DEPEW AT WASHINGTON.

He Lunches With the President—Rumors That He Will Succeed Blaine. By Telegraph to the News and Observer. WASHINGTON, June 18.—Chauncey M. Depew, of New York, who is generally regarded as Blaine's most probable successor in President Harrison's Cabinet, was the principal subject of gossip in Washington today. He arrived here late last night. He spent the entire forenoon in his rooms at his hotel, and received visits from Secretary Elkins, Senator Hiscock, Private Secretary Halford and Elliot F. Sheppard. He excused himself to other callers. Mr. Halford remained a few minutes only. He called to invite Mr. Depew to take luncheon with the President at 1:30 o'clock. Mr. Depew accepted the invitation. Mr. Hiscock was closeted with him for over an hour and then paid a hurried visit to the President at the White House, returning soon after to Mr. Depew. Secretary Elkins made a long visit to the distinguished New Yorker, ostensibly in regard to a railroad bridge across Harlem river at Fourth Avenue, but presumably on a matter of more general interest to the country at large. While it is impossible to obtain official information to that effect, it is generally believed that Mr. Depew was today offered the State Department portfolio, and that the question of his acceptance was the sole topic of conversation at luncheon at the White House this afternoon. An effort was made this morning by several newspaper men to interview Mr. Depew on the subject, but he courteously declined to say anything to the point. Mr. Depew remained with the President until 3:15 o'clock, when he returned to his hotel. He told a representative of the Associated Press that he had had a very pleasant chat with the President, but did not feel at liberty to say anything further about what took place. He added, in response to inquiry, that it was useless to question him in regard to the State Department vacancy, for the reason that he thought it would be manifestly improper for him to say anything on that subject. Mr. Depew will go to New York tomorrow.

The Syracuse Delegation Will Contest.

By Telegraph to the News and Observer. CHICAGO, June 18.—Charles S. Fairchild, of the New York contest-delegation, has written a letter to Calvin S. Brice, chairman of the National Committee, demanding seats for the delegates appointed by the Syracuse Convention, and for the alternates. This is the first formal step taken to contest the rights of the regular delegation to their seats. After a good deal of delay the contesting delegation admitted that such a letter had been written, but a copy of it could not be obtained from them.

Two Big Glass Factories Burned.

By Telegraph to the News and Observer. INDIANAPOLIS, June 18.—A special to the News from Muncie, Indiana, says: The Over window glass works and the Hemingway flint glass factory were burned today. The total loss is over \$400,000 and with about \$150,000 insurance. The fire caught from a passing locomotive. The water-works company were just about completing the line to the works, but it was of no use this morning. Both places will be rebuilt.

Four Killed in a Wreck.

By Telegraph to the News and Observer. GALESBURG, Ill., June 18.—Four men were killed and twenty-five more or less injured in an accident on the Chicago and Quincy Railroad this morning. A construction train on the Keithsburg branch ran into a drove of cattle three miles north of Gladstone and was derailed. The engineer was killed, and his body buried under the wreck. The other victims were Italian laborers.

National Republican Committee.

By Telegraph to the News and Observer. DES MOINES, Iowa, June 18.—As there seems to be a misunderstanding as to the time and place of meeting of the Republican national committee to effect permanent organization, the Associated Press is authorized by Mr. Clarkson, temporary chairman, to say that the meeting will be held at Washington, D. C., at the Arlington Hotel, Monday, June 27, at 11 o'clock a. m.

Weekly Bank Statement.

By Telegraph to the News and Observer. NEW YORK, June 18.—Reserve decrease, \$762,015; loan increase \$2,694,300; specie decrease, \$1,891,300; legal tenders increase, \$1,024,600; deposit increase, \$1,580,100; circulation increase, \$26,500. The banks now hold \$22,237,625 in excess of the requirements of the 25 per cent rule.

WILL IT BE CLEVELAND?

THE LATEST SURVEY OF THE SITUATION AT CHICAGO.

A Cleveland Estimate Gives the expected 450 on First Ballot—The Cleveland Forces Massing Themselves on the Field.

By Telegraph to the News and Observer.

