THE OAK CITY STEAM LAUNDRY,
RALEIGH, N. C.,
ESTABLISHED IN 1888.

Has grown steadily in popular favor until its reputation for first-class work is second to none in this country North or South. It has achieved its present position by turning out the best work, and it proposes to maintain it in the same old-fashioned way. Good work, prompt delivery and the guarantee of satisfaction is the motto for the future as in the past.

TO MERCHANTS it makes a specialty of collars, cuffs, Unlaundered, New or Soiled Shirts for stock, and as for these only the best finish is acceptable. It is prepared to give satisfaction in work as well as price. The demand for Oak City Steam Laundry work comes from all quarters, and to meet it we have established agencies as follows: T. J. Lamb, Durham, N. C.; W. B. Allen, Winston-Salem; J. C. Thomas, with A. Landis & Son, Oxford; John W. Pusey, Henderson; W. C. McDuffie, with T. W. Broadfoot & Co., Fayetteville, and desire to further establish agencies in every other town in N. C., and to that end invite correspondence from parties in position to handle the business satisfactorily.

Mr. Ed. A. Miller, the efficient and attentive manager, is still in charge and ever ready to please his many customers and friends.

Fight Declared by an Alliance Paper.

By Telegraph to the News and Observer.
KANSAS CITY, Mo., Nov. 12.—In its weekly issue the Farmers' Advocate, the official paper of the Farmers' Alliance, or people's party of Kansas, has the following to say of the future of the party: "We shall at once commence to marshal the hosts of the people for the conflict of 1892. In this great work there are many prejudices to be overcome. Sectional lines must be abolished. The interests which are identical must be brought together, and the combined forces of the agricultural and laboring classes must be consolidated against the forces of corporations, monopolies, trusts, syndicates and moneyed aristocrats who have for years feasted upon the substance of the people. The coming contest will not take place between the North and South sections of our country. The interests of the people of the West and South are identical, and their political forces must be consolidated against the power of corporate greed. It has been and is the holy mission of the Farmers' Alliance to subvert the sectional prejudice which has been kept up by professional politicians in the interest of monopoly. It is full time for this nation to become united."

Condition of the N. A. R. R. Co.

By Telegraph to the News and Observer.
NEW YORK, Nov. 12.—Wall street, 11:55 a. m.—The stock holders of the North American R. R. company met in the Mills building to-day and the statement is authorized that the company has but few creditors, that they are all strong financially and have agreed to see the company through and that the assets of the company are wholly intact. The sterling exchange market is very dull and prices nominal. Bankers show little disposition to do business owing to the high rates for money. The Bank of North America was creditor at the Clearing House to-day and the officials state that they are again in good shape. At 12:30 the suspension of F. C. Walcott & Co., was announced on Exchange.

The Emperor of Germany Speaks.

By Cable to the News and Observer.
BERLIN, Nov. 12.—The Emperor opened the Diet of Prussia to-day. In a speech from the throne his Majesty said that in view of friendly relations Prussia had with all Foreign States, which relations have been further strengthened this year, the country could look forward with confidence to a further preservation of peace. The speech also announced that bills would be introduced for reform in taxation, for the organization of Provincial Councils, and for the establishment of elementary schools. It also affirmed that the finances of the Kingdom are in a satisfactory condition.

Revolution in Honduras.

By Telegraph to the News and Observer.
WASHINGTON, Nov. 12.—A telegram, dated Guatemala City, has been received at the State Department from United States Minister to Central America Misner, stating that a revolution is now in progress in the capital of Honduras. The president of that republic has been driven from the city, but is now collecting a force of troops, and is expected to make a fight for the recapture of the government.

Democrats Have a Chance in Dakota.

By Telegraph to the News and Observer.
CHICAGO, Nov. 12.—A special dispatch from Pierre, S. D., says: A local paper publishes a list of the members-elect of the Dakota legislature, from which it appears the Republicans are a tie with the Democrats, Independents and Fusionists. On joint ballot in a contest the majority will vary one or two either way. This jeopardizes the return of Moody, Republican, to the United States Senate, and will, perhaps, be the means of electing a Democrat or Independent.

Plaid Manufacturers in Session.

Special to the News and Observer.
CHARLOTTE, N. C., Nov. 12.—A very important meeting of the Southern Plaid Manufacturers of the South convened here to-day. The meeting is largely self-constituted, delegations being here from every State in the South where the noise of a loom can be heard. It is learned that the object of the meeting is to regulate the prices of plaids, and to effect a permanent organization of Southern plaid men.

Separate Assignments.

By Telegraph to the News and Observer.
NEW YORK, Nov. 12.—Charles M. Whitney, Frank M. Larcher and Eden S. Larcher, three members of the brokerage firm of C. M. Whitney & Co., 96 Broadway, which assigned yesterday, filed separate assignments this forenoon to Geo. H. Quintard, who is also assignee of the firm.

