THE OAK CITY STEAM LAUNDRY,
RALEIGH, N. C.,
ESTABLISHED IN 1888.

Has grown steadily in popular favor until its reputation for first-class work is second to none in this country North or South. It has achieved its present position by turning out the best work, and it proposes to maintain it in the same old-fashioned way. Good work, prompt delivery and the guarantee of satisfaction is the motto for the future as in the past.

TO MERCHANTS it makes a specialty of collars, cuffs, unlaundried, new or soiled shirts for stock, and as for these only the best finish is acceptable. It is prepared to give satisfaction in work as well as price.

The demand for Oak City Steam Laundry work comes from all quarters, and to meet it have established agencies as follows: T. J. Lantz, Durham, N. C.; W. B. Allen, Winston-Salem; J. C. Thomas, with A. Landis & Son, Oxford; John W. Purdy, Henderson; W. C. McDuffie, with T. W. Broadfoot & Co., Fayetteville, and desire to further establish agencies in every other town in N. C., and to that end invite correspondence from parties in position to handle the business satisfactorily.

Mr. Ed. A. Miller, the efficient and attentive manager, is still in charge and ever ready to please his many customers and friends.

LAUNDRY corner Salisbury and Jones streets. Telephone No. 112. Office at my home, No. 307 South Wilmington Street. Telephone No. 87.

L. R. WYATT, Proprietor.

Fekins County, Panthea Creek, S. C.

Indian Affairs.

By Telegraph to the News and Observer. WASHINGTON, Nov. 22.—Dispatches were received at the War Department this morning from General Miles to the effect that the separation of friendly and turbulent Indians is proceeding rapidly at Pine Ridge. General Brooke, who is watching matters closely there, anticipates no immediate trouble and thinks this separation will make easier the task of restraining the turbulent Indians from overt acts. Telegrams were also received confirmatory of the reports that the Messiah craze is rapidly extending in the North and across the Canadian line under the operations of Sitting Bull's emissaries.

CHICAGO, Nov. 22.—A special from Mandan, S. D., says that trusted agents were sent to the Sioux reservation three days ago, and that they have returned with the following report, which may be relied upon: There is no immediate danger of an uprising, but if Sitting Bull concludes that anything is to be gained by speedy action the trouble may be looked for at once, and Sitting Bull would be arrested and put in irons, but the government agents are afraid to do this lest it precipitate trouble. He has 200 ducks at Grand river, forty miles from Fort Yates, ceding all the while. Agent McLaughlin, of Standing Rock, has lost control of Sitting Bull and his immediate followers, and dare not treat him harshly. All reports that come by wire from Standing Rock for Fort Yates are colored. There is only a military wire, and censorship is exercised over every message.

A Battle With Horse Thieves.

By Telegraph to the News and Observer. WICHITA, Kan., Nov. 22.—Sunday ago twelve horses were stolen in Osborn county, and last evening the thieves were found in camp eighty miles west of here, near Cairo. A posse of thirty men was raised at Cairo, and they went out to capture the gang. When within a short distance of the camp the posse was fired upon, and all in a moment the gang mounted the horses and started up the creek, followed by the posse. After a running fire of two miles two of the thieves fell off their horses, and the horses of two others fell. The others escaped. The two men, who were shot, died within half an hour, and refused to give their names or any information.

Lawless Acts by Unknown Persons.

By Telegraph to the News and Observer. NEW ORLEANS, Nov. 22.—Gov. Nicholls has received information of outrageous acts of lawlessness on the part of a gang of bull-dozers in the southeast part of this parish. One night last week half a dozen negroes were ordered to leave the place. Wednesday night a negro was killed, and last night two or three were whipped. The law-abiding element there and the citizens of Baton Rouge are much wrought up over these acts of lawless men, and the Gov. now declares they shall be stopped if it takes the whole executive power of the State.

The Run on the New York Savings Bank Continues.

By Telegraph to the News and Observer. NEW YORK, Nov. 22.—The run on the Citizens' Savings Bank here continued this morning with as much vigor as ever. This the bank people say is caused by the fact that their office is closed at noon. The work begun before 10 o'clock, but the long line of depositors seemed to increase all the while instead of diminishing. The bank officials say the heart of the run will be broken today. The payments have already made the figure up to nearly \$300,000.

