NEWS FROM THE COUNTIES.

CONVENTIONS AND PRIMARIES HELD YESTERDAY.

Many Counties Heard From and the Reports Generally Indicate Harmony and Democratic Supremacy.

Special to the News and Observer.

WAKE FOREST, May 7.—Two hundred or more of the representative men of Wake Forest township met in primary convention at 3:30 this afternoon and unanimously elected the following delegates: J. R. Watkins, L. B. Young, Joe H. Shadrick, W. D. Oneal, J. W. Jones, J. C. Harris, J. R. Holland, J. M. Crenshaw, George E. Gill, Dr. W. Allen, Dr. W. C. Lankford, W. C. Brewer.

The following preamble and resolutions were unanimously and heartily adopted: We the Democrats of Wake Forest township in primary convention reaffirm our devotion to the principles of the good old Jeffersonian Democratic party; therefore

Resolved That in the Democratic party only do we see any hope of future prosperity and freedom from the political evils that now threaten us.

Resolved, That we reendorse the platform of the Democratic party of 1890, upon which we fought and won the good victory of that year.

Resolved, That with peace, unity and harmony in our ranks we will go forth again to fight our old enemy, who is trying to divide our ranks, and may victory again perch upon our banner.

The convention in every respect was perfectly harmonious. The delegates are all true Democrats. Put it down that old Wake Forest township is going to stand by the Democratic party.

Wilson County Divided.

WILSON, N. C., May 7.—The Democratic Convention to appoint delegates to the State and Congressional convention for Wilson county met at the court house in Wilson at 2 o'clock today. Every township was fully represented by the delegates chosen at the primaries last Saturday. Representative Democrats of every faction and from every section of the county filled the court house promptly at the ringing of the bell. A determined yet conservative and liberal spirit characterized the convention throughout all its deliberations.

The following delegates were appointed to the State Convention: F. W. Barnes, John E. Woodard, Nathan Barnes, Jr., F. A. Woodard, Nathan Bass, A. T. Barnes, Lee Woodard, R. B. Deans, H. F. Freeman, W. R. Oberry, H. M. Thompson, Leving Watson, A. M. Thompson, J. D. Meares. The delegates go unopposed, but it is understood that they are divided in their preferences for Governor. The Convention here today has done much for the cause of Democracy in Wilson county.

Capt. Carraway Talks Democracy at Kinston.

KINSTON, N. C., May 7.—There are no "if" Democrats in the Lenoir delegation to the State convention. Count them every one square and straight. The convention was large and passed off harmoniously. The delegates were uninstructed except for N. J. Rouse for Attorney General. Capt. W. W. Carraway and Solicitor Allen made eloquent appeals, urging the Democrats to harmony to prevent the Republicans realizing their hopes of getting into power through a divided Democracy.

Pitt County Goes for Skinner.

GREENVILLE, N. C., May 7.—Pitt County Convention passed off quietly. The Alliance is in control. A delegation was appointed for Skinner.

ANOTHER REPORT.

GREENVILLE, N. C., May 7.—The Pitt County Democratic Convention is harmonious. The delegates are uninstructed. The Democracy need have no fears from the Pitt delegation.

No Third Party Sentiment in Craven.

NEW BERNE, N. C., May 7.—The Democratic County Convention was in session here today. A full delegation was present. Candidates for county officers were nominated and delegates to the State Convention were appointed. The proceedings were harmonious throughout. No preference as to either State or National candidates was expressed. There appears to be no Third party sentiment in Craven.

Forsyth County Convention.

WINSTON, N. C., May 7.—The Forsyth county convention was held here to-day. Every township, except two was represented. Resolutions were passed allowing the delegates in each township to cast a proportionate part of the county's fifteen votes in the State Convention, and the same as to the Congressional and Senatorial conventions. The Convention was largely attended and harmonious throughout. A strong delegation was chosen. It is impossible to say how they stand as to the gubernatorial nomination. Holt's friends claim that he has a safe majority. Many are Alliance men, but all are staunch

Democrats. The speeches were strongly Democratic.

Morganton Township Primary. A telegram was received yesterday from Morganton stating that the result of the primaries in that township was 47 for Holt, 38 for Carr and 2 for Alexander.

Yesterday in the House.

By Telegraph to the News and Observer.

WASHINGTON, May 7.—House.—Although the House does not follow the example of the Senate by adjourning from Friday till Monday, Saturday is usually a dull day, an early adjournment is always expected, and consequently many members devote that day to the transaction of their departmental business. But the prospect of a final vote on the river and harbor bill had the effect of bringing together an unusually large Saturday attendance. Several requests for unanimous consent were denied, but Delegate Harvey, of Oklahoma, was fortunate. He secured the passage of the bill donating to Oklahoma City for school purposes the military reservation at that point.