THE HORIZON CLEAR.

THE FINANCIAL SITUATION MORE HOPEFUL.

The Critical Period Passed Yesterday on the New York Stock Exchange Without any Additional Failures—A Feeling of Confidence Returning.

By Telegraph to the News and Observer.

NEW YORK, Nov. 12.—Wall street, at 11 a. m., the stock market again opened with tremendous business, but prices were as a rule 1 to 3 per cent. higher than the closing figures yesterday, reflecting the general impression that the worst had passed. Buying was very urgent, and the first tendency of prices was to advance, resulting in further gains of 1/4 to 1 per cent., in which the Western Union, Burlington, Union Pacific and some of the specialties were conspicuous. Villards, and especially Northern Pacifics, were conspicuously active and strong. On enormous dealings, common rose 1 1/2 and preferred 2, the general list, however, soon yielded to the pressure to sell, and the influence of further sales under the rule of Northern Pacific, North American, St. Paul, and a few others for brokers, who failed yesterday, a downward movement became more pronounced toward the close of the hour, and the market became feverish and weak. There was a rally at 11 o'clock, and the market became very active and firm to strong, but generally below the opening prices.

President F. D. Tappan, of the Wall Street Bank and a member of the New York Clearing House Committee, said to an Associated Press reporter at 11 o'clock:

"Our committee is now in session signing certificates for banks which require them, but the indications are that the issue will be very small, say probably not more than \$5,000,000, which, when compared with the issue (twenty-seven millions) in 1884, is, you can see, a mere trifle. There is nothing in the situation so far as effects associated banks that is at all disturbing, and there is not the slightest reason to anticipate any disturbance in the finances of this country. Our action of yesterday in deciding to issue Clearing House certificates was merely precautionary, so that if a crisis should come we would be prepared for it. We did not anticipate any such disaster, but believed it to be a part of wisdom to forestall rather than have to meet it. We are entirely satisfied that the situation will improve."

The London market today is quieter. American securities were lower and slightly weaker. There are rumors of failures in view of the fact that London is regarded as the main factor of the situation. It may be important to know that bullion is being shipped from many financial centres to that point. Half a million silver bars go forward today on steamship Saale, and cable advices state that Russia has sent 2,000,000 francs gold and will send 2,000,000 additional.

NEW YORK, Nov. 12.—Wall street, noon—Money is tight at 4 per cent. per day and interest. The stock market developed new strength after 11 o'clock and while money was loaning at 4 and interest prices rose materially and everything traded in reached the highest prices of the morning. The extreme feverishness of the first hour still continued but better tone was noticed all over the list. Another advance in the latter portion of the hour sent Northern Pacific to 21 and preferred to 62. Although these prices were not held longer, trusts were comparatively quiet and sugar up 2 1/2. At noon the market was active and strong. Generally at best prices of morning.

NEW YORK, Nov. 12.—The market is firm to strong and the free-buying movement is in progress. The failure of Walcott & Co., which is an old firm, and was generally considered solid, had no effect whatever in dealings. During the entire morning the general tendency has been toward better prices and with the exception of stocks, which were rather feverish, the entire list shows an advance from 1 to 6 per cent; of the latter, Northern Pacific preferred.

1 p. m.—Under influence of sales under the rule the market has somewhat declined from the best prices lacking support from London. The market is quiet with a comparatively steady tone.

NEW YORK, Nov. 12.—2:30 p. m.—The critical period of the day on Exchange—delivery hour—passed without announcement of any additional failures, and the financial horizon is decidedly clearer.

3 p. m.—Money on call has been stringent, ranging from 3 to 5 1/2, with last loan at 6.

The stock market in the last hour was marked by increased animation, with the usual sharp fluctuations and general rising tendency, although only in Louisville were there any material advances. Later, however, grangers became a feature, and Rock Island touched 70, and St. Paul 49 1/2. The market closed active

and strong, at about the best prices of the day.

NEW YORK, Nov. 12.—A bank examiner has taken charge of the North River Bank. This is the State bank. W. G. McCormack & Co. state that the failure of Decker & Howell is not so bad as was at first supposed, for the reason that they had out a good line of shorts, which will bring their liabilities down considerably on the final settlement.

One small failure was announced late, Benj. K. True, stock broker, but little notice was taken of it.

PHILADELPHIA.

PHILADELPHIA, Nov. 12.—The market largely followed the course of the New York market. There is little excitement in Philadelphia, but offices here are filled with people who have not been seen on the street in a long time and are looking for bargains.

Foreign News.

By Telegraph to the News and Observer.
TIPPERARY, Nov. 12.—The magistrate's court here today changed the venue of the conspiracy case from Tipperary to Clonmel. Counsel for the defendant made a vigorous protest against this action but they were overruled. Court then adjourned till tomorrow.

