THE officers and crew of the steamship Lucille did good work at the fire last night, for which the sufferers are and on investigation it was ascertained thankful

The usual annoyance of varioutraders, with song books, lemona le etc., had to be endured, and the weather was extremely hot, but we believe most of the audience were satisfied. The animals were in good condition and many curious ones were on exhibition. We recommend this show to our breth ren of the press, as one worthy of pa-

DISASTROUS FIRE .-- About a quarter to eight o'clock last night, an alarm of fire was given from the market house, that fire had broken out in the property belonging to Mrs. P. K. Dickinson. GREAT EASTERN CIRCUS.-This large | situated on North Water street. Before the fire department could place themselves in working order the entire shows we have seen here in some building was in flames. The property time, though there was less fine riding | was occupied by Messrs. Sternberger than we have often seen. The trapeze G. F. Alderman & Bro., Geo. F. Herbert, Chas. Wessell & Co., for mercantile purposes. The flames spread rapidly from the original point until the whole property was wrapped in the firery elements.

Our reporter was on the spot almost immediately after the alarm had been given, and gives his testimony to the promptness and energy displayed by the fire companies and the Hook and Ladder organizations. Through their exertions the flames were prevented from spreading to the surrounding buildings. A fierce wind prevailed at the time, and vast damage might have Abstract of County Treasurer's Account | resulted had not the department worked as nobly as it did. A large vo'unteer force organized for the purpose of saving the property, and their exertions were rewarded in the saving of large quantities of goods. We noticed crowds of thieves who, with a pertinacity worthy of a better cause, engaged themselves in breaking open and carrying off bacon, flour, and whisky. A stop was soon put to this little amusement by the City Marshal, who placed guards for Central Park, arrived from Europe last of policemen over the removed proper tv. The losses cannot be accurately ascertained, but our estimates place Alderman & Bro.'s at \$1,000; G. F. Herbert at \$6,000; Wessell & Co , \$2,000; E. Feshau \$700. The loss to the estate his loss. will probably reach \$7,000. Insurance was had in the Liverpool, London and

This, the blundering and crimin: 1 action of our late Commissioners, now the theme of discussion and comments on the part of the free press, North and South, has not only seated upon the bench of the present Board and inala led took a as Coroner men that were not elected by the people to the offices they now assume. It has not only emasculated the administrative strength of every man called to perform official duties in the county for two years to come, but it has actually undermined the aggregate result of the election, and has radically changed the political complexion of the county, proclaiming it to have gone for Merrimon and Waddell, therefore for Greeley; while we stand irrepressibly by Caldwell and McKay, therefore Grant,

Commissioners, party and party matmatters do not come within your official notice and consideration, but being, as ou are, the legal guardians and ad ministrators of interests affecting the rights and liberties as well as the prosperity of the people of the county, you are hereby asked, requested and petitioned to take steps for the redress of the wrong and injustice done to Brunswick, and to initiate measures in vindication of the great right of suffrage ruthlessly invaded by your late predecessors, the late County Board of Com-

Beauty's Best Auxiliary .- Ask the belle of the season what appointment of her toilet table holds the highest place in her esteem, and she will reply, without a moment's reflection, HAGAN'S MAGNOLIA BALM. Nothing, she is thoroughly aware, contributes so powerfully to enhance her charms and render her irresistable as that most delightful and healthy auxiliary of Beauty. By using it ladies are enabled, long after they have passed the meridian of life, to preserve the youthful bloom and purity of their complexions, and where Nature has denied that superlative attraction, the Balm fully compensates for her deficiencies.
