

BARBER COLLEGE FOR WOMEN

Anniston, Alabama.

Let's Go! This College, established to offer full College Courses for young women of the Negro race, will open its second year, September 15, 1925.

It is the only Presbyterian Woman's College for colored women in the world. Like the colleges exclusively for women, it encourages the ideals of true woman and offers courses of study for young women such as the best women demand, and such as prepare them for their special work. Through the noble generosity of its founders with Presbyterian ideals, Barber College makes it easier for a girl with energy and ability to become a College Graduate, and reach her highest usefulness.

Graduates, obtaining the College Diploma, will be able to meet the increased requirements of the State Boards of Education, and be fitted for all conditions set for teaching and higher studies. With an enlarged Faculty and increased facilities, Barber College offers to capable Negro women a great opportunity for higher development, usefulness, and privilege.

With it is associated Barber Memorial Seminary which will continue to offer its secondary courses of study and also act as a Preparatory School for the College. All the advantages of the Seminary, with its able Faculty, increased facilities, and attractive surroundings, will be open to students of the College.

Located in the foothills of the Blue Mountains in Northeastern Alabama, the situation is unsurpassed. It would be difficult, if not impossible, to find a better school building. Large rooms, two in a room. Steam heated. Electric lighted. Newly furnished throughout. Modern in every way. Plain, but plenty of food. Absolutely pure mountain spring water, none better. Large Faculty. Small classes. Personal supervision.

For further information, address the President, Rev. John F. Scherer.

PROGRAM OF THE WORKERS' CONFERENCE

Division of Missions for Colored People, the Board of National Missions of the Presbyterian Church in the U. S. A.

To be held at Brainerd Institute, Chester, S. C., February 2-5, 1926

ATTENTION! READ AND HEED
Science and Invention have given the Automobile for Business and Pleasure. But the Auto had its drawbacks in Blow-Outs and Punctures. Through Science and Invention Blow-Outs and Punctures are no more. The Airlox Puncture-Proof Inner Tubes Make Blow-Outs and Punctures impossible. 600 Punctures but no loss of Air. Tire Troubles are over. They save Casings and last 20,000 miles without Tire Trouble.

MOTERING NOW A JOY
Headquarters for Puncture-Proof Tubes at 501-C, W. Markley St., Greenville, S. C. Wire, Write or Phone size at once and order will be filled in 8 days. Phone 2557-J.

PRICES REASONABLE
Come and examine Tubes. On Sale now by: **C. B. JOHNSON,** 501-C, W. Markley St., Greenville, S. C.

SCOTIA WOMEN'S COLLEGE

CONCORD, N. C.

A well-equipped School under the care of the Board of National Missions of the Presbyterian Church in the United States of America, Division for Colored People, for the Higher Education and Industrial Training of young women.

A Seminary Course or High School Academic Course for those desiring to prepare for College, and a High School Normal Course for those desiring special preparation for teaching.

There can no longer be any question among the friends of Scotia as to her being on the accredited list, inasmuch as the graduates of this year were each granted by the State Board of Public Instruction an Elementary B Certificate for three years.

An Industrial Course, including Domestic Arts and Sciences, with special instruction in Sewing and Cooking, for those desiring special preparation in these lines.

Also a course in Music, including Piano, Public School Music, and Chorus Work.

There are two large Dormitories with pleasant rooms, steam heated, electrically lighted, and pleasantly situated in a large and beautiful campus near the center of the city on Concord and convenient to the Railroad station.

For catalogue, application blanks, and any desired information, address the President.

REV. T. R. LEWIS, D. D.

NOTHING EVER LOST

Elements which enter into the making of a soap-bubble film are as lasting as those which form granite rock; no material thing is ever lost or destroyed, says science. Man's immortality is fairly well assured both by science and the Bible. It was the Frenchman, Lavoisier, who first proved with his fine balance, that in all chemical operations it is only the kind of matter that is changed, the quantity remaining the same. This was the discovery of the conservation of matter, which has since been added—Copper's Weekly.