LONDON, Nov. 12.—The British cruiser Serpent has foundered off the coast of Spain. The fate of her crew is unknown. The Serpent was a twin-screw vessel of 1,770 tons and 4,500 horse-power. She carried six guns.

The Serpent was lost twenty miles north of Cape Finistere. Out of a total of 250 souls on board only three were saved. The Serpent went on the rocks during the storm Monday night. A heavy mist prevailed at the time. Owing to the violence of the storm it was impossible to send assistance from the shore. The tremendous seas swept the decks of the vessel, carrying away group after group of men. News of the wreck was conveyed to Carunna, a distance of 60 miles, over mountain roads. The Serpent's complement was 170 officers and men. The others on board were going out to relieve men now on ships on African stations.

The Adams Express Company Shuts Down on the Lottery.

By Telegraph to the News and Observer.
NEW YORK, Nov. 12.—The board of managers of the Adams Express Company today held their first meeting since the passage of the United States anti-Lottery act. The board were unanimously of the opinion that the provisions of such law were as morally obligatory on the company as they were legally binding upon the postal authorities.

The attention of the board was called to the fact that the Post office department had issued regulations to all its subordinates as to the manner in which they should effectuate the provisions and interest of October, and the board adopted a resolution making such regulations applicable to employees of the company as if such employees had been specifically named therein.

New York's Census.

By Telegraph to the News and Observer.
WASHINGTON, Nov. 12.—Mr. Kenney, representative of the Mayor of New York city, called on Superintendent Porter today at the census office and presented to him a resolution recently adopted by the common council of the city requesting the superintendent to furnish Mr. Kenney, for their use, a list of the names of the persons in the Second Ward enumerated by the census enumerators in June last. As this request came from the representatives of the municipal government of the city as contemplated by law, it was at once granted by Mr. Porter, who instructed the chief of the population division to furnish the names as requested.

The Inter-State Commerce Commission.

By Telegraph to the News and Observer.
NASHVILLE, Tenn., Nov. 12.—A Chattanooga, Tenn., special says the Inter-State Commerce Commission reached this city last night and commenced this morning to hear the complaints and charges of the Chattanooga merchants as to railroad discrimination in freight rates. Almost every line connecting here will be represented by its general freight agent and counsel. A bill of complaint has been ordered by the local board of trade and will be presented.

Jealousy Results in Murder.

By Telegraph to the News and Observer.
MONTGOMERY, Ala., Nov. 12.—At a dance in Avondale, Ala., last night, Nathan Terry and Washington Brown quarreled about a girl. Brown told Terry not to dance with the girl again, but the latter did not heed the warning. While he was waltzing with her, Brown walked up and shot him twice through the body, inflicting wounds from which he died shortly afterwards.

Alabama Legislature.

MONTGOMERY, Ala., Nov. 12.—The house Democratic caucus last night nominated for speaker N. N. Clements. The caucus on Federal Senator will be held next week.

SHOT HIMSELF.

WALTER HESTER, A WELL KNOWN DRUMMER.

Kills Himself with a Pistol on the Train Between Keysville and Greensboro—His Father Suicided Before Him.

Special to the News and Observer.

GREENSBORO, N. C., Nov. 12.—Walter Hester, a well known young shoe drummer, shot himself in the head with a pistol on the train between this place and Keysville last night. Death was instantaneous. He was arrested here yesterday for flourishing a pistol around the McAdoo House and when released late yesterday evening he telegraphed his mother at Winston that he was coming and she and his sister went to the depot, there to meet him after a long absence. Their grief at finding him a corpse by his own hand was heart-rending. Several years ago young Hester's father committed suicide on account of business troubles.

Charles Bartine, the circus man who made an assignment to Mayor Steele at High Point yesterday, played a sharp game on his employees. It was to prevent them from running attachments that he made the assignment, he then persuaded them to give him receipts in full for their claims against him, telling them that if thus relieved him he would continue filling his other dates, and pay them off at once. They did this, and his assignee released the money on hand, and Bartine left leaving about fifty of his employees penniless. The elephant and camels that were sent here yesterday were shipped North tonight.

Relief for the Banks.

By Telegraph to the News and Observer.
WASHINGTON, Nov. 12.—The Secretary of the Treasury today authorized the assistant Treasurer at San Francisco to receive deposits of funds from bankers desiring to transfer the same by telegraph to the assistant Treasurer at New York. This is done to enable persons in New York having funds in San Francisco that are not needed there to transfer them for immediate use in New York. The Department will also accord this privilege to other points at which there are sub-Treasurers should it act as the means of affording any relief at the present time.

Cumberland Fair.