The Coal Drivers' Strike.

By Telegraph to the News and Observer. BRAZIL, Ind., Nov. 22.—The strike of the drivers and draymen, employed in the Block coal mines, continues. The number of strikers is increasing daily, while the closing of the mines is practically complete. A general mass meeting will be held here today to act on the report of the committees appointed to confer with the operators. The latter refuse to make the advance demanded, and a complete shut-down is feared. Over 2,000 miners are idle.

Total Visible Supply of Cotton.

By Telegraph to the News and Observer. NEW YORK, Nov. 22.—The total visible supply of cotton for the world is 2,745,414 bales, of which 2,271,414 are American, against 2,542,726 and 2,174,326 respectively last year. Receipts of cotton this week—all interior towns, 194,662; from plantations, 300,091; crop in sight, 3,505,045.

A Cargo of Cotton Burned.

By Telegraph to the News and Observer. NEW ORLEANS, Nov. 22.—The steamboat Tributary, with a cargo of cotton for a New Orleans house, was burned to the water's edge this morning. The loss is heavy.

Newark Depositors Getting Easy.

By Telegraph to the News and Observer. NEWARK, N. J., Nov. 22.—The run on the Howard Savings Bank was considerably abated this morning, confidence being restored. Many depositors are returning their money.

A MAMMOTH FAILURE.

ASSIGNMENT OF AN ENORMOUS RAILROAD WORKS PLANT.

The United States Railroad Company, the Largest Establishment of the Kind in the World, Forced to go into the Hands of a Receiver.

By Telegraph to the News and Observer.

CHICAGO, Nov. 22.—The United States Railroad stock company having a large plant at Hegewich was this p. m. placed in the hands of a receiver. The liabilities are given at \$3,816,000 and the assets at \$6,000,000. Attorney J. L. High, of the company, says that the failure was precipitated by slow collections and the depression in the money market. This company is one of the largest if not the largest builders of railroad cars in the world. It has plants at Hegewich, Ill., Decatur, Ala., Anniston, Ala., and Urbana. Capital stock of the company is \$400,000 of which \$3,500,000 of stock not yet issued. The assets of the company consists of shops, yards, real estate and machinery at Hegewich which originally cost \$1,400,000 and which are now claimed by reason of the advance in real estate value to be worth at least \$2,000,000. Its shops and works at Anniston cost \$700,000. Its plant at Decatur cost \$500,000. Its works at Urbana \$180,000 and timber lands in Alabama \$40,000. All these properties it is claimed by the company have greatly enhanced in value, the figures given being the original costs. The assets of the company are: Car stock, \$1,523,000; rolling stock leased to various railroad companies, \$300,000; supplies and material in process of manufacture \$1,100,000; outstanding accounts good and collectable, \$300,000; making the total assets \$6,000,000. The liabilities are: Six per cent debentures unsecured, \$870,000; 5 per cent debentures secured by \$1,000,000 car trust bonds as collateral, \$870,000; 6 per cent bonds secured by first mortgage on real estate and the works at Hegewich, \$250,000; 5 per cent consolidated bonds secured by first mortgage on all the company's shops, yards and property except the Hegewich plant, and by second mortgage on the Hegewich property, \$1,000,000; bills payable for material, supplies and current expenses maturing within 90 days, \$500,000; bank loans maturing in a short time, \$266,000; miscellaneous accounts, \$60,000; total liabilities, \$3,816,000; excess of assets over liabilities, \$2,237,000.

James Ligh represents the company, and in speaking of the affair today said: The company has in its employ at its various works 2,200 men. It has been obliged to pay cash to the employees and for the material to the extent of \$600,000 monthly. The present stringency in the money market compelled the railroad companies which have bought cars of the rolling stock company to pay their bills in long time paper instead of the cash, and it has been extremely difficult to discount the paper. Mr. Rova, in his bill, states that he fears that unless a receiver is appointed some of the creditors of the company may attach the property and thereby gain unjust preference. There are abundant assets to pay all of the debts if a little time is allowed the company to collect the outstanding accounts. Judge Blodgett immediately appointed A. Hegewich receiver. Mr. Hegewich is the present president and has been for nineteen years. The Judge also ordered a receiver to continue the works and not to let any of the plants be shut down. Mr. Hegewich gave bond in the sum of \$500,000, with W. P. Rend as surety. The Rolling Stock Company is owned principally by English capitalists. Hegewich and Rova are the only American stockholders. Most of the creditors are said to be Eastern firms and banks. Whether or not the firms are so involved as to be embarrassed is one connected with the matter could say.