The House then went into a committee of the whole on the river and harbor bill.

The pending amendment was that offered by Mr. Whiting, of Michigan, striking out appropriations for ship channel 21 feet in depth connecting the waters of the great lakes between Chicago, Duluth and Buffalo inserting in lieu thereof, provision authorizing the Secretary of War to appoint a board of engineers to whom shall be referred the report of Col. O. M. Poe, upon the subject of a twenty feet channel from Duluth and Buffalo through the great lakes. The board shall also report as to the practicability of raising the water level of the lakes and connecting harbors by damming the Niagara river.

Mr. Whiting's amendment was rejected 35 to 120. The committee then rose and reported the bill to the House.

Mr. Richardson of Tennessee, moved to lay the bill on the table. This motion was rejected and the advocates of the bill not being able to muster the sufficient force to order the yeas and nays, the amendments were agreed to in gross with the exception of the last section, upon which Mr. O'Neill of Missouri, demanded a separate vote. The section was agreed to yeas 122, nays 97.

There was some filibustering and the House adjourned without passing the bill.

Baseball Yesterday.

By Telegraph to the News and Observer.

At Cincinnati—Cincinnati 3, Boston 3. At Cleveland—Cleveland 3, Baltimore 4. At St. Louis—St. Louis 3, Brooklyn 4. At Macon—Macon 12, Memphis 2. At Chicago—Chicago 8, New York 0. At Atlanta—New Orleans 3, Atlanta 5. At Chattanooga—Chattanooga 2, Mobile 4. At Charleston—Charleston 19, Columbia 3. At Louisville—Louisville 3, Philadelphia 6. At Pittsburg—First game—Pittsburg 1, Washington 2; second game—Pittsburg 1, Washington 5.

Baseball at Winston.

Special to the News and Observer.

WINSTON, N. C., May 7.—The Davis School and Guilford College ball teams crossed bats here this afternoon. The latter won by a score of 12 to 5.

A Newspaper Delayed for Violating the Anti-Lottery Law.

By Telegraph to the News and Observer.

EFFINGHAM, Ill., May 7.—The Effingham Democrat was excluded from the mails by Postmaster Lacy yesterday because it contained a report of a Catholic fair held here last week in which various prizes were awarded by vote. The postmaster claimed that the article is a violation of the anti-lottery law.

Trying to Make Jay Gould Sick.

By Telegraph to the News and Observer.

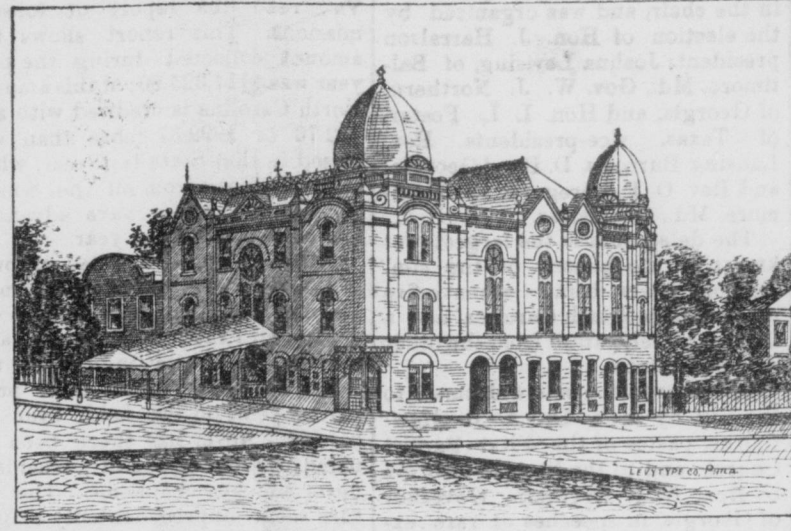

NEW YORK, May 7.—In answer to the inquiries about the reported illness of Jay Gould, which was announced in a morning paper, Geo. J. Gould showed this morning a dispatch received from his father yesterday afternoon, dated Albuquerque Depot, which read, "All are well. We shall remain in Albuquerque today." Signed, Jay Gould.

The report occasioned no surprise at the office, as they deemed it merely a ruse to affect the price of stocks. Last night's dispatches reported Gould seriously ill and unable to leave his car.

Answer This Question.

