Otto Schutze,
Observer, U. S. A.

SOME of our friends in the country send their orders too late for tickets. We are very sorry, but could not get them out in time. Orders should have a day's margin always, but we received two, which did not.

S. HANSTEIN & Co., New York House, 15 Market street, are offering their entire stock of drygoods, clothing, boots and shoes, at New York cost.

Im
WE are pleased to announce that Rev. B. F. Marable of Clinton, N. C., will lecture in the Lecture Room of the First Presbyterian Church to-morrow, (Thursday) evening at 8 o'clock, and will preach in the First Presbyterian Church on next Sunday morning.

THE city is very quiet to-day in spite of the approach of election day. This is as it should be. We are pleased to see that there are very few people obstructing the walks or noisily talking politics, to the inconvenience of passers by. Our friends are understanding the requirements of citizens, and we congratulate them.

THE cheapest stock of drygoods to be found this side of New York is at S. HANSTEIN & Co's New York House, 15 Market street.

Im
THE KIN EAT CROW.—Some boys were engaged yesterday in gathering bird's eggs for a gentleman's collection, and one, more agile than the rest, climbed to the top of a tall tree to reach a crow's nest. In it he found one egg, and carefully placing it in his mouth to avoid accidents, he descended. When near the ground he jumped down, but, alas! the jar was too heavy, and the egg was crushed in his mouth. Imagine his disgust when he found his mouth filled with egg shell and a small crow. He don't "hanker" after crow!

TO MAKE room for a large Fall stock we have reduced our prices, and are now selling our entire stock cheaper than the cheapest.

S. HANSTEIN & Co., New York House, 15 Market street.

Im
AS ANNOUNCED yesterday the three steamers were out on drill duty under direction of Chief Engineer Robinson. The Rankin at the dock, foot of Market street, threw water through 4,400 feet hose into a hog-head or tank on Third street, where the Adrian was stationed. This steamer threw water through about 750 feet of hose and emptied it into a reservoir near Sixth street. The Cape Fear engine here, took water and issuing 850 feet of hose threw water beyond Seventh street. It is to be hoped that Capt. Robinson will have these drills often that our Fire Department may work more harmoniously, and with much less noise in case of a fire.

THE only chance of getting a suit of clothing, shoes, shirts, &c., at New York cost, is to go to

S. HANSTEIN & Co's, New York House, 15 Market street.

Im
CARELESSNESS AGAIN.—In Monday's issue of the Post, we warned boys against the careless use of fire-arms and now we will warn those of a more advanced age, and cite an instance in which one young man came very near shooting himself in the forehead, and of another young gent who shot himself in the arm. On Monday one of our sportsmen was in the National Cemetery hunting and was loading his gun, the right hand barrel was loaded and capped, and our Nimrod was loading the other barrel when the loaded barrel was discharged and a few shot took effect in his wrist. Luckily for him his arm was a little to one side and it was only the scattering shot that struck him.

THE TOWN CRIER.

—Mild.
—Gold is 115½.
—Weather delightful.
—Mosquitoes are plentiful.
—State mail slim last night.
—Stand by your nominations.
—Hotels pretty full nowadays.
—Business is enlivening a little.
—Vote against the amendments.
—Bring in the returns promptly.
—Sol. Bear & Bros. sell fine goods.
—Melons still in good supply and demand.
—See that you vote the proper tickets to-morrow.
—See that your tickets conform to the one in the Post.
—Jacobi is far from being out of hardware. *As him and see.*

—Most of the inhabitants, as it were, have gone to the Sound to-day.

—We presume the saloons will be closed to-morrow. How dry we will get.

—Many bets made on the regatta. "Two to one, name the winning boat!"

—If any one sees any stray POST reporters at the Sound to-day, we hope they will treat the poor fellows kindly.

—An opportunity is now offered to those interested to pay their city taxes. Blessed privilege; happy the man who hath the stamps so to do!

LAST night as one of our young men who had been out of town was nearing the city he attempted to fire his pistol, and snapped it but did not fire. He was in the act of looking in the muzzle when the pistol fired, the ball striking the visor to his cap tearing it to pieces and badly frightening him. There is always a possibility of a gun or pistol hanging fire and we think it would be advisable for a person to wait a little while after the cap is snapped before they go to looking in the muzzle to see what is the matter.

Im
WE do not think our friends at the Sound could have manufactured a better day, if they had the power, than to-day, for the regatta. A clear sky and most delightful breeze, renders every thing lovely. Just about the time the Post goes out to its readers to-day, the yachts are expected to sail, and considerable interest is manifested because of the new regulations. We presume there will be the usual duckings and laughable incidents common to such occasions and we regret we were unable to go there to witness them.

The scheme of re-opening the Charlotte Military Institute is likely to be abandoned on account of the little interest taken by the citizens of that place in the matter. So says the *Observer*.

