McCLELLAND PRESBYTE-RIAL NOTES.

The women of the McClelland Presbyterial are always glad for the time to come for us to come together in our regular meetings. We met at Pitts Presbyterian church at Mountville, S. C., Friday, September 5. We were greeted and shown many kindnesses by Dr. and Mrs. Johnson and the good people of Mountville. We do not believe that we could have met with a more hospitable people. Yet amidst all these pleasures we came near having a serious accident caused by "Old Bob," the mule, turning over the buggy in which our secretary, Miss A. M. Jenkins and her hostess were riding. I am glad to say no one was seriously injured.

The meeting was called to order by our beloved president at 10 o'clock, Friday a. m. The devotional exercises were led by Mrs. M. L. Pope. Having finished our regular routine of work, we adjourned at 11:30 o'clock to meet at 2:30 p. m. At this meeting we were honored with the presence and inspiring talk of our ex-president, Mrs. J. H. Allison, of New Jersey. We had a very splendid business meeting. We are trying to get our work arranged so that we will be able to do our work better each year. Mrs. R. B. Toatley was elected delegate to the Synod. We are glad to note that peace and tranquility seem to prevail in our Presbyterial

We are glad to report through town a few days ago from High the Africo the many good things that are being done in our little Miss Ida Massey and Mr. and town, the City of Belmont. Sunday, September 7, 3 p. m., at Love's Chapel church, Bro. C. S. A. Davis, president of the School club, called the people together to raise money for the benefit of the teacherage that has just been completed at the cost of \$3,000 and has also been furnished. At the time appointed the house was called to order by the president, C. S. A. Davis. "Reapers" was sung by the Woodland Presbyterian choir and prayer was offered by Bro. Joe Hand. After this a program was rendered by the young ladies and men of Belmont with subjects that suited the day. We were also glad to have with us our supervisor, who made a nice talk along educational lines. Prof. Davidson, of the Western Union Academy, was also a welcome visitor and made a brief talk which we feel was a benefit to us. There were also many other friends with us that we were glad to meet and give a hearty hand-shake.

> After the program the collection was taken up and the amount of \$95 was raised. We wish to thank the good people for their liberal contribution. We have a six room building for our teachers completed and furnished at the cost of \$3,000, and we only owe something less than \$200 on it. Let everybody say, Hurrah for Belmont!

BARBER COLLEGE FOR WOMEN Anniston, Alabama

This college, established to offer full college courses for young women of the Negro race and a preparation for higher studies, will open September 15th, 1924.

It is the only Presbyterian Woman's College for colored young women in the world. Like the colleges exclusively for women, it encourages the ideals of true women and offers courses of study for young women such as the best women demand, and such as prepare them for their special work. Through the noble generosity of its founders with Presbyterian ideals, Barber College makes it easier for a girl with energy and ability to become a College Graduate, and reach her highest usefulness.

Graduates, obtaining the College Diploma, will be able to meet the increased requirements of the State Boards of Education, and be fitted for all conditions set for teaching and higher studies. With an enlarged Faculty and increased facilities, Barber College offers to capable Negro women a great opportunity for higher development, usefulness, and privilege.

With it is associated Barber Memorial Seminary which will continue to offer its secondary courses of study and also act as a Preparatory School for the College. All the advantages of the Seminary, with its able Faculty, increased facilities, and attractive surroundings, will be open to students of the College.

Located in the foot-hills of the Blue Mountains in Northeastern Alabama, the situation is unsurpassed. It would be difficult, if not impossible, to find a better school building. Large rooms. Two in a room. Steam heated. Electric lighted. Newly furnished throughout. Modern in every way. Plain, but plenty of food. Absolutely pure mountain spring water, none better. Large Faculty: Small classes. Personal supervision.

For further information, address the President, Rev. John Scherer.