Special to the News and Observer.
FAYETTEVILLE, Nov. 11.—The Cumberland Fair opened today with fine weather, and the best all round exhibit in twenty-five years. Everything points to a tremendous crowd, visitors already having begun to pour into the city by every incoming train. Thursday and Friday are the big days, and several thousand are expected tomorrow. Special trains will be run over all the railroads, and nothing will be left undone to make it pleasant for our visitors. The city presents the usual holiday attire.

The Sugar Trust.

By Telegraph to the News and Observer.
NEW YORK, Nov. 12.—The receivers of White & Slocum, of the Sugar trust, have taken possession of all the property and affairs of the trust and have established their headquarters at 117 Wall street. They have appointed John L. Hill, of Lockwood & Hill, Edwin Lauterback, of Hoodley, Lauterback & Johnson, as their attorney and counsel.

Where Will it Stop?

By Telegraph to the News and Observer.
CHICAGO, Ill., Nov. 12.—Democrats in the Rock Island legislative district now claim that W. C. Collins, Republican, of that city, who received a majority of the votes, is ineligible, not having been a resident of this State for the statutory term. If this claim should prove correct, it would give a Democratic majority on the ballot for United States Senator.

GOV. FOWLE'S PROCLAMATION.

A Call Upon the People of North Carolina by the Governor to Observe Thanksgiving Day.

Gov. Fowle yesterday issued the following Thanksgiving Proclamation:

State of North Carolina, Thanksgiving Proclamation by the Governor:

Since the independence of the American colonies was secured there has been no period of our history as a State in which Divine Providence has blessed us with more abundant returns for labor or indicated more clearly His purpose to preserve our civil and political liberties.

Now, therefore, that public acknowledgment of our gratitude to Almighty God, for His great goodness to us as a State and people, may be made,

I, Daniel G. Fowle, Governor of the State of North Carolina, do hereby appoint Thursday, the 27th day of November, 1890, as a day of public Thanksgiving and Praise, and I earnestly recommend that the people of the State assemble on that day at their usual places of worship and return thanks for the great prosperity which has been vouchsafed to us and for the innumerable blessings which we enjoy.

And that every heart may be gladdened, let us remember the widow and the orphan, the disabled soldier, the poor and the afflicted, whom He hath made dependent upon our care, and contribute liberally of our means to the institutions which have been organized in our midst for their maintenance.

In testimony whereof, I have hereunto set my hand and caused to be affixed the great seal of the State of North Carolina, at the city of Raleigh, this 11th day of November, in the year of our Lord, one thousand eight hundred and ninety, and in the one hundred and fiftieth year of our American independence.

DANIEL G. FOWLE,
By the Governor:
S. F. TELFAIR,
Private Secretary.

THE BOARD OF ALDERMEN.

A Proposition for Gas Lights for the Streets—Street Matters.

The board of Aldermen met last night in called session. Mayor Thompson being absent Mr. Pulaski Cowper was called to the chair to preside.

The street committee reported recommending that the work of opening North street be prosecuted at once. The report was adopted. The committee also recommended that the grading of West Martin street preparatory to paving be begun which was carried. The committee recommended the appropriation of \$450 for a street sweeping machine. After some discussion the recommendation was carried. Other recommendations of the committee to attend to some needed improvements on several streets were adopted.

The light committee reported that a request had been received from Messrs. A. Williams & Co., that they be allowed to place in the street a tank to supply a Springfield gas plant to light their store. The request was referred to the light committee for action.

A proposition was read from Mr. Collier, of the Sun Vapor Street Light Company, of Canton, Ohio, who was present, offering to furnish gas lights of 16-candle power, to burn on dark nights, all dark hours, at \$13.75 per lamp per annum, payments quarterly, such lights to be kept in order. Alderman Bagwell moved that a contract for one year be made for these lights in addition to the present lights of the city.

After some discussion as to the terms of the contract, Mr. Collier explained that the lights would be kept burning on dark nights, bright moonlight nights not to be included. Mr. Latta moved as a substitute that the proposition be referred to the mayor and the light committee. Mr. Leach amended the substitute that the committee be requested to report on the proposition in thirty minutes.

The question came up on Mr. Latta's substitute which was adopted, and the committee was instructed to report as early as practicable. A report of Chief Engelhard, of the Fire Department, recommending fire precautions in certain sheds and awnings about the city, was read and disposed of.

Mr. Yancey, of Yancey & Stronach, was present, and requested that his firm and Messrs. Barber & Johnson be allowed to keep vehicles in front of their doors. Mr. Latta referred to the fact that there was an ordinance against this, and Mayor pro tem. Cowper stated that this was true, and that the privilege could not be granted. The matter was referred to the street committee.

Alderman Snelling stated that the resignation of Mr. Samuel Wilder, of the First Ward, had been tendered, and moved that Mr. Walter W. Parrish be elected in his stead, which was carried.

The Board then adjourned.
