

TOWNSHIP NOMINATIONS.

JUSTICES OF THE PEACE.

1st WARD—WM. H. MOORE. 2d WARD—JESSE J. CASSIDY. 3d WARD—THOS. M. GARDNER. 4th WARD—WM. A. GREEN. 5th WARD—ANTHONY HOWE. AT LARGE—WM. J. KELLOGG, JR. and WM. M. HARRISS.

CLERK—S. T. POTTS.

CONSTABLE—SOL. W. NASH.

SCHOOL COMMITTEE—SILAS N. MARTIN, JAMES H. CHADBOURN and ALFRED HOWE. The election to be held on Thursday, August 7th, 1873.

VOTE for the Amendments and you vote for repudiation.

THE Constitution is good enough as it is. What is the use of changing it?

EACH of the eight ballot-boxes will be labelled with the title of the proposed amendments to the Constitution, and the tickets will read, "For Amendment," and "Against Amendment."

REMEMBER that an enumeration is not a census, and that if we do not have an enumeration of the people in 1875 the present unjust Senatorial apportionment will continue until 1882, if not longer.

THE naughty New York World which has eaten dirt for many years to secure the entire patronage of the South, made a mistake the other day. Feeling secure of its position as the leader of the South, it made some remarks in relation to the Richmond duel. This the Raleigh News don't like, and it calls upon the people of the South to support a Baltimore paper instead! This "aint our fight" but we are amused nevertheless.

THE News advises Gen. Hill not to notice Parson Brownlow's last letter. The General should have stopped before he began. That would have been the best way. We are glad to see but few papers are willing to publish either side of the disgusting controversy, beneath the dignity of journalists. We are no admirer of the Parson, and never publish his letters, but Gen. Hill's attack on Gen. Canby was uncalled for and unchristian. He deserved to be scored for it, though we do not approve of the style in which it was done.

INSTRUCTIONS.

As the method of voting on the Constitutional Amendments is not thoroughly understood by the people, we publish the following, that there be no mistakes.

There must be eight boxes at each voting place, beside those for township officers, on each of which must be labeled the amendment to be voted upon. In this county the labels will be printed in large, plain type, that there be no mistakes.

The following is the form of each label:

Amendment to the Constitution of North Carolina in relation to the Public Debt.

Amendment to the Constitution of North Carolina in relation to the office of Superintendent of Public Works.

Amendment to the Constitution of North Carolina in relation to the State Census.

Amendment to the Constitution of North Carolina in relation to exemption from taxation.

Amendment to the Constitution of North Carolina in relation to the University.

Amendment to the Constitution of North Carolina in relation to the sessions of the General Assembly.

Amendment to the Constitution of North Carolina in relation to the Code Commissioners.

Amendment to the Constitution of North Carolina in relation to Federal and other officers holding office.

The ballots may be written or printed, and need contain but the words "For Amendment," or "Against Amendment." In this county the tickets against the amendments are printed in slips of eight, so that each voter can tear them apart for each box as he votes.

All persons opposed to the amendments should vote "Against Amendments."

The polls must be kept open from 8 A. M. to 7 P. M., and all qualified voters are entitled to vote, provided they are regularly registered. No one can register on the day of election, unless he arrives at the age of 21 on that day, and all voters should see that their names are on the registration books.

To-Morrow.

At eight o'clock to-morrow morning the Sheriff will open the polls in the various wards of the city and county for the purpose of electing township officers for the ensuing two years, and to vote upon the acceptance or rejection of the proposed Constitutional Amendments. We need not at this late hour say anything more upon the merits or demerits of them; they have been before the people for months, and for the past few weeks have been very thoroughly discussed. It only remains now to say VOTE. We have endeavored to lay the question fairly before our friends, and have freely expressed our own opinion in relation to them, and, although it has been remarked often by the Democratic press that the question is not a political one, there are some political questions involved which we think warrant our friends in voting them down. It is time that this everlasting question of changing the Constitution be settled, and we hope it will be, effectually, to-morrow. It becomes now the duty of canvassers and others interested to see that a full square vote be polled to-morrow, and they should neglect all other duties and attend to this one.

We have but a few words to say in relation to the township nominations. We believe it to be the duty of Republicans to stand by their nominations, and these having been fairly made, they should be supported. There are men on the ticket now at the head of this column, who have never paid a dollar to the support of the Post, and who have taken especial pains within a few weeks to say unkind and unjust things of its editor, but, being regularly nominated, the Post supports them. We therefore feel that we have a right to say to every Republican, to stand by these nominations, and to be very careful that they have the proper tickets.—This we conceive to be the duty of all Republicans. Our advice to our friends then, in short, is,

VOTE AGAINST THE AMENDMENTS.

VOTE FOR THE REGULAR NOMINATIONS, and above all to see that election day passes quietly, and without undue wrangling and strife. Such acts always tend to bring a party or a people into disrepute, and we hope every man will feel the importance of sustaining the dignity of his party and himself.

Ashburnham, situate on the dividing ridge between the Merrimack and Connecticut rivers, is praised as one of the prettiest New England "hill towns."

Rock Enon Springs, near Winchester, Va., has had a large delegation from Washington, including Count de Chambrun and family. It is a mineral water and mountain resort combined.