Why do so many people we see around us seem to prefer to suffer and be made miserable by indigestion, constipation, dizziness, loss of appetite, coming up of the food, yellow skin, when for 75c we will sell them Shiloh's Vitalizer, guaranteed to cure them. Sold by King & McGee.

Mr. Plank, who has leased the Atlantic Hotel, and Dr. Blackhall went down to Morehead yesterday to get things in readiness for the coming season.

THE AUDITORIUM.—A View of the Handsome Building Soon to Be Erected in Raleigh.

Above may be seen a handsome view of the new auditorium to be erected at the southwest corner of Martin and Salisbury streets, taken from the drawing of the proposed building by the architect, Mr. A. G. Bauer. The News and Observer is informed by Mr. Bauer that under the present plans the building will have a front of 52 feet on Salisbury street, and 134 feet on Martin street. It will be three and a half stories high, and will have a basement. The main entrance will be on Salisbury street, at the door over which the awning is stretched. The building will be of fine pressed brick, and the work of construction will begin very shortly. On the ground floor will be several handsome store rooms. On the second floor will be the auditorium. It will be designed upon the modern theatre plan with orchestra, balcony, etc., and a seating capacity of 1,150. All the appointments will be of the most improved design, and the entire structure will be an ornament, and a credit to the city.

Moving For a New Railroad.

Special to the News and Observer.

ASHEVILLE, May 7.—A large mass-meeting of citizens of Buncombe county was held here to-day to consider the question of building a railroad from Asheville, N. C., to Bristol, Tenn., or some other point on the N. & W. R. R. Hon. R. B. Vance, President of the committee, was appointed to attend the conference of representative men from all sections interested at Elizabethton, Tenn., June 8th.

The People's National Bank of Fayetteville.

By Telegraph to News and Observer.

WASHINGTON, May 7.—The Comptroller of the Currency has declared a second dividend of 15 per cent in favor of the creditors of the People's National Bank of Fayetteville, N. C., making 35 per cent on all claims proved amounting to \$114,353.

A Grand Reception.

We are glad to know that there will be a splendid reception on Tuesday night, May 31st, during commencement week at the University to which all the friends of the University will be welcome. The reception will be held in the gymnasium, which will be handsomely decorated. Music will be made by Kessnich's Richmond band. The campus will be illuminated with Chinese lanterns. Refreshments will be served and there will be no dancing. The Alumni, the trustees, the students, the visiting guests will enjoy several hours of delightful social reunion and will promenade in the gymnasium, the campus, the memorial hall and the halls of the Dialectic and Philanthropic Societies. A reception committee consists of the following gentlemen.

Hon. Fred Phillips, of Tarboro, for the trustees; Chas. D. McIver, of Greensboro, for the Alumni; Professors Alexander, Toy and Williams, for the Faculty; Mr. Frank H. Bachelor, of Raleigh, for the Law School; Mr. Chas. S. Mangum, of Chapel Hill, for the Medical School; Mr. C. F. Harvey, of Kinston, for the Seniors; Mr. J. C. Biggs, of Oxford, and the other marshals, for the Juniors; Mr. T. R. Little, of Wadesboro, for the Sophomores; Mr. C. R. Turner, of Raleigh, for the Freshmen.

All persons intending to take advantage of the excursion rates to the great auction sale of town lots at North Wilkesboro, N. C., must purchase their tickets and start for that point on Monday, May 9th, 1892. Tickets good returning until May 14th, 1892. The railroad fare will be returned to every person purchasing a lot. Grand mountain scenery all along the line.

Lecture by Rev. W. S. Creasy.

Rev. W. S. Creasy, Grand Lecturer of the Knights of Pythias will deliver a public address in this city on Wednesday evening next in Metropolitan Hall. The public generally and the ladies especially are invited to be present. No admission fee will be charged.

The drug store of W. H. King & Co. will be handsomely remodeled. Architect Bauer has prepared the plans and the improvements will be quite attractive. The work will begin very shortly.

DESOLATING FLOODS.

GREAT DAMAGE TO CROPS AND PROPERTY.

People Forced to Flee in Terror From Their Homes in Illinois—A Big Dike Gives Way.

By Telegraph to News and Observer. MORRIS, Ill., May 7.—Rain has been falling with such persistency here for the last few days that great damage has been done to the crops. The Illinois river has risen to a height which has compelled the people of the lower part of the town to move out.

PEORIA, Ill., May 7.—Rescuing parties have been out in the Lamarche drainage districts all night and have found six of the twenty endangered families. They have been over the entire district and do not know whether the remaining families are safe or not. The damage will reach a very large figure. No estimate can yet be made. The destruction is complete and there is a scene of the most desolation.

