### FOOLISH DEPOSITORS

Still Swarm Around the Citizens' Savings Bank of New York.

By Telegraph to the News and Observer. NEW YORK, Nov. 21.—The run on the Citizens' Savings Bank, southwest corner of the Bowery and Canal street, started Wednesday, continued in full force today. President Edward A. Quintard and other members of the committee on the finances of the institution, held a meeting at the bank this morning. There had been some talk among the panic-stricken depositors that the officers of the bank might avail themselves of the rule which reads: "No person shall have a right to withdraw any part of the amount that may be due to his credit unless he has ninety days previously given personal notice to the bank of the amount he wishes to withdraw." To do away with any impression of this sort the finance committee held a session at the call of President Quintard and decided by a unanimous vote to pay out to the depositors their money just as fast as they could. The doors of the bank were thrown open at 9:45 o'clock, and at that time the line of anxious depositors reached several squares.

### Affairs in Honduras.

By Telegraph to the News and Observer. NEW ORLEANS, Nov. 21.—The steamer, City of Dallas, of the Morgan Line, has arrived from Port Cortez, bringing the latest intelligence of the revolt in Spanish Honduras. Her Captain, has. Hardie, says: "I understood that though the army of Bogran was victorious, the victory was due to the valor of the Americans, who numbered about fifty miners under Major E. A. Burke, of New Orleans, and James Imboden. We arrived in port on the 11th, left on the 15th. About an hour before we left a telegram was received by Gen. Kraut from President Bogran proclaiming peace, and acknowledging the gratitude of the nation to the Americans for turning the tide in the favor. Gen. Sanchez was not captured and executed as reported. He died game. His son, captured and reported to have been executed, was the last man whom Bogran supposed would turn traitor to him, as he was his confidential adviser and close friend."

### Railroad Officers Elected.

### Drivers' Demands Refused.

By Telegraph to the News and Observer. BRAZIL, Ind., Nov. 21.—The demand made by the drivers and draymen employed in the Block mines for an increase in wages to \$2 per day have been refused, and the men have struck. The operators claim that to grant an advance would be to disturb the market, and be in violation of the yearly agreement. About 2,000 miners were thrown out of employment, and the situation is becoming serious.

### THE GHOST DANCE.

#### THE INDIANS GROWING MORE EXCITED.

Keeping up Their Weird Dancing Carnival—Other Tribes Joining in—The Aspect Looking More Threatening.

By Telegraph to the News and Observer. PENN RIDGE AGENCY, S. D., Nov. 21.—The dancing Indians have the agency and the surrounding country in a state of terror. The ghost dances under the lead of Little Wound, Six Feathers and other chiefs are still going on at Wounded Knee Creek, White Clay and Medicine Root. The Indians have their guns strapped to their backs as they dance. Yesterday a large band of Indians left Rosebud and headed this way. There is a possibility that the dancing Indians may consolidate their forces at Wounded Knee and in that case the fight may be expected at any minute. Medicine Root, the further point from the agency where dancing is going on is thirty miles away. Wounded Knee fifteen, Porcupine twenty-five. General Brooke, who is in command of the troops which arrived yesterday, held a long consultation during the day with Indian Agent Royer and Indian Agent Cooper. It is probable that with the force at hand no attempt will be made to stop the dancing at present. Both the Indian agents say at the conclusion of the interview that the situation is certainly grave. They confirmed the reports that the armed Indians are dancing at different points, and said parties were probably moving about the reservation. Several days will be passed by troops and agents in making a study of all the phases of the excitement, but until troops are here in greater force the reds will not be molested. The wives and children of all the traders and the other whites about the agency have left for safer points along the railroad, and the men here are prepared for work.

### TO THE IRISH PEOPLE.

By Telegraph to the News and Observer. NEW YORK, Nov. 21.—The members of the Irish Parliamentary delegation send out this circular: The Irish people are now face to face with the determined and powerful attempt organized by Balfour and a number of Tory and Liberal Unionists, capitalists in England and landlord syndicates in Ireland to starve out the Irish organizations and evicted tenants by simultaneously increasing the vigor of coercion and the number of evictions. So resolute and merciless is this combination that at the very moment when, according to the government itself, large portions of Ireland are menaced with severe distress, wholesale evictions are being carried out. The chief purpose of the mission of the Irish delegates to America is to counteract the last desperate assault by an appeal to the generosity of the American people for moral and financial support. The amount of sympathy and interest already manifested in their mission has exceeded their most sanguine expectations.

