Ayer's Cathartic Pills,

For the relief and cure of all derange ments in the stome ach, liver, and bowels. They are a mild aperient, and an excellent purgative. Being purely vege-table, they contain no mercury or mineral whatever. Much eral whatever. Much serious sickness and suffering is prevent-ed by their timely use; and every family should have them on hand for their protection and relief, when required. Long experience has proved them to be the saf-est, surest, and best of all the *Pills* with which the market abounds. By their occasional use, the blood is purified, the corruptions of the sys-tem expelled, obstructions removed and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleansed by *Ayer's Pills*, and stimulated into action. Thus incipient disease is changed into health, the value of which change, when reckoned on the vast multitudes who enjoy it, can hardly be computed. Their sugar coating makes them pleasant to take, and preserves their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution, or diet, or occupation. serious sickness and

Ayer's Ague Cure, For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons. No one remedy is louder called for by the necessities of the American people than a sure and safe cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any quantity. founded on proof, that no harm can arise from its use in any quantity. I That which protects from or prevents this dis-order must be of immense service in the com-munities where it prevails. Prevention is better than cure, for the patient escapes the risk which he must run in violent attacks of this baleful dis-temper. This "CURE" expels the miasmatic poison of FEVER AND AGUE from the system, and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we sup-ply for a dollar brings it within the reach of everybody; and in billous districts, where FEVER AND AGUE prevails, everybody should everybody; and in billous districts, where FEVER AND AGUE prevails, everybody should have it, and use it freely, both for cure and pro-tection. It is hoped this price will place it within the reach of all—the poor as well as the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is, that it contains no Qui-nine or mineral; consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease. Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of dis-orders arise from its irritation, among which
