

## SEVENTH STREET CHURCH NOTES

By Marie S. Lindsay  
Dial 7667

Communion of the Lord's Supper was administered Sunday morning. Dr. Wyche was assisted in this service by Dr. C. H. Shute. Dr. Shute based his talk on Matthew 26:30. He said, Jesus at the last feast talked with the men who had been with Him for three years. He girded Himself with a towel and began to wash the disciples' feet. Peter did not want Jesus to wash his feet. Christ said, "What I do ye know not now, but shall know hereafter. If I wash not your feet you have no part with me."

Jesus made it plain to the disciples what the Lord's Supper meant.

We should tell our children and not let them blunder along. We should live in the upper room, that is in spiritual thinking.

Dr. Wyche spoke on the bread of life. He said that anything that sustains life is food. Bread and wine are emblems of Christ's body and blood. There is no spiritual life without Jesus Christ. We must take this bread of life or perish forever.

Sunday night's discussion was led by Mr. Roosevelt Worthy. The subject for discussion was: "How Can I Help My Community?"

Mrs. Demetria Grier Dixon, Mrs. P. W. Russell and Miss Annie F. Hayes attended the meeting of the Synodical in Winston-Salem last week.

Mr. Milton Yongue, who has been making his home in New York for the past three years, returned to the city last week. He is the son of Mr. and Mrs. Wm. Yongue.

The Sunday school has launched a membership drive. Mr. A. E. Spears is chairman of the committee.

Library Day will soon be observed. Miss Blanche Tyson, assistant librarian, is preparing the program for the occasion.

### BRAINERD INSTITUTE NEWS

By Miss Julia E. Cain, '30

Last week Brainerd students entered into the school activities with the usual interest and enthusiasm that always seem to make work easier, lighter, more enjoyable and more beneficial.

Since school has been in session long enough for the majority of students to have registered and to be taking part in active work, an entertainment was given by the old students, as usual, in honor of the new students. Saturday evening at seven thirty o'clock, officers and members of the Y. M. C. A., of Brainerd, sponsored the Annual Students' Reception, which was given in Dining Hall. The program and games, planned by the organization, exemplified orderly thinking.

Sunday, October 13, students and co-workers entered into the usual Sabbath worship thoughtfully.

First at 8:45, the Sabbath school lesson was studied in the various classes, and everybody, it is hoped, was benefited spiritually and intellectually.

At five o'clock P. M., the Christian Endeavor exercises were interesting and instructive, as many of the students and teachers discussed the topic: "Let Us Pray," from many and varied phases.

At seven o'clock the Y. M. C. A. and Y. W. C. A. met in their respective halls for worship. The topic, "Striving for Life's Best," was one of interest for the Y. W. C. A., since it was based on the four-fold development which is the Brainerd's aim in education.

The Sunday School Union will hold its October meeting at Friendship Baptist church on the 27th at 4 o'clock. A very interesting program will be rendered. All Superintendents and their schools and friends are urged to be present.

## NOTICE

I am sending out this week from the office of the Synodical representative, copies of the Assembly's zoning plans, together with the return postal cards which we hope will reach all the brethren and the churches promptly, and the sessions and members will consider the matter of the drive during the months of October and November to raise the budget for the Board of National Missions. These cards should be back in the office promptly so that we may know what to expect.

If special speakers are desired to put the drive over in a centrally located church or churches, the request will be carefully considered and some action taken at once. Brethren, please attend to this matter immediately. The Great Church has put us in the central zone, and sends us a challenge to do our bit in the matter of raising funds to evangelize our country.

Let us hear from you. We are praying for your success.

Your loyal co-worker,

JOHN A. SAVAGE.

## B'DDIEVILLE CHURCH

By Miss Sovella McCombs

We listened to a very inspiring sermon preached by our pastor, Dr. L. B. West. His text was Luke 10:27. Part of his discourse was as follows: The mind, the will and the feelings must all function in our lives in which these elements do not function; these three ought to work together in one's life.

All three of these elements worked perfectly in the life of Christ. He was not only a passionate Christ, but He had a wonderful mind; it functioned in the matter of religion. It is the mind that determines whether or not we are to be Christians. The intellect plays an important part.

Preaching is reasoning and getting a man to change his mind.

The things that we are interested in are the things that grip our minds. Christ was an intellectual being. Christ was a great master mind. He spoke through men of intellect.

The following visitors were present during the morning service. Mrs. Inez Newkirk, Miss Laura Price, Miss Willie Mae Price, Prof. A. R. Dawson and Mr. E. C. Grigg, of Wilmington.

We are glad to note that Mrs. Mary Hull and Mrs. Alice Jewel are getting along nicely at this writing.

The ministers' aid society met with the Misses Shute last Friday evening. An interesting program was rendered. Among the numbers on the program were an instrumental solo by Mrs. H. C. Dugas, and an address by Miss Parker. The society listened to an interesting talk by Dr. C. H. Shute. Mrs. Kirkpatrick was a pleasant visitor in the meeting.

After the program was over a delicious course of ice cream and cake was served. The society spent an enjoyable evening.

A worried looking granger drove into town, tied his team and headed for the family doctor's office. Without preamble he began:

"Doc, the first time you're out our way, I'd wish you stop in and see my wife."

"Is she sick?" asked the doctor.

"What's the trouble, then?"

"Well, this morning she got up at the regular time, about four o'clock, milked the cows, got breakfast for the hands, done her housework, churned, and long about ten o'clock she told me she felt a little tired. I expect she needs a tonic or something." — The Farmer's Wife.

The real enemy of any State is ignorance and the real remedy is an education which continues through life.—Lord Sankey.