CHICAGO, Ill., June 18.—The Whitney conference before adjourning last night decided that a number of those who took part in its deliberations should call upon the chairman of each delegation and get him to make a declaration as to the way his delegation intended to vote. After a studied estimate the conclusion was arrived at that Cleveland had at least 450 votes, including instructed and uninstructed delegates.

Ex-Secretary Whitney in an interview said: "I have been in two big fights; the Tilden campaign of 1876 and the Cleveland campaign of 1888, but in each of these it was simply a question of the majority, and in that respect it differed from this. With regard to Cleveland, now there is no question of his majority. It is simply a matter of two-thirds."

Chicago, June 18.—Hon. Daniel W. Voorhees, United States Senator and delegate-at-large from Indiana, announces that Ex-Governor Isaac P. Gray, is a candidate for the Presidential nomination. "Indiana will present Gov. Gray's name," he said, "and I believe will vote solidly for him on the first ballot." Senator Voorhees will make the nominating speech himself. "Could he carry New York?" "They tell us that Cleveland can't carry New York, because of his antagonism to Hill, and then we hear that Hill can't carry New York, because of Cleveland's friends. Well, I don't pretend to understand the situation in New York thoroughly. Mr. Cleveland is my friend. But if neither he nor Hill can carry the State, we must certainly look elsewhere for a leader. The Democracy must have New York. We have a clear majority of voters of that State. The only thing a Democratic candidate has to do in New York is to get the full vote of his party. Gov. Gray is not identified with either faction, and I see no reason why he should not get the strength of the party.

"Cleveland will be nominated on the first ballot," so spoke the Hon. William C. Whitney, of Kentucky, in a very emphatic manner, as he emerged from a conference of Cleveland managers, which had lasted from nine o'clock last night till an early hour this morning, in Mr. Whitney's private parlors at the Richelieu. The gathering was by long odds the most important one that has been held since the political hosts began to center in Chicago. It was called for the express purpose of looking over the entire Cleveland line of battle and of determining any weak point, if they existed. It was like a consultation of generals on the eve of battle, the plans of attack and defense laid out before them and with every feature of the impending conflict open to comment. Foremost among the conferees were Messrs. Whitney and Dickinson. They had arrived late in the afternoon on the private car of Mr. Whitney, accompanied by Francis Linde Stetson, the law partner of Mr. Cleveland and by Wm. F. Harritt and Jas. Smith, the respective political leaders of Pennsylvania and New Jersey. On arrival here the Whitney party went to the Richelieu and were assigned a suite of parlors and chambers covering most of the floor above the office and overlooking the lake front. Word soon passed among the Cleveland leaders to assemble at the Richelieu, and as a result the parlors were taxed to their utmost at that hour. It was no ordinary gathering of Cleveland enthusiasts for casual comment on the situation; on the contrary, every man who came represented a section of country from which Cleveland strength is to be drawn, and instead of being wild-eyed enthusiasts, each man was a leader of National prominence.

Adlai E. Stevenson, ex-Assistant Postmaster General under Cleveland and probably the temporary chairman of the convention; Mayor Winston of Minneapolis, and Patrick Donan, one of the Minnesota leaders, were also there. The Southern States were all represented conspicuously. What was done in the hours of earnest conference is best and briefest told in the first quoted statement of ex-Secretary Whitney: "Cleveland will be nominated on the first ballot." The strength of Cleveland in every section of the country was examined with minute detail. "I have thought from the first," added Mr. Whitney, "that Cleveland had a majority and would be nominated, but it was not till I heard these reports tonight from conservative and thoroughly posted leaders from all over the country, that I

became absolutely confident that Cleveland would be nominated on the first ballot.

"Is this feeling of confidence based on figures?" "Certainly; but we have no figures to offer for publication as yet. In a word, however, they show that there will be but one ballot, and that will nominate Cleveland."

A DELEGATE MURDERED.

Judge Morgan, of Mississippi, Shot While en Route to Chicago.

