LOCAL ITEMS.

VOTE FOR GRANT.

Just received at VanOrsdell's another lot of those Beautiful Walnut Mouldings.

All sorts of blanks printed and for sale by S. G. HALL. Office on Princess st.

CHATEL Mortgage Deeds for sale by S. G. HALL.

WANTED—A lad about fifteen years of age, who is active, intelligent and desirous of learning the Dry Goods business. Address, Clerk at this office, in own hand writing, until 20th inst.

The water in the Cape Fear continues low.

PHEASANTS continue their attentions.

RICE BIRDS are becoming plentiful.

THE dust is rapidly accumulating in the streets.

THE watermelon stock is becoming very "thin."

It is quite sickly on the plantations about now.

ELECTIONS are "red hot" in the Northern States.

THE weather is gradually becoming warmer, and when it gets hot again, look out for fevers.

SECOND Ward Grant and Wilson Club meets to-night at the Armory Room. A full attendance is desired.

THE Black fish party had a gal-orous time yesterday, and captured many fish. This is wholesale sport.

GRANDS and howls in a blacksmith shop aroused the neighborhood to-day, but no one was hurt, which was bad for the locals.

THE delicious scuppernon grapes are fairly in market. You can always eat just one more, and it is as good as the balance of the peck.

CANNOT the society for the prevention of cruelty to animals provide umbrellas for the poor bare-headed birds now languishing under a burning sun?

CORAL.—We saw in Mr. Hall's printing rooms to-day, a beautiful branch of coral, larger than a deer's antlers, and white as its native sea foam. Truly the toilers of the sea are wonderful.

THINGS have come to a funny pass and get more amusing every day. Democratic Editors of Greeley papers are denouncing straight out Democrats and advocating an old line abolitionist.

THE Greeley papers are abusing "Black Pomeroy." He is as good a Democrat as ever, but we knew they would get sick of him after awhile. His dirt eating for the Southern cause, made him a stench in the nostrils of honest men, years ago.

THE TOWN CRIER.

— Warm.

— Gold 118 1/2.

— It's duller than a hoe.

— Bad weather for young ducks.

— Mebane & James say the thermometer is 79.

— Mr. Evers' building near the Post, is rapidly approaching completion.

— Shocking experiments with a galvanic battery at the College of Physicians and Surgeons, started the recipients yesterday.

— Messrs Taylor & Giles have moved into their new building on Princess street, where they are willing to insure a few more disconsolate.

— "OUR PET" is a beautiful little monthly, published at Charlotte, by Mrs. Addie Paul at \$1 00 per annum. It is well worth the price, some of its articles actually being better than those in the Post! What more can we say?

— PAINTERS, whitewashers, carpenters, etc., are all busily engaged now beautifying the houses of their patrons. To our New York friends we would say our May 1st comes on the first of October.

Mayor's Court.

His Honor JAMES WILSON, Mayor, presiding.

THE charge against John Speight for selling without a license was discharged for want of sufficient evidence.

FRANCIS HOLMES, HENRY PAYNE, and HARRY THOMAS—Three youths of tender years, but depraved habits were before His Honor, on a charge of disorderly conduct, and in default of the costs they were incarcerated in the jug for the space of ten hours each.

COUNTY COMMISSIONERS.—Board met pursuant to adjournment, all the members being present.

Ordered that the tax books for the Real and Personal and other taxes listed for the year 1872, be and by this order are accepted, and the Clerk of this Board is directed to sign the same and affix the seal of the County Commissioners thereto.

It is further ordered that the Clerk retain the custody of said tax books until the Tax Collector shall come for ward and qualify as required by law.

The following report was adopted.

The Committee on Poor House, to whom was referred the petition of H. E. Scott, Superintendent, beg leave to recommend that the purchase of the articles called for be allowed, also that the whitewashing of the rooms of the main building, out-houses and fences be done.

Mr. O'Connor filed his bond as Stand-ard Keeper, and was duly qualified.

HORRIBLE ACCIDENT.—We learn that a man named Jim Boone, living near Jackson, Northampton county, killed himself on Thursday morning last. "With the simple remark that, while no member of a partnership can of his own mere motion break up the concern, taking so much of its property as he considers his share, I WOULD CHEERFULLY HAVE CO-OPERATED WITH YOU in devising and promoting peaceful means of liberating the Cotton States from a hated bond, had they not chosen rather to break out, and to take with them what ever they could lay their hands on. I remain yours HORACE GREELEY." Letter to S. M. Hawkins, Grenada, Miss.—Tribune, March 20, 1851.

"But nevertheless we mean to conquer them—not merely to defeat, but to conquer, to subjugate them—and we shall do this the most mercifully the more speedily we do it. But when the rebellious traitors are overwhelmed in the field and scattered like leaves before an angry wind, it must not be to return to peaceful and contented homes. They must find poverty at their firesides, and see privation in the anxious eyes of mothers and the rage of children."—Tribune, May 1, 1861.

When the Democratic orators talk of forgiveness we are ready to listen to them, for forgiveness is a manly and a christian duty; but when they ask us to forget, they make a demand to which, without exalting our manhood, it is impossible to accede. Is there anything to be ashamed of in the struggles of the Republic to govern itself that the citizens of the Republic should be denied them from recollection? Was it a good deal to rebel? Was it a bad one to encounter and suppress rebellion?"—Tribune, March 3, 1863.

"THE Republicans uniformly testify that there was AN ORGANIZED AND ARMED CONSPIRACY, whereby they and especially the blacks, were deterred from voting—that offering to vote would have cost them their lives—that the Democrats were determined to carry the State for Seymour, and did carry it by SYSTEMATIC TERRORISM, against which the poor and humble dared not contend. * * * Now, the Ku Klux organization may be active in this locality and dormant in that—may seem dead to-day—AND BE REVIVED TO-MORROW—BUT THE KUKLUX SPIRIT STILL LIVES AT THE SOUTH AND IS VERY FORMIDABLE."—N. Y. Tribune.

We clip the following from the Troy (N. Y.) Whig:

"Some three months since Dr. R. V. Pierce, of Buffalo, N. Y., commenced advertising in the Whig, an article called Dr. Sage's Catarrh Remedy. We believed at that time it was one of the catch penny arrangements to swindle people out of their money, but during the past few weeks have become convinced to the contrary. We know of several prominent citizens who have suffered from that distressing disease 'Catarrh' and they pronounce Dr. Sage's Remedy no humbug, and in several instances have been entirely cured. We desire to give Dr. Pierce the benefit of the same.

Beauty's Best Auxiliary.—Ask the belle of the season what appointment of her toilet table holds the highest place in her esteem, and she will reply, without a moment's reflection, HANNAH'S MAGNOLIA BALM. Nothing, she is thoroughly aware, contributes so powerfully to enhance her charms and render her irresistible as that most delightful and healthy auxiliary of Beauty. By using it ladies are enabled, long after they have passed the meridian of life, to preserve the youthful bloom and purity of their complexions, and where Nature has denied that superlative attraction, the Balm fully compensates for her deficiencies.

MUSIC BOXES.

I desire to call the special attention of the musical public to these charming instruments. There are many ladies and gentlemen who listen with delight to the musical performances of others, but who, unfortunately, do not perform on any musical instrument. To such persons the Musical Box supplies a great want, and to invalids, especially, it is "light in the household." Many persons are under the erroneous impression that Musical Boxes are not durable. A good instrument will last as long as a good watch, with equal amount of care, and an occasional cleaning and repairing.