An Ex-Mayor Buys a Newspaper.

By Telegraph to the News and Observer. GRAND RAPIDS, Mich., Nov. 22.—Jno. M. Weston, ex-Mayor of Grand Rapids, late chairman of the Democratic State Central committee and a member of the National Democratic committee, yesterday purchased the Grand Rapids Democrat property from E. W. Bell. The transfer is to take place January 12. Weston will publish the Democrat as a seven day paper with Associated Press dispatches.

Weekly Bank Statement.

By Telegraph to the News and Observer. NEW YORK, Nov. 22.—The following is the weekly bank statement for week ending November 22: Reserve increase, \$920,050; loan decrease, \$5,980,700; specie decrease, \$804,200; legal tenders increase, \$503,300; deposits decrease, \$4,889,800; circulation increase, \$68,200. The banks now hold \$87,750 less than the required rule.

A GREAT STRIKE THREATENED.

Six Thousand Coal Miners in Alabama to Go on a Strike.

NASHVILLE, Tenn., Nov. 22.—Six thousand coal miners, nine-tenths of all the miners in Alabama, will probably go out on a strike December 1st. Representatives from every mine in the State have been in session for a week, and three days ago demanded an increase of wages at all the mines, to go in effect December 1st. This demand has been refused by all the mine operators and a strike seems certain. Last July the miners signed a twelve months' contract on the sliding scale, that is, the price of pig iron to govern the price for mining. They now propose to break this contract and demand 50 cents per ton in the winter and 45 cents per ton in the summer for mining.

WHAT THE FARMERS NEED.

Local Banks of Issue Preferable to the Proposed Sub-Treasuries. Robert Ellis Thompson in the Irish World. The revolt of the Farmers' Alliance is an inarticulate and blundering protest against the real mischief of a money system which is centralized in the National Treasury and in the banks of the richer States. The Southern farmers showed their sense of this when they devised their plan which requires the government to establish agricultural sub-treasuries. In these the farmer or planter is to deposit his crop and obtain such an advance on its value as will enable him to go on with his operations until he finds the market favorable for a sale. He sees that his necessity of raising money at once places him at a disadvantage in the market, and enables speculators to force down prices. The grievance is a real one; the proposed remedy is both clumsy and needless. What the agricultural sub-treasury is to do would be effected just as well by local banks of issue from which the planter or farmer could obtain the advance he needs. Our present banking system leaves the farmer outside the credit system and sends him to the money-lender to borrow on mortgage or forces him to sell at an unfavorable time and at a sacrifice. A local bank based on the credit and solvency of the whole local community, with its stock distributed among all its traders and agriculturists, would accomplish all that is hoped for from an agricultural sub-treasury, and it would involve no semi-socialist extension of the sphere of government and furnish no bad precedents that the enemies of our social order could plead for their revolutionary schemes. I am not drawing any fancy picture in pleading for such banks. I have in mind throughout the Scotch banking system, which took the poorest, the most thriftless and the iddest population of Northern Europe and made of them the prosperous and thrifty Scotch of today. That was not a government system. It was created by the Scotch people for themselves. Twice the British Parliament has meddled with it with the purpose of conforming it to English models, and in both cases it only inflicted injury. In spite of this injury its grand success has commanded the attention of all Europe; and the Danish, Swedish and Norwegian banking systems have been remodeled after it. What free traders like Mr. Carlisle will do with the plan of an agricultural sub-treasury remains to be seen. Nothing could be farther from their principle that Government should do as little as possible for the people and nothing for all for industry. That their new allies should come to them with such a plan as this is enough to show how unnatural the coalition which has carried the elections and how short-lived it must be.

A Silk Mill Burned.

