LOCAL ITEMS.

CHattel Mortgage Deeds for sale by S. G. HALL.

Just received at VanOrsdell's another lot of those Beautiful Walnut Mouldings.

All sorts of blanks printed and for sale by S. G. Hall. Office on Princess st.

The side walks on Market street were not swept last Saturday night, as directed by the city parents.

The County Commissioners are talking about adding two rooms on the West side of the Court House, for accommodation of the public.

THE SEWARD came up the river this morning. Her officers report everything quiet at Smithville.

COUNTY COMMISSIONERS.—This body met to day but transacted no business and adjourned until to-morrow.

THE British Barque Ansdell loaded with railroad iron, has arrived at Smithville. She came in over the rip drawing thirteen and one half feet of water.

THE Barque TRIDENT met with an accident going out last week, in which she injured her rudder, and was obliged to return inside the bar for repairs yesterday. No great damage done we believe.

GOLDSBORO.—Travelers always get meals at this place, and the knowing ones always march direct from the cars to Capt. Grainger's where the good things of life are prepared with a bounteous hand.

THE annual meeting of the Stockholders of the Wilmington, Charlotte and Rutherford Railroad Company is appointed to be held in Wilmington on the Third Thursday of October 1872.

THE State debts of all the States of the Union amount to under \$320,000,000 against which there is an offset of at least \$150,000,000 of available resources, in the shape of internal improvements and lands.

GEN CROOK, who has just had a successful fight with the Indians is an old experienced sportsman with that kind of game. It will be recollected by our citizens that he was in command in this city during the fall and winter of 1865.

If the dog tax was thoroughly collected in Wilmington, it would amount to enough to pay the expenses of a first rate library.

In the New England Villages and towns, the dogs are made to support all the literary institutions. A good thing.

EXCURSION.—the steamer Weccamaw leaves to-morrow (Tuesday) morning, precisely at 9 o'clock, for Blackfish Ground. It is intended as a family excursion for pleasure, stopping at Smithville going and returning. We advise all who wish to participate to attend, as this may probably be the last one of the season.

THE TOWN CRIER.

— Cloudy.
— Gold is quoted at 113½.
— The thermometer stands at 70.
— Many people at church yesterday.
— Many strangers in the city to-day.
— Fall business has not got fairly under weigh yet.
— The weather is becoming hazy enough to remind us of rain.
— It is getting a little more sickly. Look out for bilious fevers.

SIMON TAYLOR, charged with stealing segars Saturday night, was arrested and is now in jail awaiting his preliminary examination.

NEEDED.—The attention of the city authorities is called to the sidewalk on Front, between Orange and Ann streets. Pedestrians along that route are complaining of the dangerous condition of the walk, and we are requested to call attention to same.

MAYOR'S COURT.
His Honor JAMES WILSON, Mayor, presiding.

The city was so quiet and all the people were so good, that there was no business on the docket for His Honor, and the Court closed in due form.

GREELEY, the office seeker, is going round stumping for himself. A burning shame. Go in Horace, the more you talk, the better for our side. Venerable sage, in a few weeks more, you'll growl about it. Talk on Horace, after November you'll sing "Put me in my little bed." "Rock me to sleep," &c.

SOME talk, from time to time, about moving the Market House, has agitated "ye locals" but it don't move. We have a plan. Let the Market street people subscribe enough to move it, then it will be done. Don't wait for the Board of Aldermen. We know one man who will give \$100 towards it. Come on! Next!

WE urge our citizens to keep their doors locked and a sharp look out for thieves. We seem to be periodically invested by them and their appearance is but the advance of many robberies unless we succeed in catching the scoundrels. Look out for them.

JUSTICE COURT.—Squire J. J. Caseday has been engaged nearly all day in the trial of the Arson case. A large number of witnesses have been examined, and the most rigid investigation. Messrs. Empey, Holmes and London are interested in the case.

HAD ENOUGH.—Mr. DeWittie, the colored orator sent here from Washington, has seen the errors of his ways and becoming satisfied that the election of Greeley would not promote the interest of the colored man, has abandoned the canvass as unprofitable. We wondered how an intelligent colored man could advocate the election of Greeley, and are not surprised at his course.

NEW BOOKS.—History of the German settlements, and of the Lutheran Church in North and South Carolina, by Rev. G. D. Bernheim, Pastor of St. Paul's Evangelical Lutheran Church, Wilmington, N. C.

WE have received the above neat volume of about 600 pages, printed at the Lutheran Book store, Philadelphia, for the author. To the Lutheran this book will be invaluable, to the general reader it will be interesting as a contribution to the history of the Carolinas, which could have hardly been procured through any other source.

The book is well written. The style is easy and flowing. Mr. Bernheim does not fail to interest the reader, even in the driest statistical detail. To the author, this book has been evidently a labor of love, nearly all the years of his manhood having been spent upon the work. We hope he may reap the pecuniary reward his book so richly deserves.

When the Democratic orators talk of forgiveness we are ready to listen to them, for forgiveness is a manly and a christian duty; but when they ask us to forget, they make a demand to which, without eradicating our manhood, it is impossible to accede. Is there anything to be ashamed of in the struggles of the Republic to govern itself that the citizens of the Republic should banish them from recollection? Was it a good deal to rebel? Was it a bad one to encounter and suppress rebellion?
Tribune, March 3, 1868.

STATE ITEMS.