### OFFICIAL REPORT FROM PINE RIDGE.

WASHINGTON, D. C., Nov. 21.—The following telegrams bearing upon the situation at the Pine Ridge Indian agency were received at the War Department:

CHICAGO, Nov. 21.—The Adjutant General of the army at Washington, Brooke, arrived at Pine Ridge this morning. The Indians are much excited, a large number coming over from the Rosebud agency, 50 miles distant. The ghost dance still continues. (Signed) MILES, Maj. Gen'l Comm'dg.

### OTHER INDIANS CATCHING THE CRAZE.

CHICAGO, Nov. 21.—The Adjutant General of the United States Army at Washington has reliable information that the Yanktons and Grosventres, on the upper Missouri, also those near Old Fort Belknap, have unanimously adopted the Messiah craze. The latter are behaving quite ugly. Sitting Bull has sent emissaries to these tribes and to forty-eight lodges of the Sioux north of the British line, exciting them to get arms and ammunition and join other warriors near the Black Hills in the spring.

Every effort is being made to allay and restrain the turbulent, but any violent, overt act of any small party of the desperate ones may cause a general uprising. The latest reports from the Northern Cheyennes is that they have abandoned the delusion. There should be no delay, however, in putting other troops than those in the two departments in proper equipment for the field. (Signed) MILES, Maj. Gen. Commanding.

### St. Louis, Mo., Nov. 21.

Adjutant General of the Army: Your telegrams of this date directing that the cavalry and light artillery at Fort Riley be held in readiness if required for service in the departments of the Dakota and Platte received. (Signed) MERRITT, Brig. Gen. Commanding.

### THE MESSIAH CRAZE SPREADING.

WASHINGTON, Nov. 21.—Such information as was received today at the War Department was not reassuring. In the course of the afternoon the following telegram was received from Gen. Miles:

### CHICAGO, Nov. 21.

To the Adjutant-General of the Army, Washington, D. C.: The number of Indians going from Rosebud Agency to Pine Ridge Agency is increasing. Reliable advices are that this Messiah craze is extending to our Indians near the Montana border, and between the Sioux nation and the Canadian border. (Signed) MILES, Commanding.

### Secretary Proctor carries the dispatches to the White House when he attended the cabinet meeting at noon, and they formed the subject of discussion at the meeting afterwards.

Maj. Gen. Schofield, commanding the army, was in consultation with

### THE SECRETARY FOR AN HOUR RESPECTING THE CONDITION OF THE INDIAN AFFAIRS.

Secretary Proctor says that the suggestion made by Gen. Miles that the troops in the other divisions than his own command be gotten in readiness to reinforce him has already been anticipated. Orders have been sent to the commanding officers of troops as far south as Texas and Arizona, and as far west as California to prepare their men for immediate movement if the emergency arises. In any event it is the intention of the department to heavily reinforce the troops in Dakota during the winter and they will be moved in from other divisions from time to time so as not to overtax transportation and supply facilities. In this way it is expected that the department will be able to mass an overwhelming force of troops at agencies where the excitement is at its height so as to effectually suppress an Indian uprising in the beginning.

### FLOCKING TO WYN.

Advices from Eureka state that the settlers of Eureka and Campbell counties are flocking into that place on account of the well defined rumor that the Sioux will take the war-path tomorrow. Five hundred people from the country are now in Eureka. Lagrange in Missouri is completely depopulated. It was reported early this morning that two men had been shot and scalped by the Indians in Campbell county but this is not credited here. The sheriff of Campbell county writes that there is a large body of Sioux on the east side of Missouri. The people are generally excited and are appealing to Gov. Mellette and Mayor Moody, of this city for arms, &c.