A hotel at Martha's Vineyard, situated on the bluffs, it is said, commands the finest water view of the world, the hotels of Naples alone excepted. The shipping of the New England coast, like soldiers, pass in review.

The have a sliding machine at Mount Washington down which the guests "coast" at the rate of three miles and a half in five minutes. It consists of a board or two fitted to the railroad track, and governed by a brake. It is a wonder some do not break their necks.

A conductor on the Chicago and Alton road is reported as having forbidden honeymoon "bidding and cooing." Observing a bridegroom's arm out of place, he forbade further demonstrations.—"But I have a right to hug her," said John. "Not on a railroad," said the conductor; "there is a law against all unjust discriminations on railroads, and as I haven't a woman for each man on the train to hug, your action is in violation of the law, and must be stopped."

EDITORIAL BUDGET.

The following is the financial exhibit of the Treasury Department at the close of business Monday: Currency, \$9,037,962; special deposit of legal tenders for redemption of certificates of deposit, \$33,930,000; coin, \$80,039,728; including coin certificates, \$42,853,000; outstanding legal tenders, \$356,000,000.

Sunday evening a terrible accident occurred on the farm of Wm. Preston, at Butler, Pa., by which three men were burned to death. They were boring for oil, and were in the well at the time the oil was struck. It scarcely reached the surface before it took fire, blazing up one hundred feet or more. The bodies were not recovered until Monday.

The total loss from the Portland (Oregon) conflagration is \$1,158,675; insurance, \$241,000. It is proposed to rebuild the burned district immediately, making the streets wider, so as to prevent the spread of fire in future. Several sufferers from the December fire have been burned out. Ben. Halladay and other wealthy men propose to assist destitute sufferers in rebuilding their homes. Aid is asked from Chicago, St. Louis, New York, San Francisco, and other cities of wealth and means. The Portland loss is comparatively greater than that of Chicago or Boston.

There is no longer any doubt that the Count de Paris has gone to visit Count de Chambord. He arrived at Vienna Monday, and was received by the Emperor Francis Joseph. There is much excitement in Paris over the circumstances. In view of a reconciliation of the Bourbon and Orleans branches, to which this proceeding points, a vigilance committee of the Left and the Extreme Left of the Assembly hold daily sessions, and are prepared to call the leading members of their respective parties together when the time comes to take action. The Conservatives have elected a majority of the members of the General Council in the Department of Savoy, Earl and Orne, and the Radicals have carried the elections in Drome and the Lower Loire.

The following was received at the headquarters of the army Monday: HD'QR'S CAMP STAMBAUGH, WASHINGTON TERRITORY, July 24th, 1873.

To the Assistant Adjutant General, Headquarters Department of the Platte:

SIR: I have the honor to inform you that the Indians made an attack upon the settlement at Old Camp Brown yesterday or day before and killed Mrs. Richards and Miss Hall. First Lieut. Wheelan, with company B Second cavalry, has gone in pursuit of the murderers. I will inform you at once should I receive any news.

I am, sir, yours very respectfully, A. G. BRACKETT, Lieut. Col. 2d cav., commanding Post.

In forwarding the above report Gen. Sheridan says:

"The Indians who depredate in the Mud river valley belong to the Northern Cheyennes and Arapahoos about Fort Fetterman, and were recently represented in the peace council at Red Cloud's agency."

General order No. 24, issued from headquarters department of Arizona, at Prescott, July 16, by Gen. Crook, says: "In carrying out the provisions of general order No. 12, current series, from these headquarters, which required the continuance of military operations against the straggling bands of Apaches still remaining at large, the officers engaged have fully sustained the confidence placed in them, and the following brilliant results have been recently attained: First—Capt. Geo. M. Randall, 23d infantry, surrounded and captured the remnant of Det-cay's band, with that notorious chief himself, in the Sierra Ancha mountains, on the 22d of April. Second—The operations of the troops under command of Captain Thos. McGregor, 1st cavalry, in the Santa Maria mountains, resulted in the surrender of Tomapie's entire band of Apache-Mojaves, on the 12th ultimo. Third—The operations of First Lieut. J. B. Babcock, 5th cavalry, in Tonto Basin, and his brilliant action on the 16th ultimo, resulted in the surrender of the two bands of Tono-Apaches, under Na-ta-to-tel and Naqui-naqui's. Fourth—Reports have just been received of the operations of Captains James Burns, 5th cavalry, in Castle Dome and Santa Maria mountains, resulting in the unconditional surrender of over two hundred Apache-Mojaves, believed to be the last remnant of all the straggling renegades in Northern Arizona. The foregoing named officers, and First Sergeant Thomas Hanlon and Sergeant Patrick Martin, company G, 5th cavalry, are hereby thanked for their efficient services in the laborious task so thoroughly completed. These operations have not only had the effect of bringing in upon their proper reservations all the stragglers from northern Arizona, but have also taught those already in, that no place outside the limits pre-

scribed is safe, and that, while the government lends a helping and protecting hand to all Indians who wish to remain at peace and try and help themselves in peaceful pursuits, it still remains strong to punish those who prefer war and the fruits of plunder."