THE Statesville American comes to us this week entirely unintelligible on its inside form.

THE Charlotte Observer tells of "Big Ingins" being there and how they are armed with bows and arrows, and look happy as kings on thrones.

It is thought that the cars will be running to Salem by the 1st of next January, as a force will be put to work on the road within ten days.

A VAGRANT negro who has been hanging around Weldon for some time, either unable or unwilling to work, was found dead on the platform of the Petersburg warehouse, at that place on Thursday morning.

THE Weldon News says that the new bridge, recently erected by the Petersburg Railroad Company, over the Roanoke below there, has been completed. It is a massive iron structure, built in Baltimore and framed on the spot. The road has been finished, from that place to Garysburg, and regular trains will soon be run over it.

JUDGE Dowling, of New York, said in a recent case, that a great mistake pervades the public mind in regard to dogs; that, by law, they are as much a man's property as his horse, or anything else he owns; and, moreover, that in case of killing a dog, unless in self protection, the party could be made to pay the value of the dog, the same as though it were a horse.

THE inventor of the "Greeley fan" has lost money on his queer invention. He says the people want Greeley's face on the fan to look as it did on the reception of the election news from North Carolina. To do this, the men says, would require more material than he can afford to give for the price asked, (twenty-five cts.) besides, a fan a yard long, would be both inconvenient and in bad taste.

Garrett Davis is dead.
LOUISVILLE, Sept. 23.
Greeley discussing colored question said: "Fellow citizens, if our movement should prevail as I trust it will prevail, we will sweep among all this refuse of lies in three months, we will say to colored men, we proffer you nothing except protection of law, the same for you as for us, you have your living to earn as well as we have, you will have to use all your abilities, all your energies and all your faculties, and make the most of them you can. If the laws do not favor you they will thoroughly protect you and in three months, if we succeed, the colored people would be so disabused that some men can never deceive them again—never again; but suppose we fail, and we may fail; if the colored men did not believe that the power was against us, that money was against us, if they did not realize that the Treasury, the army and the one hundred thousand office holders, were all banded against us in force, which they believe we cannot overcome, they certainly would not be so universally hostile to us. Why, they think we cannot succeed, and they want to be upon the winning side, that is part of it; but they are also deluded in regard to our purposes. We say we are not your enemies and we will not be your oppressors, we will not, though you have done us injustice, we will try, as well as we can, to have your children educated and enlightened so that the mistakes you have made, cannot be made over and over again."

From New York.
NEW YORK, Sept. 23.
The torpedo boat launched at the Navy Yard three weeks ago, suddenly sank on Friday, after the officers had been making experiments with three mechanics on board. After two hours work the boat was raised, and the men found alive. The compressed air with which the vessel is supplied, in air tight tanks, was not exhausted, and had saved their lives. Naval constructor Delano has condemned the vessel.
Mr. George Kelsey a chemist reported of have recognized Forester, as the man who ran from the Nathan House on the morning of the murder, and will be used as a witness against him.
The steamer Canal boat arrived here yesterday from Buffalo, with full freight from Erie Canal in 5 days, less time than by usual hours locomotion, is the first steam Canal boat that has thus made a full trip.

DAVIS.—At the residence of WM. H. Thurber, on Sunday night, September 23, OSBORN DAVIS.

MARTIN.—On Sunday, September 23d, JAMES W., infant son of E. F. and SARAH L. MARTIN, aged two years.

If you feel dull, drowsy, debilitated, have frequent headache, mouth tastes badly, poor appetite and tongue coated, you are suffering from Torpid Liver or "Biliousness," and nothing will cure you so speedily and permanently as Dr. Pierce's Golden Medical Discovery.

LOVELINESS on the Increase.—A marked increase of female loveliness is the eye delighting result of the immense popularity which HAGEN'S MAGNOLIA BALM has obtained among the ladies of America. Complexions radiant with snowy purity and tinged with the rosy hue of health are commonly met with whenever it is used. For the fallow and unwholesome appearance of the face and neck, which utterly counterbalances the effect of any personal attraction the owner may possess, it substitutes that clear, pearl like complexion which is such a transcendent charm in woman, and renders the roughest skin as soft as Genoa velvet. No one is more astonished than the person using it at the marvelous transformation which it effects in these particulars.

MARRIAGE GUIDE.

EVERY ONE HIS OWN DOCTOR.—Be-ing a private instructor for married persons, or those about to be married, both male and female in everything concerning the physiology and relations of our sexual system, and the production and prevention of offspring, including all the new discoveries never before given in the English language, by WM. YOUNG, M. D. This is really a valuable and interesting work. It is written in plain language for the general reader, and is illustrated with numerous Engravings. All young married people, or those contemplating marriage, and having the least impediment to married life, should read this book. It discloses secrets that every one should be acquainted with; still it is a book that must be locked up and not let lie about the house. It will be sent to any address on receipt of 50 cents. Address DR. WM. YOUNG, No. 416 Spruce street, above Fourth, Philadelphia.

EVERY AFFLICTED AND UNFORTUNATE.—No matter what may be your disease, before you place yourself under the care of any of the QUACKS—native and foreign—who advertise in this or any other paper, get a copy of Dr. Young's Book and read it carefully. It will be the means of saving you many a dollar, your health, and possibly your life. Dr. Young can be consulted on any of the diseases described in his publications by mail or at his office.
