Poke Root! Wherever Poke Root grows, it has a local reputation as a Blood Purifier, and for the cure of Rheumatism. With all this local

reputation, and the praise of distinguished Physicians (Drs. Coe, Lee, King, Wilson M. Hunt, Griffits, Copland and others,) who have tested its medical powers; it has been neglected by the profession at large, as much through a want of a proper appreciation of its merits, as a knowledge of the proper way to prepare it for medicinal use. Dr. Oliver Crook, (a physician who devotes his entire time to the duties of his profession,) has fully tested the active medicinal qualities of Poke Root during the last 25 years, and unhesitatingly pronounces it to have MORE MERFF
—for diseases depending on a deprayed condition of the blood,—than any and all other articles named in the Materia Medica. Under his instructions our Chemist has combined the active medicinal qualities of Poke Root with the best Tonic Preparation of Iron, and we offer this preparation to the public under the above name.

MAIN STREET, N. C. ASHEVILLE, N. C. tarrh, Ozens and Dyspersia, is almost specific. September 28, 1871.

STANDARD REPORT OF THE SECOND STANDARD The Cause and Cure of Consumption. The primary cause of Consumption is derange-The primary cause of Consumption is derangement of the digestive organs. This derangement produces deficient nutrition and assimilation. By assimilation I mean that process by which the nutriment of the food is converted into blood, and thence into the solids of the body. Persons with digestion thus impaired, having the slightest predisposition to pulmonary disease, or if they take gold will be very liable to have Consumption of cold, will be very liable to have Consumption of the Lungs in some of its forms; and I hold that it will be impossible to cure any case of Consumption without first restoring a good digestion and healthy assimilation. The very first thing to be done is to cleanse the stomach and bowels from all diseased mucus and slime, which is clogging these organs so that they cannot perform their functions, and then rouse up and restore the liver to a healthy notion. For this purpose the surest and best remedy is Schenck's Mandrake Pills. These Pills clean the stomach and bowels of all the dead and morbid

slime that is causing disease and decay in the whole system. They will clear out the liver of all diseased bile that has accumulated there, and rouse it up to a new and healthy action, by which natural and healthy bile is secreted. The stonach, bowels, and liver are thus cleansed by the use of Schenck's Mandrake Pills; but there remains in the stomach an excess of acid, the organ is torpid and the appetite poor. In the bowels the support. It is in a condition like this that Schenck's Seaweed Tonic proves to be the most valuable remedy ever discovered. It is alkaline, and its use will neutralize all excess of acid, making the stomach sweet and fresh; it will give permanent tone to this important organ, and create a good. hearty appetite, and prepare the system for the first process of a good digestion, and ultimately make good, healthy, living blood. After this preparatory treatment, what remains to cure most cases of Consumption is the free and perserving use of Schenck's Pulmonic Syrup. The Pulmonic Syrup nourishes the system, purifies the blood, and is readily absorbed into the ci-culation, and thence distributed to the diseased lungs. There it ripens all morbid matters, whether, in the form of abscesses on tabaseless and then assists. Nature 10, expect ses or tubercles, and then assists Nature to expel all the diseased matter, in the form of free expect oration, when once it ripens. It is then, by great healing and purifying properties of Schenck's

Pulmonic Syrup, that all ulcers and cavities are healed up sound, and my patient is cured. The essential thing to be done in curing Con sumption is to get up a good appetite and a good digestion, so that the body will grow in flesh and get strong. If a person has diseased lungs—a cavity or abscess there—the cavity cannot heal, the matter cannot ripen, so long as the system is below par. What is necessary to cure is a new order of things-a good appetite, a good natrition, the body to grow in flesh and get fat; then Nature is helped, the cavities will heal, the matter will ripen and be thrown off in large quantities, and the person regain health and strength. This is the true and only plan to cure Consumption, and if a person is very bad, if the lungs are not entirely de stroved, or even if one lung is entirely gone if

there is enough vitality left in the other to head up, there is hope. For which we will pay the highest figures. We al. I have seen many persons cured with only one sound lung, live and enjoy life to a good old age. This is what Schenck's Medicines will do to cure Consumption. They will clean out the stomach, sweeten and strengthen it, get up a good digestion, and give Nature the assistance she needs to clear the system of all the disease that is in the lengs, whatever the forms may be. It is important that while using Schenck's Medicines, care should be exercised not to take cold keep in-doors in cold and damp weather; avoid

night air, and take out-door exercise only in a genial and warm sunshine. I wish it distinctly understood that when I re commend a patient to be careful in regard to taking cold, while using my Medicines. I do so for a special reason. A man who has but partially recovered from the effects of a bad cold is far more liable to a relapse than one who has been entirely cured; and it is precisely the same in regard to Consumption. So long as the lungs are not perfectly healed just so long is there imminent danger of a full re turn of the disease. Hence it is that I so strenuonsly caution pulmonary patients against exposing themselves to an atmosphere that is not genial and pleasant. Confirmed Consumptives' lungs are a mass of sores, which the least change of atmosphere will inflame. The grand secret of my success with my Medicines consists in my ability to subdue inflammation instead of provoking it, as many of the faculty do. An inflamed lung cannot, with safety to the patient, be exposed to the biting blasts of winter or the chillings winds of spring or autumn. It should be carefully shielded from all irritating influences. The utmost caution should be observed in this particular, as without it a cure under almost any circumstances is an impossibility The person should be kept on a wholesome and nutritious diet, and all the Medicines continued un-

il the body has restored to it the natural quantity of fl sh and strength. I was myself cured by this treatment of the worst kind of Consumption, and have lived to get fat and early these many years, with one lung mostly gone. I have cured thousands since, and very many have been cured by this treatment whom I have never seen. About the first of October I expect to take posssion of my new building, at the northeast cor-

ner of Sixth and Arch streets, where I shall be pleased to give advice to all who may require it. Full directions accompany all my Remedies, so that a person in any part of the world can be readily cured by a strict observance of the same.

EXTRACT CATAWBA

MILLIONS Bear Testimony to their Wonderful Curative Effects. They are not a vile Fancy Drink, made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquers doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herimor California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFE GIV-ING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters secording to directions and remain long unwell, provided their bones are not destroyed by mineral poisons or other means, and the vital organs wasted beyond the point of repair.

They are a Gentle Purgative as well as a Touic, possessing, also, the peculiar merit of acting as a powerfu

sgent in relieving Congestion or Inflammation of the Liver, and of all the Visceral Organs. FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspensia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitlated Blood, which is generally produced by derange-DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Bear Ernetations of the Stomach, Bad taste in the Mouth, Bilious acts, Palpitation of the Heart; Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred

other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system. FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pinples, Pustules, Boils, Carbuneles, Ring-Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally due up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their

curative effects. Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Emptions or Sores; cleanse it when you find it obstructed or sluggish in the veins; use it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow. PIN, TAPE, and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle, printed in four languages—English, German, French and Spanish.

Old prejudices are dying out. New facts are killing Old prejudices are sying out. New facts are killing them. The size that invalids, weakened by disease, can be relieved by prostrating them with destructive drugs, is no longer entertained except by monomaniaes. Ever since the introduction of Dr. Walkens Vingoas Birtrans, it has been obvious that their regulating and invigorating properties are all-sufficient for the cure of chronic hidigestion, rheumatism, constipation, diarrhosa, nervous affections and malarious fevers, and they are now the standard remedy for these complaints in every section of the Union.