The flood was due to the giving way of the great marsh dike, fifteen miles long, and protecting a strip of bottom land about two miles wide. The first break was at a point opposite Pekin last night. The crevasse was about six hundred feet wide and increased rapidly as the Illinois river had reached a stage not exceeded since 1844. The twenty families living in the bottom possessed considerable amount of live stock which with the houses and farm implements have been lost in the angry waters.

DESTRUCTIVE FIRE IN MINNEAPOLIS. By Telegraph to the News and Observer. MINNEAPOLIS, Minn., May 7.—Revised estimates make the loss on the Northern Car Shops at Robbinsdale over two hundred thousand dollars. There were two buildings, the main one being two hundred to three hundred feet in length. The fire was discovered by the watch man in the larger building about 1:30 a. m. and in a short time the fire was beyond control. The watchman in endeavoring to extinguish the fire fell and broke his leg but managed to get to the smaller building in which there was a telephone and telephoned to the Minneapolis fire department asking for assistance. A steamer and hose cart were at once loaded upon a car and sent to the scene of the fire but their service was of little avail as the fire was beyond control long before they arrived. The smaller buildings which comprised the foundry, paint room, and machine shop caught fire and was soon destroyed.

Hanged for Murder.

By Telegraph to the News and Observer. DENVER, Col., May 7.—A special to the Republican from Canon City Colorado says Thos. Lawton was legally hanged inside the penitentiary walls at 11:20 o'clock last night there being present only those persons allowed by law. The time set for the execution was not generally known as in compliance with the Colorado laws, the hanging was private. An hour or more delay was caused by Lawton breaking down and being unable to mount the scaffold. Time was granted him to gain his composure, and then the hanging was proceeded with without any other demonstration. The crime for which Lawton was executed was the killing of John Hemming in an attempt to rob the conductor of a street car at Colorado spring. Lawton was an assumed name. He never divulged his real name.

A Serious Flood in Missouri.

By Telegraph to the News and Observer. WARSAW, Ill., May 7.—Alexander, Mo., located just opposite here has been flooded by the breaking of the Egyptian levee on the outskirts of Des Moines river. The local rains caused a heavy rise on that turbulent stream. Despite all efforts to save it, the waters broke over, doing incalculable damage to farms. Reaching Alexandria, the place was soon flooded. People were driven from their homes.

Personal.

Miss Katie Denson has returned from a very pleasant visit to Winston.

Mr. Jacqueline P. Taylor, of Virginia, is the guest of Dr. and Mrs. R. H. Lewis.

Maj. John W. Scott, of Lemon Springs, was in the city yesterday, and gave us a pleasant call.

All the banks of the city will be closed on Tuesday in observance of Memorial Day.

Mr. Howard Haywood has gone to Durham, where he joins Mr. Ludlow's Engineer Corps, who are surveying near that city.

Mr. R. W. Rice, of Baltimore, is in the city to spend several days, and is at the Yarburo, where he will be glad to see his many friends.

Wake Superior Court.

The following cases were disposed of yesterday: City of Raleigh vs. N. V. Denton, two cases; judgment against plaintiff for costs.

M. C. Woodward, et al., vs. E. D. Smith, et al.; judgment for plaintiff.

G. W. Blackhall, et al., vs. Jennie D. Watkins; judgment against defendant.

During, Milliken & Co., vs. S. J. Nowell and W. A. Presby; judgment against defendant.

Gaston Williams, et al., vs. Emily Johnson, et al.; judgment against defendant.

Pure and Wholesome Quality. Commends to public approval the California liquid laxative remedy, Syrup of figs. It is pleasant to the taste and by acting gently on the kidneys, liver and bowels to cleanse the system effectually, it promotes the health and comfort of all who use it, and with millions it is the best and only remedy.

together with a good, wholesome diet, will cure General Debility more rapidly than any method known to science. Read carefully the following from a prominent lady of Charleston, S. C.:

Mrs. SALLIE F. CHAPIN, President of the Women's Christian Temperance Union of South Carolina, Charleston, S. C., writing under date of January 20, 1890, says: I was truly glad to learn that an office had been opened in our city for the sale of an instrument (the Electropoise) about which I became so enthusiastic a few months ago that I rashly went into print in an article describing its wonderful curative properties. I did not imagine the trouble I was bringing upon myself, for not a week has passed since that I have been called upon to give further testimony and tell more about it. I have friends who, after suffering for years the most excruciating pain, which the most skillful physicians North and South had failed to relieve, have been cured by the use of the Electropoise. It is a panacea for nervousness, brain fatigue, and general debility. It only needs a trial to convince the most skeptical, and when I hear the testimony of the Hon. Wm. C. Sibley, of Augusta, the Rev. T. W. Moore, D. D., of Florida, and others, whom I personally know and who have been benefited, I feel it a duty I owe suffering humanity to say, try the Electropoise.