MEMPHIS, June 18.—Judge Bright Morgan, of Hernando, Miss., was shot dead this morning on an Illinois Central train by Lawyer Henry Foster. Lynching is talked of. Judge Morgan was a delegate to the Chicago convention. Morgan and Foster had quarrelled over a law suit in which they were opposing lawyers. Two weeks ago Foster had a difficulty with Morgan's son, upon the hearing of which Morgan gave Foster a sound caning. They had not met since until this morning. Foster boarded the train for that purpose. Foster surrendered to an officer at the next station. Morgan was en route to the Chicago convention.

Excitement in Texas.

DALLAS, Texas, June 18.—Police W. H. Riddle was killed here yesterday by P. E. Miller, whom he attempted to arrest for living with a colored woman. In the evening a mob gathered, their purpose being to lynch Henry Miller, the murderer of officer Brewer; G. S. Boulton, the slayer of Tichnor; Chas. Henry, who killed one woman in Denver and another in Dallas, and Miller, the slayer of officer Riddle. The Sheriff resisted them until about midnight, when a heavy rain came up and so thoroughly drenched them that they disperse.

Dying from the Effects of Heat.

GREENSBURG, Pa., June 18.—The scorching rays of the sun, together with the awful heat from the coke ovens is killing the Hungarians in the coke region. At Marewood yesterday fourteen foreigners succumbed to the heat, and it is believed that three of them will die. Many more, exhausted by the heat of yesterday, were unable to resume work at Hecla and Mammoth, and at the works in vicinity of Latrobe, the coke drawers suffered terribly and were unable to work.

Total Visible Supply of Cotton.

NEW YORK, June 18.—The total visible supply of cotton for the world is 3,618,765 bales, of which 2,965,796 bales are American; against 2,591,285, and 1,936,385 respectively last year. The receipts at all interior towns is 9,895 bales; receipts at the plantations 11,552 bales; crop in sight 8,578,368 bales.

The Summer Sewing School.

For several years a number of the ladies of this city, feeling the need of some industrial training for the children of the town, have conducted a sewing school. This year this work has been placed on a more satisfactory basis than ever before. Old plans of work have been extended and new features added. Under the superintendence of Miss Mary Marsh, who has made a most successful record as a teacher in the Murphy school, the sewing school will open Tuesday, June 21st, at 9 o'clock, in the Centennial Graded school. The school will be held from 9 to 11, four days a week, during June, July and August. To cover cost of material, a charge of twenty cents a month in advance, will be made for each pupil. Girls from seven to sixteen will be admitted.

There will be an important meeting of the members of the First Presbyterian Church this morning immediately after the morning service, when there will be the election of a pastor if the way be clear.

EMMONS BLAINE DEAD.

HE PASSES AWAY UNEXPECTEDLY AT CHICAGO.

Blood Poisoning the Immediate Cause of His Death—The Malady Believed to Have Been Aggravated by the Mental Strain Through Which he Had Recently Passed.

By Telegraph to the News and Observer.

CHICAGO, June 18.—Mr. Emmons Blaine, son of Ex-Secretary Blaine, died today at 11:15 a. m. Blood poisoning, the result of inflammation of the bowels, was the cause. The fact of Mr. Blaine's death was kept concealed for sometime after he had actually passed away, the object being to reach the father first with some general intimation of the sad news. Efforts to get in telegraphic communication with the Ex-Secretary failed, however, and about 12:15 the news of death leaked out. It was not until about a quarter of an hour prior to the fatal moment that the least intimation that Mr. Blaine was in a dangerous condition became known, and then it was only to a few in his office in the Baltimore and Ohio, where he had quarters in this city. Mr. Blaine's associates were only aware that he was ill and had been so for several days.

Young Blaine was notable in the exciting convention scenes at Minneapolis. He took the result greatly to heart, and was confined to his room shortly after his return. During the convention he seemed in perfect health and no one who heard of his sudden passing away was more shocked than those who saw him participating in the caucuses early and late, night and day, in his father's interest. It is thought possible, by many, that the strain and excitement at Minneapolis, followed by the keen disappointment of the outcome, had no little to do with the physical prostration ensuing.

At Bar Harbor, Maine, June 18.

The news of Emmons Blaine's death reached Ex-Secretary Blaine a little after noon. The family is greatly prostrated by grief. Mr. Blaine left for Chicago at 3 o'clock this afternoon.

