

TAKE S. S. S.

Nature should be assisted in the spring to throw off the heaviness of the sluggish winter circulation of the blood. Nothing does it so well, so prompt or so safely as Swift's Specific.

I have used S. S. S. for a number of years, and consider it the best and most blood remedy that I ever used. In fact I would not attempt to enter upon a spring or summer in this climate without it.

NEWS AND OBSERVER.
TUESDAY, JULY 14, 1891.

My Mother.

A woman tender, true, and brave
Whose nature is more gay than grave;
There is no other
Who in my heart holds such a place
As she who's wont our home to grace—
My patient mother!

Such soft and silken bands of hair,
As crown a face which time and care
Have touched but lightly!
The golden stars that fill the skies,
Than the sweet light in her brown eyes
Beam not more brightly.

My falling pen would faint portray
Her many acts, from day to day,
Of pure devotion;
Her calm endurance, even when
She had to drink, time and again,
Life's bitter potion.

I know that when her journey's o'er,
Upon a fairer, brighter shore,
Where death comes never,
Where none is forced to say, "Farewell!"
With those who wait her there, she'll dwell
In peace forever.

But may that gracious One above,
With whom in tenderness and love,
Compares no other,
Spare unto us, for many years,
The one who dries our saddest tears,
Our own dear mother!

—Spectator.

STATE NEWS.

Asheville Citizen: Yesterday afternoon about 6 o'clock two cars loaded with prominent citizens, went out over the new electric road which leads to the foot of Lookout mountain.

Wilmington Messenger: During the month of June North Carolina has lost many citizens of usefulness and fidelity, and some of more than State distinction. Among the dead we note the names of Gen. James M. Leach, Dr. Albert T. Row, Henry E. Bond, ex-Governor David S. Reid, Rev. George W. Ferrell and John M. Moring.

Winston Sentinel: We were shown this morning a letter from a gentleman representing the Superior Bed Spring Company, of New York, which stated that his company had decided to establish a big manufacturing plant in Winston as soon as the necessary arrangements can be perfected. The firm has contracted with Mr. Cicero Tise for the erection at once of a large building on the lot adjoining the Keystone Furniture Works, North Winston, and of soon as the building is completed the machinery will be shipped for the enterprise. The letter states that the firm will employ over one hundred hands.

In the cars were J. B. Bostic, C. S. Cooper and J. T. Bostic, who own the road; Col. T. B. Long, mayor of Ramoth; Aldermen Reynolds and Brevard, Advisers Conant and Cummings, Capt. Thomas D. Johnson, Col. J. M. Ray, Solicitor Carter, Capt. J. P. Sawyer, Capt. C. O. McCarty, W. T. Penningman, N. A. Reynolds, J. A. Nichols, A. P. LaBarbe, O. W. Malone, I. E. Rankin, C. E. Graham, C. T. Rawls, The Citizen and many others, fifty or sixty all told.

The trip over the new track was made successfully, everything working in good order. The cars ran smoothly, and the heavy grades were climbed without the least trouble. When the end of the line was reached a stop of fifteen minutes was made and the crowd took a look over the lots of the gentlemen who built the road. There are sixty acres in the tract, which has been divided into lots. Wide streets, avenues and parks have been laid out, and a number of the residence sites have already been sold.

The road passes through the country after leaving East street, and the view to be had from the cars at various points is magnificent, and the trip is well worth the taking. The ties and rails are well put down, and the two trestles are models in construction.

Altogether the trip was a pleasant one, and a vote of thanks was tendered the owners of the road for the exhilarating ride.

Round trips over the line will be made every half hour, and the fare will be only five cents each way. The end of the line is one and two-thirds miles from the court house.

Passengers on cars leaving square each hour and half hour will be transferred free at Seney street to car for Lookout Mountain.

Mother's Pursuit of Gypsies.
Greensboro Record.