### THE DURHAM PAPERS OF YESTERDAY EVINCING CONTAINED ACCOUNTS OF A TERRIBLE RUNAWAY TRAGEDY THERE YESTERDAY. THE GLOBE SAYS:

The particulars of an accident to two of Durham's well known ladies spread over the city like wild-fire this morning. A report was floating that Mrs. C. J. Wingate had received serious, if not fatal injuries, by leaping from a carriage. Mrs. W. L. Wall had also leaped from the carriage, but her injuries were slight. This was the first report. Eager citizens hastened to learn particulars. Then came another report that while Mrs. Wingate was in an unconscious condition, that Mrs. Wall was dying!

This additional shock was soon followed by the melancholy announcement that Mrs. Wall was dead.

At this writing it is impossible to learn any particulars and vouch for their truthfulness. As nearly as can be ascertained, the sad accident happened as follows: Mrs. Wall and Mrs. Wingate started out calling between 10 and 11 o'clock this morning in the carriage of Mrs. Tom Jones. After getting seated in the vehicle and before leaving the door of the former's home, from which point they were to set out, they discovered that they had left their cards, or thought they had, in the house. The driver was sent back to bring them and before he returned they discovered that they were mistaken and had their cases with them.

They called to the driver to inform him of this fact, and the horses being naturally of a spirited nature, thinking that they were spoken to started off at a rather brisk pace before the driver could reach his seat. The ladies became alarmed and Mrs. Wall jumped from the carriage in front of the home of Mr. Ben Duke sustaining serious injuries and being taken home in a senseless condition.

Mrs. Wingate kept her seat until she reached the Farmers' Alliance plug tobacco factory, when she too jumped also hurting herself very seriously. She was taken up and carried into the office of the factory of Mr. E. J. Parrish and Mrs. C. W. Down, who had been out driving, changing to pass about that time stopped and staid with her until 12 o'clock, then they were relieved by Mrs. Kramer and other sympathizing friends who hastened to the scene.

The horses kept on their race until they reached Green street, when Mr. Woodard Holloway, who was at work in Holloway's blacksmith shop, rushed out and stopped their mad career. As soon as the news spread a crowd of anxious friends gathered at the bedside of the injured ladies.

Mrs. Wall remained in a dying condition until about 2 p. m., when she breathed her last. Deceased was about 40 years of age, and leaves a husband and three children, besides a number of other near relatives, to mourn her loss. Her oldest daughter, Mary, who is attending school at St. Mary's, Raleigh, was telegraphed immediately after the accident and will arrive this evening.

At this hour, 3:45 p. m., Mrs. Wingate is conscious, but the physicians say that they cannot tell how seriously she is injured. She is spitting blood and it is feared that internal injuries may prove fatal.

The NEWS AND OBSERVER chronicles the tragic death of Mrs. Wall with profoundest sorrow and extends its sincere sympathy to the bereaved family. Mr. Wall is a highly esteemed citizen of Durham and occupies a position in the office of Mr. J. S. Carr in the Blackwell Tool Factory.

AURORA, Ill., Nov. 20.—A corset saved a life today. Mrs. Jenn M. Bigger put some coal in the kitchen stove in which some one had carelessly left a loaded cartridge. The ball otherwise would have passed through her body.

### BURNED WITH VITRIOL.

A Wife's Revenge Upon the Woman Who Captivated her Husband.

New York Herald. Miss Mary Brown, of No. 49 Mulberry street, Newark, caused the arrest yesterday of Mrs. Mary Anderman, of No. 52 Parkhurst street, on a charge of atrocious assault and battery.

When Miss Brown appeared in court she was suffering intense pain from vitriol burns. Her face is disfigured for life. Miss Brown was accompanied in court by James Anderman, husband of the accused woman.

It appears that Mrs. Anderman was informed recently that her husband was attentive to Miss Brown, and she watched the couple and decided upon a plan for revenge. She purchased a small bottle of vitriol, and, placing it in her pocket, waited until she could find Anderman and Miss Brown together. She met the pair on the street on Tuesday evening, and after spilling the contents of a tin kettle over them she uncorked the vitriol bottle and raised her arm to throw it.

Miss Brown threw up her hand to shield her eyes and received a shower of the liquid upon it. The vitriol struck her cheeks, chin and other portions of her face and burned its way nearly through the flesh to the bones.

When Mrs. Anderman was arrested yesterday afternoon she denied throwing the vitriol, but admitted assaulting the pair with the kettle. She was locked up at police headquarters to await a hearing.