Write to us for any further information concerning the Electropoise. Suffering is unnecessary when a cure is easily obtainable.

NATIONAL ELECTROPOISE COMPANY, 1,405 New York Avenue, Washington, D. C.

An Editorial Article Which Every Reader Will Find of Interest. Editorial Correspondence.

Since the appearance of an editorial endorsing the instrument known as the Electropoise in the columns of this journal some weeks since, the offices of the Trade Review have been fairly deluged with inquiries concerning the same. In response to these a correspondent has visited Washington City, the headquarters of this miraculous invention. Our representative found Mr. John N. Webb, President of the Electro-Libration Company, absent from the city. Mr. Webb is in England in the interests of the Electropoise which is creating a furor among the intelligent classes of the old world. However, in his absence much information was obtained from his brother, James H. Webb, who is secretary and treasurer of the Atlantic Electropoise Co., which controls the District of Columbia and the States of Virginia, North Carolina, South Carolina and Georgia. The offices of the Atlantic Electropoise Company are located at 1405 New York Avenue in Washington, and a few words as to the personnel of officers of the corporation will not be amiss. Its president is W. H. Witherspoon—and in South Carolina—indeed throughout the South, no name is hardly better known, none carries with it more weight, none gives stronger surety of honesty and integrity. It is a historic and beloved name and has never been attached to aught of doubtful standing or questionable worth.

Samuel Wilder, vice president, is a prominent attorney of Birmingham, Ala, formerly of Raleigh, N. C., and members of the bar in either city can testify to the personal probity and honorable record of Mr. Wilder. As to James H. Webb, the secretary and treasurer, who so well represents his company here, nothing save words of strongest commendation are fit to convey an idea of the facts. Mr. Webb was for nine years connected with cotton manufacturing interests in his native State, being employed by the Messrs. Holt in Alamance county, N. C., in a responsible position. The names of such men are not attached hastily to questionable schemes, but on the other hand give weight and tone to any company with which they may be associated. As regards the Electropoise we have already given it our endorsement; to this we would add that every day such favorable opinion is more strongly confirmed. In our estimation it works a new era in medical science—is the most beneficent discovery of the present century.—Trade Review, April 26th.

When the vital forces have become prostrated from the effects of some acute disease and thereby the entire system is enervated and the organism weakened, when from some drain upon the system such as diarrhoea or leucorrhoea, mental or physical overwork, excessive nervousness, or the slow wasting effect of chronic disease of long standing, there is a general break down of nature and there appears to be no particular disease to which can be attributed this peculiar condition you are suffering from, general debility, which is frequently complicated with an ally no less formidable, Nervous Debility. The causes of both can more readily be found in the imperfect assimilation of food than in any other source, and hence treatment should begin at the beginning by toning up the digestive organs and rendering them capable of performing their proper functions and furnish-

ing to the system the strength which is absolutely necessary for a permanent cure. The symptoms are varied and differ in almost every case, the most general manifestations being a weak, tired feeling, lack of energy, general weakness, fatigue easily produced by the slightest exertion, free and profuse perspiration without effort sufficient to warrant it, weakness, pain and lameness of the back, vertigo, ringing in the ears, insomnia, slight unresting sleep, or inability to sleep at night through constant thinking. Among the most common of all symptoms are faintness and dizziness which produce in company or a crowd, far-away unnatural sensations as if you were removed some distance from the parties with whom you are conversing, when you are fully conscious that you are their midst. Nine times out of ten this condition is construed as biliousness and strong purgatives are resorted to to remove the cause, instead of gaining strength which is the main factor and prime element of cure, the drain upon the patient's vitality is increased and the results most desired are thwarted through the improper and ignorant medication. General Debility is a disease where nature needs assistance in effecting a cure, if this assistance is intelligently given, she accepts it. If not, she rejects it. The treatment by the Electropoise is intelligent, it causes the patient to properly assimilate healthy nourishment, which, together with the tonic effects of the instrument produces the strength without which no cure can be effected. The Electropoise

ROYAL BAKING POWDER Absolutely Pure.

A cream of tartar Baking Powder, Highest of all in leavening strength, Latest U. S. Government Food Report.

Royal Baking Powder Co., 106 Wall Street, N. Y.
