the windows of the hotel. Among these were two ladies and a child both of whom were badly injured. William H. Hohn, who jumped from the third story window of the Rudd House, fell on his back and is fatally injured. Five guests of the Rudd House who are missing, are believed to have been burned to death. While sleeping Charles Liebert, traveling salesman from Philadelphia, and Charles Bareford, of New Albany, had a narrow escape and were badly burned. A high wind was blowing at the time the fire originated and after the flames reached the Bank of Commerce building, next door, and that with the buildings occupied by Marks & Degan, grocers, and Quicks & Erl & Co., merchant tailors, was soon in ashes. The building on the corner occupied by the Owensboro Messenger, with its costly outfit, was next attacked and in a few minutes destroyed. The fire then spread around the corner and burned the buildings occupied by Marker's saloon, Smith, butcher, Williams, furnishing goods, John Reinhardt, furniture, Wadler's fine stone building, and D. A. D. Evans' livery stable.

After daylight this morning the six missing persons were found. There were several narrow escapes from burning noted. Chas. Bareford, of New Albany, and Charles Leiberick, of Philadelphia, were badly and probably fatally burned. The loss will probably reach \$150,000.

Mills a Candidate for Speaker.

By Telegraph to the News and Observer.

CHICAGO, Ill., Nov. 7.—The Associated Press is in receipt of the following dispatch from Roger Q. Mills in reply to an inquiry as to whether he would be a candidate for the Speakership of the next House of Representatives: "Coriscana, Texas. To William Henry Smith, Chicago: To your telegram of yesterday, I answer I shall be a candidate for the Speakership of the House of Representatives of the Fifty-second Congress. ROGER Q. MILLS."

Oregon.

PORTLAND, Oregon, November 7.

—Complete and incomplete returns from all but three counties in the State of Washington give Wilson, rep., for Congress 18,030; Carroll, dem., 13,021. As the vote throughout the State was light, this is thought to be considerably more than half of the total vote. Wilson's majority in the State will probably be between 7,000 and 8,000. In 1889 Wilson's majority was 9,947. The legislature now stands—Senate: rep. 31, dem. 2, doubtful 1; House: rep. 61, dem. 17.

Minnesota.

MINNEAPOLIS, Nov. 7.—The election of Halversen (Alliance) to Congress from the 5th District is now conceded. The corrected returns, mostly complete, from 76 out of 79 counties in this State, give Merriam a plurality of 1,290. The collections received today are mostly in favor of Wilson, and an official count will probably be necessary to decide.

Connecticut.

HARTFORD, Nov. 7.—The official vote of the State by the first returns, which cast out the Prohibitionist vote in many towns, show that Morris has 57 plurality with the Prohibition vote. He is defeated.

Minnesota.

MINNEAPOLIS, Nov. 7.—The latest returns from South Dakota show the result to be an Alliance victory, and that Loucks is elected Governor. The legislature will also be Alliance. Republicans concede the defeat of Senator Moody.

BOLD WORK.

A Train of Seven Coaches Wrecked by Robbers.

By Telegraph to the News and Observer.

KANSAS CITY, Mo., Nov. 7.—A special to the Star from Sedalia, Mo., says: Train, No. 3, westbound on the Missouri Pacific, was wrecked by train robbers three miles east of Ottaville near Notorious. The train consisted of seven coaches, including mail, express and baggage. The robbers had removed the spikes, bolts and fish plates for a distance of three rail lengths and placed crossbars under the rails so that they would spread when the engine touched the loosened rails. It jumped the track, broke loose from the tender and ran fifty feet on the ties and turned over. Fireman Lyon jumped and escaped injury. Engineer Jno. Boyd stuck to his post and received a severe wound on the back of his head and had his hand badly cut. The tender turned across the track throwing part of the mail car thirty feet to the side of the track. There were four postal clerks in the car, and all were slightly injured. J. D. McCarty, one of them, received severe injury to his right leg. The baggage and express cars were completely wrecked. The smoker, which was filled with passengers, was turned upside down, and the car badly smashed. Strange to say not one of the occupants was severely injured. Two chair cars jumped the track, but did not turn over. The Pullman was the only coach to remain on the track. The engineer had stopped the train a short distance from the wreck to make a repair on his engine, and the train was moving only about eight miles an hour when the engine struck the loose rails, to which fact is no doubt due the miraculous escape of the passengers and train.

Dillon and O'Brien.

PHILADELPHIA, Nov. 4.—Dillon and O'Brien, the Irish leaders, were given their first public reception in America at the Academy of Music, this city, tonight, a large and enthusiastic crowd being present.

The party arrived in this city this afternoon on a special car attached to one of the regular express trains on the Pennsylvania Railroad from New York. They were accompanied by Robert M. McWade and Michael J. Ryan, who were appointed reception committee to bring their patriotic guests to this city. On their arrival they were driven to the Stratford Hotel.

The party consists of John Dillon, M. P.; William O'Brien, M. P., and wife; T. S. Sullivan, editor of the Dublin Nation, and wife; T. P. O'Connor, editor of the London Star; T. P. Gill, M. P., and Timothy Harrington, secretary of the Irish National League in Ireland.

Col. A. K. McClure, editor of the Philadelphia Times, presided at the meeting, and Postmaster John Field acted as treasurer. The Academy was elaborately decorated with the national colors of America and Ireland, and on each side of the stage large oil portraits of Gladstone and of Parnell were hung. Pictures of Irish heroes and shields with Irish mottoes were conspicuous among the decorations. The Irish-American clubs paraded in a body with torchlights and escorted the guests from their hotel to the Academy. The immense building was crowded in every part, and on the stage sat many prominent citizens of Philadelphia. Archbishop Ryan occupied a private box and Mrs. Parnell, the mother of the Irish leader, was also present. All of the male members of the party made addresses, the principal speeches being made by Messrs. Dillon and O'Brien, who gave vivid accounts of the suffering in Ireland and described the vigorous coercive measures in operation there. The call for pecuniary aid from the friends of Ireland resulted in the production by Mr. Field of a subscription list which footed up \$12,885.71.