By Telegraph to the News and Observer. PATTERSON, N. J., Nov. 22.—About 8:25 this morning fire started on the extensive silk mill of Bamford Bros., Cliff street, and the mill was soon totally destroyed. The fire communicated to the residence of Joseph and Walter Bamford which adjoins the mill, both of which were burned to the ground. The loss is placed at \$400,000. The insurance is \$200,000. The fire originated in the engine room from some unknown cause and fanned by high winds quickly spread through the mill rendering the efforts of the fire men powerless. The 300 hands employed were for a time panic-stricken but all them, it is believed, escaped uninjured. Many, however, had narrow escapes by jumping.

Parnell Officially Tabooed.

By Cable to the News and Observer. DUBLIN, Nov. 22.—The government has issued a proclamation prohibiting the holding of a meeting, which was to have taken place tomorrow, for the purpose of expressing confidence in Parnell.

New Hampshire Legislature.

By Telegraph to the News and Observer. CONCORD, Nov. 22.—The Governor and council this morning voted to call a special session of the legislature, Tuesday, December 2. The vote of the council was 4 to 1 the Republicans voting in favor of the call.

BROWER HITS BACK.

HE INSTITUTES A LIBEL SUIT AGAINST A NEWSPAPER.

A Libel Action Brought Against the Reidsville Weekly Review for Publishing an Article Charging Brower With Burning a Tobacco Factory.

Special to the News and Observer.

REIDSVILLE, N. C., Nov. 22.—John M. Brower, Republican Congressman of the Fifth District, who was defeated for re-election, will enter suit for libel against Gilliam & Oliver, proprietors of the Weekly Review, a Democratic paper of this place. The cause of this action is an editorial paragraph, which appeared in "The Review" of October 15, charging Brower with having been indicted for the burning of his tobacco factory in order to swindle the insurance companies. The warrant for the arrest of the newspaper men was served today by an officer from Surry county, where Brower lives. The defendants promptly gave bail, and a preliminary hearing will be given them before a magistrate's court in Surry county on December 4th. In addition to the charge mentioned, others of an equally serious nature were preferred against Brower through "The Review," and damning evidence was produced which it is thought by many secured his defeat by a large majority. The proprietors of "The Review" express themselves ready to meet Brower, and an early litigation is promised.

What Col Polk Proposes.

Washington Post. Col. L. L. Polk, the president of the National Farmers' Alliance, is in the city. He is a man of medium height, with gray beard, and has the general appearance of a prosperous farmer. He will remain here until next Wednesday, when he will leave to attend the national convention of the Alliance at Ocala, Fla.

Col. Polk does not care to discuss the Senatorial fight in North Carolina. He persists in saying that he is not a candidate for Mr. Vance's seat and does not want the place but adds that Mr. Vance is not nearly as popular as formerly, and that he could be beaten by any organized opposition. Col. Polk has no news from Kansas, but says that the Alliance Congressmen who came from that State have pledged themselves not to go into the caucus of either party. He thinks that the Senator who will succeed Mr. Ingalls will have to give the same pledge.

Fast Mail to Chicago.

CHICAGO, Nov. 20.—The Post Office Department has made arrangements for a new fast mail train that for speed will beat all the efforts heretofore made in that line. It will run over the New-York Central and Lake Shore and will cover the distance between New-York and Chicago in just twenty-four hours. The new train will be made up wholly of postal cars, and will leave New York at 9:10 A. M. At the same hour next morning it will reach Chicago. This will be one hour and forty minutes less time than is consumed by the present fast mail. All the mail matters will be made up en route, and deliveries will be made at all stations between this and Buffalo but no stops will be made.

Mrs. Wingate May Recover.

Mrs. C. J. Wingate, who was seriously injured in the runaway at Durham may recover. The Globe of yesterday says: The physicians who were with her last night state that she rested with a moderate degree of comfort, and her condition is apparently improved this morning. While she is disposed to sleep and remains in a semi-stupor, there have been intervals when consciousness has been partially restored. While her bruises were severe and her case still critical, there are chances for her recovery.

The Duke of Marlborough.

