## LOCAL ITEMS.

All sorts of blanks printed and for sale by  
G. H. Hall, Office on Princess st.

The democrats have a pow-wow tonight.

Clerk of Superior Court is out of the city to-day.

Registrars should be at their places of registration by sunrise every morning.

IN WANT OF ATTENTION.—The alley adjoining the College of Physicians and Surgeons.

Glorious news from Carteret. Our friends expect to carry it by a large majority. Keep the ball rolling.

No man can register on election day, and no one can vote unless he has registered previous to the election.

Mr. Schenck and others are canvassing the county thoroughly in the interest of the regular Republican ticket.

Gen. Rutherford is expected in this city on this evening's train, for a short visit to his home and many friends.

The importance of organization cannot be overestimated. See that every man is registered and every voter polled on election day.

Don't forget that Messrs. Douglass and Langston will address the citizens of Wilmington, in front of City Hall, on Friday night.

Keep it before the people, all the blood that has been shed by the K. K. K., rests to-day upon the shoulders of the Democratic party.

Tell the people that Joe. Turner the Democratic Editor, got \$10,000 out of the poor people of North Carolina, for the impeachment trial of Holden.

Remember that the Democrats have two hundred thousand dollars to bribe the people of North Carolina, to vote against the party which has saved the country.

REGISTER.—Don't forget to Register. Every man that expects to vote on the day of election had better see that his name is on the registration books before election day.

Our friends must understand that we want the election returns as rapidly as possible, from every township. Send them down as promptly as possible after the result is known.

Hon. Francis L. Cardozo, Secretary of State of South Carolina, is in our city, and will address the people on Friday evening next. Let everybody turn out and hear Messrs. Douglass, Langston and Cardozo.

INDEPENDENCE AND FREEDOM.—The many calls upon me by my Republican friends to define my position in regard to the County nominations, I hereby announce myself an independent candidate for the position of Representative in the next General Assembly.

My platform is freedom from the lash of slavery, and the lash of party. Honesty and intelligence, Civil Rights and equality before the law.  
J. M. WISE.

## THE TOWN CRIER.

Warm!  
Gold 114 1/2  
Thermometer —  
Have you Registered?  
Be sure and Register to-morrow.  
Old Prickley Heat has arrived and it both ye inhabitants.

Many Sound parties delight the youthful, and weary the horses.

We will hear to-night what "Allice" Waddell knows about kix-kixing "Carpet Baggers."

Will the "dear old flag" so much beloved by the liberal Republicans were over WADDELL's head to-night?

Miss Bradley's school house is rapidly approaching completion. The upper story will be capable of seating a thousand persons, and it is believed that its acoustics will be perfect.

Secret circulars have been issued, inviting the faithful to a secret caucus in the interests of the Greeley republicans who are trying to defeat the State ticket. A fearful responsibility rests upon these men.

**Mayor's Court.**  
His Honor JAMES WILSON, Mayor, presiding.

The following cases were disposed of: RODERICK MCKENZIE, charged with being drunk on the streets—case dismissed.

EDWARD BURNES, charged with sleeping in the streets—case dismissed.

WM. SMITH, charged with disorderly conduct, being drunk and sleeping in the streets, was required to pay \$5 costs.

The political canvass in this county is being vigorously pushed, notwithstanding the intense heat of the weather, and the different candidates, and their friends, are advertised to make addresses in many of the precincts of the county during this week.

A correspondent of the New York Herald says that the Democrats have sent two hundred thousand dollars to this State to carry it for Merriam. It is from Tammany we suppose, of the money that was once drawn from the New York City Government, by Democratic Paced and others.

"Oh! for a lodge in some vast wilderness, Some boundless contiguity of shade; From Greenland's icy Mountains, Mother may I go to swim."  
No go—too hot—our music is silent and the heat overcomes us. At a more convenient season. Ice! Ice!!

FISHERMEN bring fish to market in large, metal lined boxes with light fitting covers, in which they place lumps of ice when they get to town. This is decidedly economical, as it saves the transportation of the ice to the sounds and back, but it don't benefit the fish much.

JUDGE Cantwell will take the stump Monday next, in New Hanover County, for the regular Republican ticket. He advises every one to support the party, and have no dissatisfaction. We are glad to state that everything is now getting harmonious, and the party is unanimous for the regular ticket, on the ground that they will not submit to Democratic Legislatures any longer.

**Register! Register!!**  
The attention of voters is again called to the fact, that an entire new registration is required in said Ward, in consequence of its having been divided into two election precincts.

All persons living north of centre of Bladen and Moore streets will register and vote at Thornton's cart house.

All South of Bladen and Moore streets will register and vote at Brooklyn Engine house.  
Every one is required to register before election day, as there can be no registering done on that day.

