TELEPHONE No. 54.

FRIDAY, JANUARY 24, 1913.

We find there is a growing ing sentiment in favor of a Re corder's Court for Lenoir and Lower Creek townships. There are many reasons why the establishment of such a court would be of great benefit to our community. One of the chief reasons is that it would keep in ach business off the docket of the Superior court and thus reduce the expenses of the courts for the County. The Recorder would have jurisdiction in all matters up to felonies and they could be immediately adjudicat ed, instead of waiting until the regular sitting of the Superior courts. The business now going before the Mayor of Lenoir would be tried before the Recorder, a court of higher juris diction and it would eliminate much friction along this line. We are not advised as to the ex pense attached to such a court, but from what we know about them, we are inclined to think one for the territory named would be a good move. We note a resolution has been in troduced in the Legislatures, asking the Attorney General for information as to the costs of duced a resolution in the legis-Recorders courts, with a view of lature recently inviting W. J. establishing them instead of Bryan, Governor Wilson and creating more judicial districts Senator LaFollette to address in the State with an increase of the North Carolina Legislature judges.

perhaps wisely discussing legislation to protect women and the measure got to the Senate, children from too long hours that body made a joke of it, working in cotton mills, can devise some legislation that will make the men who loaf around the mills and live off the work have assembled to work for the of the women and children, do something to help support their families, they will solve much of the trouble with the Child Labor problem. Many of these old "soaks" are amply able to hunt and fish but insist they are not able to work.

The bill of Senator Allen of Buncombe for the establishment of the Western Crrolina Teach ers' Training School, carries an appropriation of \$25,000. This is little enough in view of the need of such an institution and the Legislature will probably find a way to provide the money Things are not evenly balanced with one school of this kind in the east and none in the west. Charlotte Observer.

(dow about the Appalachian Training School at Boone? News.)

legislature, but the measure has yet not passed. It seems a numfurnish them if the Jones measthrough.

meet" that men do not have. How many widows one can think of who have done better after the death of the husband and father. Raised the children, given them education and kept things going better than the old man was ever able to do. Just so we believe they would do in matters of the state. It is a humiliating ackonowledgment for a man to make, but there is no use arguing against facts. And as to qualifications for voting, most of them are better qualified than their "liege lords," have a more diserning and accurate judgement and are far above him in the matter of being swayed by corrupting in-Hences. A hundred men default where one woman goes wrong in financial matters and most men who amount to anything in the world owe much of their success to the wise counsels of a good wife. Let woman suffrage come, we are for it and the sooner it comes the better. There are no true and logical arguments against it.

Mr. Justice of Guilford introat their conveniece, on the subject of modern politics, etc. The If the Legislature which is House passed the resolution with some opposition, but when which we think was the right treatment of such an invitation. The legislature is supposed to interests of the State and not to listen to speeches

> Caldwell county is about to take her place in the congress of good roads." At a recent meeting of good roads advocates held at Lenoir it was decided to ask the legislature to allow the people to vote on a \$200,000 bond issue for building good roads in the county. The peo ple of Caldwell are a vigorous and progressive people; the county is rich in natural resour ces and we are fully persuaded that once the authority is given Caldwell will not be long in shaking off her "mud tax." Greensboro News.

The measure introduced in the Legislature permitting all towns, that desire to do so, to vote on the question of the Commission Senator Jones of Forsythe in- form of town government, is a tro luced a resolution in the good one and should pass. This sion looking to the reduction of in favor and popularity all over the number of employees of the the country and there is no reason why any town that desires met with hard sledding and is to do so might not vote on the ber of members have promised in the State are moving for it jobs to friends and they can not now and a general law would eliminate the necessity of much ure, which is a worthy one goes special legislation and reach the same result.

Woman suffrage is coming in Now, Mr. Citizen, if you wish this country and it is perfectly the roads of Caldwell County right that it should. The wo- improved show your desire for men do not want to take charge the good work by attending the of affairs of Government, but meeting here on the 3rd of Febthe men make such a failure of ruary and assist in organizing a it they are forced to do so as a County Good Roads Association. matter of self protection. We Such an organization will have believe if the women of the much work to do and every man state had been in charge of the who wants better roads should state finances, the deficit that be a member. The time has aris now giving so much trouble rived to act now and it is "put would not have occurred. They up or shut up," if you are in have a faculty of making "ends favor of roads show it or quit talking about it.