YESTERDAY IN THE HOUSE.

WASHINGTON, June 18.—HOUSE.—The atmosphere in the chamber this morning is oppressive with heat and humidity and the few members present at 11 o'clock attempted to make themselves cool with fans improvised out of newspapers and old copies of the Record. Mr. McMillin, of Tennessee, stated that every appropriation bill had passed the House, except the general deficiency bill. Six general appropriation bills were still unacted on by the Senate. Therefore the House was far in advance of the Senate and would be even if they didn't meet for a week. The House must frame its action in view of the condition of the appropriation bills in the Senate. He therefore moved that when the House adjourned today it be to meet Wednesday next. Mr. Reed, of Maine, said that the sole object of the House of Representatives was to pass the appropriation bills, he could see no objection to the motion. The motion was agreed to. Mr. Livingston, of Georgia, asked consent that beginning Wednesday next three days be given to the discussion of the sub-treasury bill. The time was most opportune for it. The measure must be discussed at the same time. If the people who believed in it were in error, they should hear from the other side. The advocates of the proposition were entitled to be heard. Mr. McMillin said that the subject was under consideration in the committee on ways and means, and he must object.

The Senate joint resolution was passed authorizing the President to issue a proclamation recommending the observance of the four hundredth anniversary of the discovery of America. The House then went into committee of the whole on the tin plate bill. After a brief debate the committee rose and the House adjourned until 12 o'clock Wednesday. The hour of 12 was fixed upon at the suggestion of Mr. Turner, of Georgia.

Y. M. C. A. Notes.

An unusually attractive musical programme has been arranged for the 4 o'clock meeting for men at the Young Men's Christian Association. Mr. R. H. Battle will conduct the meeting. Mr. T. C. Williams, Jr., will conduct the usual fifteen minutes' song service which will precede the address. Messrs. Jno. Cheek and C. F. Lamsden, cornetists; Messrs. Roscoe Nunn and A. Viola, flutists; and Mr. T. B. Wilkin, violinist, and Mr. Wm. Cooper, organist.

BOY'S MEETING.

The boy's meeting from 2:15 to 3 o'clock will be conducted by Mr. Wm. Merrimon. This meeting will be of special interest to boys under eighteen years of age. All boys cordially invited to attend.

Gratitude is one of the rarest of virtues.

The Local Ministers' Conference.

The Local Ministers' Conference will meet this year in this city on July 20th at the Central Methodist Church, by the invitation of the Church, and will continue four days. On Wednesday night July 20th, there will be an address by Dr. Crowell. The sessions will be at 9 a. m. and 3 p. m. each day. Sermons at 11 each day, and at 8 o'clock every evening there will be short addresses and specially prepared papers on interesting subjects. On Sunday the 24th, at 3 p. m., there will be open air services and sermon at Brookside Park.

This is the Twenty-third Annual Session of the Conference, and the attendance is usually large. It will be an interesting occasion.

HAWTHORN, Fla., June 22, 1890.

Rev. H. H. Houston, Nashville, Tenn.:

Dear Brother:—Yours of June 20th received. I have had almost two years' experience with the Electropoise, and must say that it far surpasses even skillful medication; and I have treated more than two hundred cases of various diseases with marked success. I have broken chills and fever of several weeks duration, in from one to three nights. It is impossible to have chills while using the Electropoise properly. I have treated more than fifteen cases of fever, the majority being typhoid-malaria, curing them in from two hours to four days. Diarrhoea, dysentery and cholera morbus I have cured in from one hour to eight generally. Rheumatism in from three hours to three days, in one case making the patient throw away his crutches and straiten his deformed limbs.

It is beyond doubt the greatest remedy God has permitted us to know. The instruments are placed all around me and I am treating people day and night. It is giving me influence here as nothing else can. My confidence in the treatment is almost unbounded; it cures promptly and permanently. The certificates of cure could be made stronger than are given in the circulars.

By all means put the instruments in the hands of our missionaries that they may go forth like our Saviour, preaching and healing the sick.

Yours fraternally,

C. N. MORROW.