Asheville Citizen. The Duke of Marlborough with his wife arrived here last night on the midnight train from Knoxville in their private car. They spent a part of the morning in their car at the depot, and then took a carriage and went for a drive. They returned to the Battery Park hotel where they had lunch at 3:30 o'clock.

It was reported around the hotel that last night, between Knoxville and Asheville, while the train was standing on a side track some person entered the car and tried to steal the diamonds belonging to the duchess, without success, however. It was also said that the duchess was hit on the head by the marauder.

Dr. J. H. McLean's Chills and Fever Cure is as specific for chills and fever, mild in its action and warranted a certain cure. 50 cents.

W. H. & R. S. TUCKER & Co.—Children's Dresses. Of the most fashionable materials, and made in the very newest styles. A beautiful line of these garments, and low prices, for this class of goods. W. H. & R. S. TUCKER & Co.

TREASURY LOANS TO FARMERS.

And the Election of President and Senators by Popular Vote.

SPRINGFIELD, Ill., Nov. 21.—The Farmer's Mutual Assembly has agreed to resolutions demanding a revision of the patent laws, the abolition of the national banking system; that the circulating medium of the Government be confined to gold, silver and copper coin and United States treasury notes; favor the loaning of money by the National Government to citizens in sums not exceeding \$1,000 to any one citizen on property secured at interest not to exceed 4 per cent. per annum; favor the issue and sale at par by the Government of United States bonds in denominations of \$10, \$20, \$50 and \$100, bearing 1 per cent. interest and redeemable at the option of the holder and the Government.

The resolutions demand the regulation of corporations by law. They also favor the election of President, Vice-President and United States Senators by popular vote; oppose the civil service laws, and fix the tenure in office of United States Judges at a period not to exceed nine years; the election of postmasters and railroad and warehouse commissioners by popular vote is also urged. Pensions to soldiers and sailors are approved, and a revision of government officials' salaries is recommended; as is also a reduction of the taxation on necessities and conveniences, and the regulation of immigration and the manufacture of adulterated food. The resolutions concluded by making provision for the establishment of a national organization to attend the coming session of the legislature throughout the country in the interests of the farmers' organizations, and calling upon the representative of the association to keep aloof from both "old parties."

Sale of Lots at Glasgow.

Next Tuesday and Wednesday, the 25th and 26th inst., are the dates of the great sale of lots at Glasgow, Va., under the auspices of the Rock-bridge Company. The attention of everybody is now turned toward Glasgow, which is in the lead of all the booming towns of Virginia, and it is the general impression that the lot sales this week will be one of the most important occasions of the kind that has ever been held. The English syndicate made its first payment on the 20th, and Glasgow is going to go. Glasgow is a promising point. Over \$2,000,000 are now invested in industries there, and over 3,000 workmen are employed there. There is plenty of iron ore, fine water power, superior railroad facilities and many other advantages. For full particulars read the big advertisement elsewhere.

Glass Works Burned Out.

By Telegraph to the News and Observer. CHICAGO, Nov. 22.—A Daily News, Alton, Ill., special says: Three fine glass factory buildings of the Illinois glass works were burned this morning. Loss \$100,000. Five hundred hands are thrown out of employment as the result.

The Peoples' Candidate in Kansas.

By Telegraph to the News and Observer. FORT SCOTT, Kan., Nov. 22.—A large number of representatives of the People's party of Bourbon county issued a card yesterday addressed to the party of the State representatives-elect presenting the name of Gen. John H. Rice, of this city, as candidate for United States Senate to succeed Senator Ingalls.

"How easily applied and delightfully soothing" is the verdict of all who use Old Saul's Catarrh Cure, the simplest and safest remedy for catarrh, influenza, etc., ever discovered. Price 25 cents.

Every mother-in-law should recommend Dr. Bull's Baby Syrup for her grandchildren and thus keep peace in the family and gain the good will of her son-in-law. All dealers sell it. Price 25 cents a bottle.

Cleaning Up Season.

With all hucksters, and the season for New Window Shads is at hand. Cornice Poles in wood, brass or marbleized, can be used to advantage. Curtain Chains, Bands and Loops can be found at very enticing prices at Watson's Picture and Art Store. Picture Frames and mounted, canvass promptly furnished to order.
