HEART-BENDING TRAGEDY.

Last night about midnight a tragedy was enacted in this city, that probably was never equalled for deadly effects, forceity and constaral hate. We have ime only for a hasty account of it. A fierce feud had long existed between two brothers

named John Paul Evans and Robert M. Evans, members of an old and well known family of this city Their grandfather laid out the town of Evansvill They have made several attempts heretofore on each ther's lives.

Robert went to a ball at Mozart Hall yesterday vening, with a lady. Over a hundred people were here. About midnight Paul tame in intoxicated. there. He walked up to his brother and asked him to drink. His brother refused, whereupon Paul drew a knife, seeing which Robert drews six shooter. Paul scepped back and drew a six shooter. Robert drews knife and put it between his teeth, and commenced firing. Paul returned the fire, and each fired six shots, and ther closed and used their knives. They were mortally wounded.

Paul started for the front door and went out, was followed and brought back, and died in twenty minutes. He was shot in the upper part of the breast and cut several times in the abdomen.

Bobert, when Paul left the room, followed him as for as the inside door, where he fell, struck the wall and skined his face. He was carried to a temporary couch, and lay insensible nearly three hours, when he slao died. He was shot through the left lobe of the brain, and in the right side, beneath the ribs. They both secured to die of inward bleeding. During the encounter, a younger brother, Berry, shot three balls at Paul, one of which it is said bit him. TOWN, COUNTY AND STATE. GREAT FIRE IN NEWBERNI-IMMENSE LOSS OF PROPERTY.

NEWBERR, (Tuesday,) Janury 15th.

NEWNER, (Tuesday,) Janury 16th. An immense fire consurred in this town this marning. It originated, we are informed, between Meesre C. A. Hart, Bro. & Co.'s large Tin & Shoet Iron Manufacto-ry, corner of Broad and Middle streets, and the City Restaurant, kept by Mr. R. Wilkins, and formerly oc-cupied by Mr. F. Bangeret. In a short time both timediate danger. The Court House was soon enveloped with fire, and being a three story building, and but few of our eiti-rone being present, it was thought useless to try to save it. The old town clock chimed out the hour of five, but a moment after the whole roof of the build-ing was falling in. Before 6 o'clock, large humbers of peoples were col-lected around the Court House, and exerted themselves with determined vigor to arrest the progress of the five.

The store of Mr. Philips, on the West corner, and Mr. Fulford, on the North corner, and Mr. William's Bakery, on the East corner of Broad and Middle streets, and the market bouse in the middle of Broad atreet, narrowly escaped the devouring element, with several others, among which was the residence of Mr. Graham.

Our officers labored hard, and finally checked the flames under many disadvantages. The fire, being up in the centre of the town, some distance from the rivers, no water could be got, excepting that in the pumps, and they were soon nearly all drained. The property consumed was considerable. The Messrs. Hart & Co.'s stock alone, we heard estimated

HOMICIDE.

We learn that on Sunday last, 13th inst., an alter estion occurred between Mesers. Owen R. Cowan and Jesse B. Bowden, in Rocky Polat District, in this county, which resulted in the immediate death of the county, which resulted in the immediate death of the former. From all we can gather, the circumstances appear to be as follows: OL Sunday Mr. Cowan and Mr. Bowden met at the house of Mr. John Wadkins, and atter a while Mr. B. belt for the purpose of going home. After going about \tilde{g} of a mile, he looked back and as Mr. Cowan approaching him, and when he (Cowan) got up to him (Bowden) and after some words passed, Mr. Cowan struck Mr. B. with a large licko-ry stick three or four times: after helm attend the ry stick three or four times; after being struck the last time, Mr. B. closed in, and cut him with a knife in the back below the shoulder blade, from which Mr. Cowan died in about an hour. An examination was held on Tuesday, we believe, before three magistrates, and Mr. Bowden gave \$2,000 bail for his appearance at April Superior Court. Mr. Bowden is a young num of peaceable character, and acted for self-protection, as Wr. Cowan is represented to have been a man of violent character, and in the habit of carry-ing arms. Mr. C. was about forty yeas old, and leaves a wife and two or three ebildren. — Wi. Jourald.

THE ARMAMENT OF NORTH CAROLINA .-- The Com-The Analysis of August August A. - The Com-mission for the purchase of arms, appointed by the Legislature, met in Raleigh on the 12th inst. It was composed of Gov. Eilis, Col. Tew, of the Hillborough Military Academy, and Maj. Hill, of the North Caro-lina Military Institute. It is not proper that the kind and quality of the arms agreed upon should be renarrally known. But the memory of the State may generally known. But the people of the State may rest satisfied that the purchased arms, together with what we now have, will make North Carolina one of the best armed and equipped States in the South. Charlotte Bulletin.