The announcement of this amount produced great enthusiasm. At the close of the speechmaking a reception was held on the stage by the visitors and hundreds of people pressed forward and shook them by the hand. Another meeting will be held at the Academy tomorrow night at which Governor Beaver will preside.

Green Haired Men in Nevada.

There is a curious effect wrought on the hair and beard of men engaged in the Martin White mine at Ward. The ore is roasted, but no disagreeable perfumes arise from the heating process, yet there is some unknown substance that changes the hair, beard, and eyebrows as green as grass. The hair is not injured, but retains its softness and gloss. It is probable that fumes of the green tint of copper contained in the ore change the hair to that color.

Mrs. Grover Cleveland will accompany her husband to Columbus, Ohio, next week to attend the Thurman banquet. While there they will be the guests of Governor and Mrs. Campbell. This explodes the story which recently obtained extensive publication in Northern and Western papers that an unfriendly feeling existed between the Cleverlands and Campbells.

INTO THE SLEEPER.

A TERRIFIC CRASH AT THE JUNCTION OF TWO TRACKS.

A Train Standing on One Track is Run Into by a Train on the Other Track and a Sleeper Demolished--People Scattered About and Severely Hurt.

By Telegraph to the News and Observer.

CINCINNATI, Nov. 7.—A miraculous escape from death by the occupants of a Jacksonville, Fla., sleeping car, on the Cincinnati Southern road, happened at Junction City, at 3:38 o'clock. The Louisville and Nashville Railroad crosses the Southern at this point, and when train No. 8, of the Southern road, reached the station on schedule time and stopped at the usual place, the middle sleeper of the three was directly across the track of the Louisville and Nashville. On the latter road a heavy freight was coming from the west. It should have stopped two hundred feet from the crossing until the track was clear, but for some reason the freight train did not stop. It is said the brakes would not work, and that the grade was steep. At any rate, the train came rushing on and struck the sleeper in the centre, the engine ploughing through, breaking the car to pieces and throwing the occupants right and left, on either side of the track. The engine left the track, and crashed into the baggage room of the Louisville and Nashville depot. Fortunately the wrecked car did not take fire, and no one was killed outright. The injured are: Herbert F. Touisley, Belvidere, Ill., concussion of the brain; Mrs. S. W. Wheeler, Milwaukee, knee cut, slight; Jennie R. White, three years old, Milwaukee, injured about the head. These are at Junction City, Ky., under medical treatment. D. J. Wheeler, Findlay, Ohio, slight scalp wound and bruise on the neck; Fred A. Sholar, boy, Findlay, O., slight bruises; Davis B. Sholar, Findlay, O., compression of the chest. These three are able to travel, and will reach this city this afternoon. W. T. Hardie, Jacksonville, Fla., general freight agent of the Savannah, Florida and Western, badly injured about the spine; B. N. Austin, assistant general passenger agent of the Northern Pacific, St. Paul, Minn., badly injured internally. These two were brought to this city on the delayed train and were taken to the Good Samaritan Hospital. A sad feature of Austin's misfortune is that he had gone to Jacksonville, Florida, to take home the body of his mother, who had recently died, and her body was in the baggage car at the time of the accident. Austin was in great pain during his journey to this city, and as he moaned he thought he was dying and said: "I shall soon join my mother."

McLean, conductor of the sleeper, was slightly injured, as was also the engineer of the freight train.

E. L. Northrup, of Elliottsville, N. Y., was a passenger in the wrecked sleeper. He arrived here today and said he could not account for the escape of anybody in the car. The engine crashed through it with such force that the whole car was in ruins and the sleeping passengers thrown promiscuously among the debris. The delayed train reached Cincinnati three hours late, a little after ten o'clock today.

The Men for a Town.

Roanoke News.

The only men of worth to a town or community are those who forget their own selfish ends long enough, and who are liberal enough in their ideas, to encourage every public and private enterprise; to push all projects calculated to build up the town and enhance its importance. The enterprise and push of a town or community is in the foundation of its permanent success. A town may as well prepare for its funeral as to become indifferent to the enterprise in its midst. Men who come to a town to make it their future home, who cannot look far enough before them to see that money placed judiciously in a public enterprise will bear a hundred fold in the appreciation of their property are to be pitied. They are not the men to put their shoulder to the wheel and build up the town. They are the class who are ready to take all they can of some one else's building enterprise, but they are not willing to do anything themselves.

Senator Harris on the Force Bill.

MEMPHIS, Tenn., Nov. 6.—United States Senator Isham G. Harris, of Tennessee, who is in the city, was asked by a reporter what effect the result of Tuesday's election would have on the passage of the force bill by the Senate. He answered: "I am of the opinion it will intensify the Republicans and make them more determined than ever in attempting to force its passage. It may, however, result in their abandonment of the bill." Continuing, the Senator said: "The election Tuesday was the greatest revolution ever chronicled in politics. While I was sanguine of the Democrats having a safe working majority in the next Congress, I never anticipated such a Waterloo for the Republicans."

Mr. McMillan Suggested.

NASHVILLE, Tenn., Nov. 6.—The Nashville American publishes a leading editorial urging Hon. Benton McMillin for Speaker of the next House.
