Just received at VanOrdell's another lot of those Beautiful Walnut Mouldings.

All sorts of blanks printed and for sale by S. G. Hall. Office on Princess st.

Will it never stop raining,

We will take less water in ours.

Work will be commenced immediately on the river improvements.

We wish that some one would get up an excitement.

I. O. M.—A meeting of this order is called for to-night. See advertisement.

BUSINESS on the river flourishing, and plenty of work to do on the wharves.

The river has not such a fuss as we anticipated, and is settling itself to its proper limits.

RETURNED.—Our Brink our efficient postmaster has returned from New York.

THERE has not been half the glorifying on the Republican side that might be expected at the joyful news.

THE Government Works at New Inlet are progressing finely under Capt. Phillips.

CONGRATULATIONS keep pouring in on the glorious victory achieved at the ballot box. We have indeed cause to be thankful.

REPAIRING.—The men and carts of the street department are hard at work on the streets, and will soon put them in good order.

QUERY? When is the wall back of the Court House going to tumble down and who is going to suffer by it, the county or the property owners of the rear lot?

BALLOU'S MAGAZINE for September, has been received. It contains the usual number of choice stories, poems, and fine engravings, Boston, Thomas & Talbot.

DOUBTING THE GLIMS. The combined wind and rain extinguished several of the lights about the city making it uncomfortable for pedestrians. In these cases, it is the duty of the patrol to re-light them immediately.

HELD IN BOND.—MOSES WILSON the colored man whose arrest caused so much comment from the morning papers came before His Honor, the Mayor to-day and his case receiving an impartial hearing, he was bound over to appear at the Superior Court in the sum of two hundred dollars. He is now in the guard house waiting for trial.

PROCLAMATION. The following names were proclaimed according to law from the Court House on Tuesday, as duly elected. Sheriff, J. W. Schenck, Senate, Geo. L. Mabson. Legislature, James Heaton, Alfred Lloyd, Wm. McLaurin. Coroner, Edward D. Hewlett. County Commissioners, Silas N. Martin, E. M. Shoemaker, Jas. A. Lowery, A. H. Morris, A. R. Black. Register of Deeds, Joseph C. Hill. County Surveyor, Henry A. Colvin. County Treasurer, E. R. Brink.

THE TOWN CRIER.

Pleasant.

Gold 115 1/2.

Thermometer 80.

Delightful breezes.

The streets are getting into order.

Its very quiet after the stormy days.

Soft shell crabs, according to Gratz Brown, intoxicating.

Grapes, the most glorious of fruit, are becoming abundant, and we are happy.

Dudley & Ellis still furnish boots in spite of the rise in tanners and shoe makers.

Gen. Kilpatrick has sued the New York Times for slander. He had better come this way and go for a few of his political friends who formerly showed him up.

The time is fast approaching for the grand Gift Enterprise for the benefit of the hospital. All lucky men will invest two dollars and try a chance. Come down with the stamps! A good ball is waiting for some one.

MEN are busily at work wrecking the Confederate ram, North Carolina.—Large quantities of bolts and other metal fastenings are still under water.

The yacht Dolly Varden continues to excite the admiration of all Smithville by her fine sailing qualities. She is owned and sailed by Capt. Phillips of the United States E. Corps.

CUT.—THOMAS ALLEN took his little hatchet, and used it quite freely on a white boy yesterday. Both of the lads were to blame in the matter. The white lad was slightly injured. Tommy was given a fine of \$15 or a spell of thirty days in the workhouse. He will probably go there as he has no friends who can pay his fine.

R. L. SIMMONS, was specially deputed by E. H. McQuigg, U. S. Commissioner to arrest some colored men on the charge of intimidation, in Harnett Township. So three honest colored men have been brought up before a United States Commissioner to answer for it. This intimidation is charged as having been made before the day of election. We will keep the public advised as to the matter. We presume the Democrats will cry over Federal "despotism."

THE Cincinnati Commercial is in a worry because Greeley don't drink wine and he will (when he gets to the White House) have to entertain Foreign ambassadors, etc., who cannot dine without the stimulants. It needn't worry. If Greeley should happen to become President, why Gratz Brown has no temperance principles to speak of, and he could entertain and get as jolly drunk as ever Andy Johnson did in his palmy days.