The *Sentinel* says: Mr. James Briggs, the postal card writist, has reached the highest notch at last. He has succeeded in writing on a postal card, in a plain legible hand, "fourteen hundred and forty-one words."

At a conference held by committees appointed by the cotton buyers of Charlotte and planters of Mecklenburg, to adjust the difficulty that had recently existed between them with regard to certain rules adopted by the merchants of that place for the selling of cotton, to which the planters objected, a compromise was satisfactorily effected, and in due form signed by the committees and published in the *Democrat*.

The *Sentinel* says: Just before going to press we learn that Mr. A. F. Redd, Editor of the *Biblical Recorder*, was taken suddenly ill Monday about noon. He was at his office at the time, and his illness was of such a violent character that he had to be conveyed to his residence. His physician has been with him during the afternoon, and his condition is considered critical.

The *Raleigh News* says: Henry E. Colton, the Agricultural Editor of the *New York Times*, and formerly a resident of Raleigh, was seriously injured a few days ago by a railroad accident near White Sulphur Springs. Mr. Colton was at one time Editor of the *Asheville Spectator*, at another, Clerk of House of Commons and reporter for the old *Raleigh Register*, and afterwards editor of one of the *Fayetteville papers*.

Raleigh as well as Wilmington has church thieves, says the *Sentinel*: On Sunday afternoon, after the Sabbath School connected with the A. M. E. Church had been dismissed, some thief entered the church and stole the bread and wine that had been prepared for the sacrament of the Lord's Supper which was to have been celebrated at the close of the evening service. Yesterday morning officer Crawford was put upon the track of the thieves and about 1 o'clock, by skillful management succeeded in coming up with the thief's accomplice, a colored youth by the name of Major Williams. He implicated Wesley Harris who was at once arrested and taken before the Mayor. Major Williams was allowed to turn State's evidence and being sworn testified as follows:

Wes. Harris went into the church through the window and took some wine and asked me to drink some. I tasted of it but did not drink any. He then drunk the wine and took the cloth and folding it up gave it to me and sent me out to hide it, and I done so. We both went in at the window and come out the same way. Wes. sent me out first to look-out. Do not know what time of day it was. It was just after the afternoon Sunday School was dismissed.

The Mayor, considering the evidence sufficient, sent Wesley to jail in default of \$300 bail. The Major in default of \$100 bail, was also committed to appear as witness against Harris at the fall term of Wake Superior Court.

A London special says an election in Greenwich to fill a vacant seat in the House of Commons resulted in a conservative triumph. This is the first instance since 1852, of a conservative candidate being elected for the borough. The result, which was not altogether unexpected, caused a general depression in the liberal ranks. In well informed circles it is accepted as virtually deciding the political campaign.

It is almost certain from the indications that the Conservatives will return to power, after the approaching general election, with a fair working majority. It is already stated on good authority that Gladstone will not seek a re-election at the hands of his Greenwich constituents, and that he contemplates retiring finally from parliamentary life.

The Navy Department to-day received a telegram from Capt. Wells, commanding the Shenandoah, dated Cadiz, August 5, in which he says: Cadiz is in the possession of the government forces. The insurgents surrendered without fighting. The city is tranquil.

He says nothing about his conduct in that port. For this and other reasons, the Department does not credit its recent telegraphic statement of the 4th, that he had ordered the Spanish insurgents' frigate Villa de Madrid to abstain from hostilities, and that the vessel remained at anchor under the guns of the Shenandoah.

TO THE WEST! TO THE WEST!

Before making your arrangements to follow the advice of the "thousands who have already gone," it would be well to consider what has been done to make the journey to your "Homes in the West" as pleasant and free from danger as human skill and foresight can accomplish.
By consolidation and construction, a road has been put into operation on the shortest possible line from Nashville, Tenn., to St. Louis, "the future great City of the world." This line, the

ST. LOUIS & SOUTHEASTERN RAILWAY.

has, during the past year, earned an enviable reputation by its smooth track, prompt time, sure connections, and the magnificence of its passenger equipment. Its trains are made up of new and commodious day cars, provided with the celebrated Miller coupler and platform, and the Westinghouse air-brake.

It is positively the only line running Pullman Palace Drawing-Room Sleeping Cars through without change from Nashville to St. Louis. No other line pretends to offer such advantages, either in distance, time, or equipment. Why, then, journey by circuitous routes? Do not be induced to purchase tickets to St. Louis or the West by any other line, remember that

The "St. Louis & Southeastern" is the shortest, cheapest, quickest, best and only line under one management from Nashville to St. Louis, and is from 60 to 200 miles the shortest to St. Louis, Kansas City, Omaha, Denver, California, Texas, and all western points. It is also the "Chicago Shortest Line," via Evansville.

You can secure the cheapest rates for yourselves and your movables on application, in person or by letter, to CHARLES McCABE, Southern Passenger Agent, near College street Depot, Nashville, Tenn., or to the undersigned.

General Ticket Agent, St. Louis.