We have been informed that Mr. Galloway, the man who is running for the Legislature in Brunswick county, tried to have a row with Capt. E. M. Ross, at Smithville, on Monday last, while Capt. R. was replying to Mr. Galloway's speech. And some of Mr. Galloway's friends informed Capt. R. that it would not be safe for him to canvass the county with Mr. Galloway. What does this mean; are the democrats trying to intimidate our speakers? That's played out in this country. Republican speakers don't scare worth a cent.

**PLACES OF REGISTRATION.**—1st division of first Ward, Thornton's Cart House.

2d division of First Ward, at Brooklyn Engine House.

2d Ward, at Court House.

3d Ward, at Neil Gerken's store, corner of 4th and Mulberry streets.

4th Ward, Ann Street Engine House.

5th Ward, Anthony Howe's shop on Queen street.

The Republican speakers tell the honest people of North Carolina, that the Democratic Legislature raised Judge Shipp's salary from \$2,000 (which was the amount under the Republican Legislature), to \$4,800. Just think of raising \$2,800 out of the poor people of this State, for one of the party of nobility.

We are glad to be able to state that the efforts of the Cassidy Brothers, to raise the light ship *Arcle* (which was accidentally and prematurely launched from their railways on Sunday night), is about being crowned with success, and the prospect is that these gentlemen will soon have the vessel on their ways again and complete the work begun on her.

**PEDESTRIANS** who have occasion to pass along South Second street will pronounce benedictions on Mr. W. A. Cummings for the very substantial brick sidewalk, with flagstone trimmings, which he is having put in front of his residence between Orange and Ann streets. We attribute this and many other valuable improvements on the streets of our city to the influence of the Post.

**CAROLINA YACHT CLUB.**—We again ask what has become of this once famous association of gentlemen, and where are the beautiful yachts that were the pride and admiration of all who were accustomed to participate in the many regattas that enlivened the waters of Masonboro and Wrightsville Sounds? Really, gentlemen, bring out the fleet of fast pleasure craft, and let us again have some of the good old times that we used to enjoy.

The days are speedily flying, and soon will come the important hour when the ballots are to decide whether this State shall live under a free system or not. A few short days more, and it will be decided whether our beloved Constitution is to be altered and shaped to defeat the great principles for which it was formed. Only a few more days to labor, and one day to cast our ballots, and then we must decide the result. Will it be for war or woe? Are the rights now guaranteed to us by the Constitution to be endangered and swept away, or will it stand as a rock amid the billows, our defence and shield in time of danger. Do our friends sufficiently comprehend this great crisis? Are we to be overthrown, or shall our Constitution stand firm as our Western hills? A few short days will decide. Our enemies are jubilant and boastful, but they are divided in many counties of the State. If we are united and labor to our end—success—it will certainly be ours. Is it not worth working for? Let us forward minor difficulties, and press onward for success, and we shall attain it. On the local canvassers now devolves the labor. See that your men are all properly registered, and then see that they all vote! You must all labor hard from now until the sun has set on Thursday night, and the ballots are counted. And may it be written of our canvassers in every township: "Well done thou good and faithful servant."

## STATE ITEMS.

On Sunday last, the Rev. Mr. Burwell Temple, aged 80 years, baptized two persons in the Neuse river, in Wake County.

BAD boys, have within the past week, destroyed fifty dollars worth of glass in the windows of the Baptist Church in Raleigh. Shame.

On Monday last, Miss Mary Crawford, in Wake County, was run over and severely injured, by two enraged bulls that were rampaging on her premises.

The Charlotte Bulletin makes some very sensible and timely remarks about the disgraceful practice prevalent at this time among certain of the political newspapers of this State, of exhausting all the abusive epithets of the language, in their denunciation of those who may honestly differ with them in matters of vital interest to the whole country.

"A Democratic national triumph means a restoration to power of those who deserted their seats in Congress and their places under the last Democratic President to plunge the country into the red sea of secession and rebellion. Through you paint an inch third, to this complexion you must come at last. The brain, the heart, the soul of the present Democratic party is the rebel element at the South, with its Northern allies and sympathizers."  
Horatio Greeley.

"Bilious."  
If you feel dull, drowsy, debilitated, despondent, have frequent headache, mouth tastelessly in morning, irregular appetite and anque coated, you are suffering from Biliousness. In many cases "Liver Complaint" only a part of these symptoms are experienced. As a remedy for all such cases, Dr. Pierce's Golden Medical Discovery has no equal, as it cures perfect cures, leaving the liver strengthened and healthy. Sold by all first-class druggists.

It is unnecessary the anguish many persons undergo from rheumatism, gout, neuralgia, toothache and carache. We say unnecessary because the application of MEYER MUSTANG LINIMENT to the affected part, or a few drops of it in the affected part, affords instantaneous relief. For cuts, wounds, bruises, swellings, and all injuries or distillments require treatment externally, this liniment is everywhere regarded as the most potent and reliable healing agent in existence. For all external injuries or ailments of horses and cattle, it is invaluable.
