REGISTRATION. - There seems to be some misunderstanding as regards the registration places in the Fifth and Third Wards. Voters in the 3rd Ward will register at Neel Gerkin's Store, corner of 6th and Mulbery street. Those in the 5th Ward, at Anthony Howe's Shop on Queen street, between Third and Fourth.

THE drawing of the Medical College prizes will surely take place on the 13th of next month. The tickets are selling bravely, and we hope to see all of them taken before the day of drawing. The enterprise is in good hands and fairness will be given without tail.

INDEPENDENCE AND FREEDOM .- The many calls upon me by my Republican friends to define my position in regard to the County nominations, I hereby announce myself an independent candidate for the position of Representative in the next General Assembly.

My platform is freedom from the ash of slavery, and the lash of party. Honesty and intelligence, Civil Rights and equality before the law.

- The list of Agricultural Colleges and Farmer's Clubs of the United States, shows that there are 26 Agricultural Associations in North Carolina, but it classes the Cape Fear Agricultural Association and the New Hanover Agricultural Society as Township Societics, which is a great mistake. The former comprise some fourteen counties, and the latter is a county organization.

WE are charged with trying to injure the fair name of North Carolina, by publishing ku kluw outrages. The Radical Liberal Republican Democratic papers are doing much worse, for every row in which Republicans become involved is denominated "Radical ku klux," etc. Now, in the first place, everybody knows that this ku klux organization was formed and managed entirely in the interests of the Democratic party. It has not even been denied that the success of this party was their sole end and aim. This is the more evident from the course of the Democratic press. When ku klux were brought before Judge BOND and punished, these papers denounced the Judge. When Judge Brooks released some of them he was lauded to the skies. The former was Buchanan's death to the malice of a disone of "Grant's minions," and we heard much of "unconstitutional laws" and " despot sms." Was anything said against Federal interference when Judge BROOKS issued the writ of habeas corpus for ku klux arrested under a State law? Oh, no. Do we hear of "despotism," "Grant's minions," "a Jeffreys," or "anarchy," now? Oh, no! This is the proper thing. We have had occasion to speak of this Cross case several times, and we now have the facts as sworn to by himself .-He didn't even have to flee to the woods to spend the night. He was in a noisy crowd, and was insulted, and drew a razor. He got hit and run. The crowd followed, and a policeman protected him. He went to the ball and heard the speaking, and " went home unmolest-

ed between 11 and 12 o'clock." Now, gentlemen, who is trying to make political capital out of a small row? The flaming editorials which have appeared all over the State about this man Cross can be counted by scores, and it only amounted to a personal encounter, such as we often have in this city. We are perfectly willing that this matter should be investigated before a United States Commissioner. It is in accordance with our ideas, and what we have always advocated.