"A boy kidnapped by gypsies!" Such was the startling report which flew through the village of Fort Ann, N. Y., Saturday night. A distracted mother set out, driving a jaded horse, to find her missing son, but before she gained any knowledge of the gypsy band she was pursuing, she had reached North Pawlet, in Vermont. She had stopped all along the road, eagerly inquiring if any one had seen the gypsies, saying that they had stolen her boy, a lad twelve years old. Near North Pawlet she met Warren Hollister, who had just come from the village. He told her that he met the gypsies and that they had a boy with them. The woman and Hollister soon overtook the band and Hollister, ordering them to stop, demanded the boy. The gypsies denied all knowledge of the lad and were about to move on when the mother picked up a shotgun from under the wagon seat and pointed the weapon at their collective heads. The kidnappers thereupon concluded that discretion was the better part of valor, overhauled several quilts in the bottom of a wagon and revealed not only the boy who was sought but another one, a neighbor's son, who had not been missed. The news rapidly spread and farmers flocked to the scene by the score. The village school-master aroused the neighborhood and there was talk of lynching the kidnappers. But cooler counsel prevailed and the gypsies were allowed to depart after being warned to leave the State.

Whether You Travel by Land or Sea

You need a medicinal safeguard. Changes of climate or temperature, brackish water, unusual diet, draughts from open windows that surely follow passengers will not close—all these breed ailments against which the surest protection is Hostetter's Stomach Bitters, finest of medicinal fortifiers. Sea sickness, land nausea, are promptly counteracted by this agreeable corrective, which is also a capital defense against malaria, the effects of a tropical or chilly temperature, damp and exposure. Persons of sedentary pursuits, mill operatives, mariners, miners, engineers, frontiersmen, persons of every calling involving mental fatigue, excessive bodily effort, and liability to unhealthy influences of any sort, regard it as an incomparable safeguard. Biliousness, constipation, dyspepsia, rheumatism, sick headache and kidney troubles are effectually subdued by the best alternative.

For Over Fifty Years

Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children's cutting throats. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the children from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste, soothes the inflamed membranes, allays all pains, relieves wind, regulates the bowels and if the best known remedy for colic, whether arising from indigestion or other causes. Twenty-five cents a bottle.

What We've Taken the Bits in Our Teeth

And propose to "round up" this season in our own way. Business would naturally commence to slack-up in some directions, but we intend to ply the lash of low prices more vigorously than ever and keep it on a full gallop. We've got lines upon lines of goods that you want and ought to have, and we've hit the already low prices a tumbling blow. You'll want to keep your eyes and attention on us now. When we make a move it will be in a benefitting direction toward you, and we shall move often. Next month will have the painter, carpenter and decorator in our house and will make a great many alterations throughout. We therefore have reduced prices at from 10 per cent. to 40 per cent. throughout the entire line of Spring and Summer wearables. Here are a few choice hits that will afford rare picking.

Fancy Balbriggan Shirts and Drawers to match, sold all the season for 89c., and were very cheap at that, during this month you can buy them for 69c. Other dealers get \$1.25 for no better than these you buy now for 69c.

A Feast for Good Dressers.

We haven't as many fine Cravats as last week, for the reduction of the \$1.75, \$1.50 and \$1.25 lines to 89c. made them fly. What is left you can take for 75 cents. How is this for a Neckwear Bargain?

Steamers or Bicycle Caps for boys, worth 75c. They come in fancy stripes, double visor, and are made of French Flannel, your choice for 25c. now.

What Do You Think?

The most popular and best selling line in our house is reduced. Negligee Shirts—the \$5 to \$3.50 lines—reduced to \$2.98; the \$3.00 and \$2.50 ones to \$1.98; the \$2.00 and \$1.50 lines reduced to \$1.19, and you know our Negligee Shirts are superior to any other sold about here. You can't ask for anything to wear but what is reduced in price. Space and time affords us to mention a few only. "Winding up" prices are prevailing, and no matter what you ask for, you'll find we've been there ahead of you with our price trimmers.