G. U. O. OF. O. F., Free Love Lodge No. 1469 celebrated their first annual festival at the City Hall last evening. During the day a parade was had, in which all the members participated. They marched through the principle streets to the music of a fine band, and their orderly appearance, beautiful and tasty regalia, won favorable comments all sides. In the afternoon an address was delivered at Christian Chapel, by P. G. M. Samuel Davis of Portsmouth Va. The celebration terminated in a grand ball and supper at the City Hall, which was attended by a great number of their friends. The exercise throughout was of an interesting and pleasant character. The Lodge has been organized for a year, and already number among its members many of our most estimable colored citizens.

We clip the following from the Lake Shore Enterprise, published at Tonawanda, N. Y. It will be read with interest by Maj. Griswold's many friends here. We congratulate our friend on his escape:

ALMOST AN ACCIDENT.—As Mr. Griswold of Grand Island, was about to cross the river from this side, at the upper ferry, a few days since, with his carriage, when about descending from the top of the hill, a strap broke letting the carriage pole drop, precipitating the carriage on to the horses and down the hill. The carriage containing himself wife, daughter and son, who in consequence of a load of hay that chanced to be standing at the foot of the hill, were probably saved from being thrown into the river. It was a fortunate escape from serious accident.

Mayor's Court.

His Honor JAMES WILSON, Mayor, presiding.

Six cases in the Mayor's Court to-day.

One for larceny, and four for disorderly conduct.

MOSES WILSON—Larceny. Held to appear at Superior Court, in a bond of \$200.

EMMA STEWART—Disorderly conduct. Case continued.

MATT STEWART—Disorderly conduct. Continued.

GEORGE DAVIS—Took a spree and was found drunk on the streets. Dismissed. Will do so no more.

THOMAS ALLEN—Striking a boy with a hatchet. Fifteen dollars fine, or thirty days in the workhouse.

NEXT Wednesday, August 4th has been selected as the day for our Jubilee. Let our friends come in from the country prepared to have a good time. Extensive preparations will be made, and we expect to show to our opponents, that we can be jubilant and at the same time orderly.

Editor Post:—In the Star of this morning is a statement that in the First Ward Polls of this city "nineteen colored men registered on election day" as it is informed.

I beg to state in reply that not one single name was registered on election day in my precinct.

Respectfully,
J. N. VAN SOULEN,
Register First Ward.

Dear Post:—Under the head of Fraudulent Voting in the Star of this morning, we see it stated that "nineteen" colored men registered on election day, who could give no justifiable excuse for their failure to do so before. In justice to ourselves we deem it proper to say that such is not the fact, as will be attested by Mr. J. W. Conoley, a Democratic Challenger on the day of election. Six or seven votes (of whom two were Democrats) were allowed to vote from the old registration books, which we were advised was according to law. If any fraud was practiced, and the law so palpably violated, why does the informant of the Star not institute the criminal prosecution provided for in the Election law, which he would do if there was any semblance of truth in the charges made.

OWEN BURNETT,
S. L. POTTS.

The difficulty arose from a political discussion.

OWEN MCGOWAN is the name of the person who died suddenly at the Cottage Hotel in Raleigh a few days ago, and his brother Philip McGowan is a card in the News, returns thanks to the good people of that city for their care and attention to him who was a stranger in a strange land.

Vitalize the Hair.—Why does the hair become harsh and dry—why does it fall out—why does it become gray? Simply because the life has gone out of it. The fibers draw sustenance from the scalp as the grass draws aliment from the soil, and when the supply of nutriment is cut off in either case the product withers and dies. At the first symptoms of decay, therefore, the unfed or half-fed roots of the hair should be refreshed and reinforced with LLOYD'S KATHARON, the only preparation which will nourish the filaments and keep them in a vigorous condition after they have begun to suffer from a deficiency of their natural stimulant. As long as the Katharon is faithfully used, with a proper degree of friction, morning and evening, so long will it be impossible for the hair to wither or fall out from the scalp.
