Important to MILLERS & MILL OWNERS!

THE Undersigned would respectfully inform those engaged in the Milling Business in N. C., that he keeps constantly on hand, and will supply at the shortest notice, that almost invaluable article

YOUNG'S IMPROVED PATENT SMUT AND SCREENING MACHINE.

The only Machine of the kind that has stood the test and given satisfaction to the public. It has supplanted every other Machine yet offered in the State, more or less of which has been taken down to make room for it. The public need fear no imposition, as there are now some 280 Machines running in N. C.; and I wish to offer no other references than the gentlemen who are using them, whose expectations have been more than realized in their performance. It not only thoroughly cleanses the Wheat of smut, but also purifies it of all other substances, almost to perfection. It takes up but 4 feet square in the Mill, and requires little room for it. It is warranted for five years against breaking or wearing out, and also to retain its cleaning qualities for that time.

There are a number of these Machines through which 100,000 bushels of Wheat have been cleaned, and they have never been out of order one day.

There was awarded to it the Premium at the Maryland State Fair, and a Premium with a Silver Medal, at the Fair of the Maryland State, Baltimore, last Fall. Address the Subscriber at South Lowell Mills, Orange county, N. C. JNO. A. McMANN