We neglected to notice sooper that the late visitors to Fort Caswell had returned. We learn they were politely treated by the Sergeant stationed there, who surrendered at discretion, and did all in his power to render their stay agreeable. We see, by the Journal of yesterday, that at a meeting of some of the Minute Men, held the night before, it was resolved to present them with "some tangible evidence of their regard." We are informed that the proceedings of the meeting would have appeared in the Herald, if a copy could have been prepared in time .- Wilmington Herald

PAINFUL ACCIDENT .- We regret to learn that a painful accident occurred at Magnolia. Duplin county, on the morning of Satarday, the 12th instant, resulting in the death of a boy or youth some twelve or fifteen years of sge, son of Mr. J. W Johnson, of this county.

It would seem that he had been out gunning along with mother school boy, a son of Mr. G. A. McClammy, when, probably in crossing a fence, the gun of the latter went off, lodging the contents in young Johnson, causing his death in the course of the day. [Wilmington Journal: BCS_ We learn that an affray occurred at a house of ill-fame, in this town, last night, during which a man named Hastings, who is the steward of the schooner De Rosset, cut five men with a knife, two of whom are very seriously wounded. One of the latter is from Alexandria, Va., and bears the name of Nevill Barnes. They were up before the Mayor, this morning, and Hastings was sent to jail, to await the result of the wounds inflicted by him. - Widnington Herald. MAN KILLED .- We learn that on Friday evening, freight train on the Wilmington & Weldon Railro ran over and killed a man named R. A. Johnson, accident occurr d between Leesburg and South Washington. The deceased had been put off the up mail train, and must have staid about the road, or lain down upon the track .-- Wil. Journal.

He has been pronounced, by those who claim to know, "the perfection of horse firsh." We rely upon the good people of Anson county in particular, and the neighboring counties in general, for their pa-tronage, as we have incurred heavy expense in the urchase of this horse, and thus placed the means of mproving their stock at home within their reach. its nervous form it is sympathetic of disease of the stonneh constituting sigh headerhe, of hepatic disease

Costiveness. Other originating in carelessness, or su-dentary habits; it is regarded as a slight disorder of too

Among the lighter evils of which extiveness is the usual attendant are Headache, Colic, Rheumatism, Fool Breath, Pites and others of like mature, while a

long train of frightful diseases, such as Maliguant Fe

"THE LAST FEATHER BROKE THE CAMEL'S BACK.

A good thing is likely to come of our present troub-les: it will result in the downfall of many an uprinci-pled relitician, North and Sonth. They have been committing abuses upon the people for years, deceiv-ing them with lics and misleading them by perversions of truth, until now they have attempted to lead them to break up the best Government in the world and fing themselves and their families into the horrors of civil war, resulting in general destruction to life, country, property, and civilization. This last abuse of couffdence, like the last feather la'd upon the prtient and enduring camel's back, has broke the spell which bound the people to the politicians, and now look out, gentlemen. The cumel fell to the earth under the gentlemen. The cumel fell to the earth under the fabled burden which had been piled upon him, lit-tle by little; but the people have not yet fallen hope-lessly; they will arise, and with a power sufficient to teach their tormentors that it is a fearful thing to triffe with their lives, their honor and their dearest inter-ests. They are fixing their eyes upon every man who is now helping to consummate the rain of their nation-al heritage, and we be to them.—Saliebury Watch-

THE TRADE OF CHARLESTON.

There is no doubt that the state of affairs in South Carolina has hurt the trade of Charleston, and to remove the impression that only vessels bearing the Pal-metto flag can enter the port of Charleston, Governor Pickens has addressed, the following note to G. B. Lamar, President of the Bank of the Republic, New York

Sir-Please have it authoritatively published that no flag and no vessel will be disturbed or prevented from entering the harbor, unless bearing hestile troops or manitions of war for Fort Sumter. All trade is desired, and all vessels in commerce only, will be glad-ly received. F. W. PICKENS. ly received.

PRETTY GOOD. The Hon. James McQuade, of Utles, says of Lin-coln's Cabinet: "One thing is settled.—Greeley is to go into the Cabinet. He is to be Secretary of the Ex-terior—his pricipal duties, to watch the thermometer, and tell how cold it is out there. Brush up that white coat, Mr. Greeley, or turn it between now, and the 4th of March. Otherwise you will freeze, unless you employ Mr. Rhett, as Chief Clerk of the Department. He is the only man in the count y, who can keep the mercury at a high tempe-rature, blood heat being its normal condition while in his hands.—Wilmington Herald.
