In point of workmanship these buggies cannot be surpassed for durability and elegance of finish and shows what our own people can do they only put forth the energy. We predict a handsome prize for Messrs B. & J. and they certainly should get it.

#### The Legislature.

This august body assembled in Raleigh on yesterday, but its "day's doings" have not reached us in time to appear in this issue. But our readers may rest assured that nothing of importance, likely to be of benefit to our people, was transacted, as the members Attorney to draw the lease, went uninhave been so long deprived of their public plunder as to make them "kinder

We confess that we cannot see any necessity for the present session, but the "ex-cornfield hands" (which class constitutes a majority in both Houses,) think it fun to draw seven DOLTARS A DAY, for a generous tax-paying public and the lease say, that Li thefield and will and must foot the bill. How long the Ring have moved McClure to bid, the present session will last and how in order to defeat the lease; this may be long its members will snarl and growl so, but the road can't be sold or leased over matters of no importance to the until the Gave nor is bought. ## North Carolina Railroad.

The railroad "ring" has been defeated and by its defeat, the interest of the people has not been jeop rdized. The lease of the North Carolina railroad to the Raleigh and Gaston railroad has been "squelched" by the vote of the private stockholders and the State, and as our cotemporary of the Wilmington Journal very appropriately remarks, it contains "a warning to the Legislature "and extravagant legislation of the past "session - a warning which will and " must be beeded."
