

THE courage and enterprise of mankind is offered, in the explorations of Africa, a nobler field than in the icy regions of the poles. While all admit the advantages of the Northwest passage, if it could be found, it is extremely doubtful if the present state of science and knowledge can make the discovery. But Africa affords a splendid scope to that adventurous spirit which makes the goal of to-day the starting post of tomorrow; which is never satisfied but in action, and which makes one discovery the stepping stone for others. That unknown domain, inhabited by unknown men, will be removed from the map yet, and perhaps the great African desert will go the way of the great Amerlean desert which dotted the geographies of our youth.

The wonderful enterprise of Chicago has never been better illustrated than in the Industrial Exposition which was opened in that city on the 25th of September. Six months ago the suggestion was made that Chicago have an Exposition, and in less than ninety working days a structure of wood, glass and iron was begun and finished. The size of this magnificent building is nearly doumillion of dollars.

were numerous.

Resolved, That we recognize in the Liberal Republicans worthy coadjutors, and we cordially invite them to unite with us in our efforts to restore pure government in our State and Federa administrations.

The above is the final resolution of the Democratic State platform adopted at Utica, New York, which assembled on the 1st instant. As Hans Breitman says, every one that reads it may run. The cordial invitation falls upon the cars of the dead, aud no invocation can recall a spirit which has so long departed. On the threshold which divides the past and the present, the Democracy calls upon those which exist only in the realm of the first for assistance, forgetting that it, too, must shortly join them. These calls of dotage, upon comrades who are no more, are exceedingly melancholy, for they show that no preparation is being made for that awful change which must so soon be made.

EDITORIAL BUDGET.

- Advices from Africa announce the capture of a white man by the natives while proceeding westward on the Congo river. From the description of the man, Charles Livingstone believes it is his son.

- Special dispatches from St. Petersburg report that a rupture has occurred in the relations between the Governments of Russia and Japan, growing out of the question of the proprietorship of a portion of the Saghalien Island.

- Spanish dispatches from all sections of the country represent that a much better feeling prevails. The reestablishment of discipline in the army served to restore confidence in the ability of the Government to suppress all insurrections.

- There is intense excitement among the settlers and stock men in the Arkansas valley, south of Pueblo, on account of depredations committed by roving bands of Cheyenne Indians, who have already wantonly killed several hundred head of cattle. Thus far no murders are reported, but the Indians have visited a number of houses and carried away blankets and anything else they discovered, and destroyed other property. Many families sought safety in Pueblo. The schools were dismissed, and scouts are going over the country collecting men, arms and ammunition.

- The London Times of Friday, in an editorial retrospect of the late American financial panic, says the recklessness and dishonesty lately characterizing the management of some of the great undertakings of America, have induced a chronic nervousness momentarily liable to become acute. Even Americans, says the Times, are not all ble that of the Boston Coliseum, which as smart men as daring speculators .was supposed to have been the largest | The Times thinks the danger has passed in the world. > - The naval examining board, after a recess of upwards of a month, resumed its sessions Thursday, and examined for promotion Ensign W. Kimball. Commodore Wyman, United States navy, was ordered to temporary duty as a member of the naval examining board, vice Commodore Patterson, who has taken command of the Washington navy yard. Lioutenant Commander M. L. Johnson, United States navy, has been ordered to the receiving ship Sabine, at Portsmouth; N. H. Assistant Paymaster Nicholas H. Stavey has been detached from the navy yard, Boston, and ordered to duty in the Asiatic station, per steamer of 1st of November, from San Francisco. Chief Engineer W. F. King and Second Assistant Engineer A. Kirby have been ordered to the Ossipce.-The leave of absence granted the following named officers has been extended Captain May H. Stacy, 12th infantry four months; Colonel Geo. L. Andrews, 25th infantry, six months.

- The reception of delegates of the Evangelical Alliance, at the Young Men's Christian Association in Yew York, October 2d, was attended by an immense crowd. Flags of all nations were displayed, and the names of Calvin, Knox, Wyckliff, Bunyan. and Edwards were in gilt letters over the platform. Rev. Dr. Adams delivered the opening address, welcoming those present from this country and from abroad, in the name of the Christian people of this country, as fellow-citizens of the Saints and of the household of God. Lord Alfred Churchill responded, being | To be sold in lots to suit purchasers. greeted most heartily. He read a congratulatory address from the London branch of the Alliance, and said he believed the good results of this Alliance would be felt far and wide. Rev. Dr. Stoughton, of London, said they came not to settle any ecclesiastical question, or propound any dogma, but merely met to express their views on religious matters. Rev. S. Conlan, of Genoa, was happy to come to this classic land of religious liberty. Dr. Dorrer, of Berlin: Dr. Fusch, of Paris, and others, followed.

A little boy being instructed in morals by his grandmother, the old lady told him that all such terms as "by goll." by jingo," "by thunder," &c., were only little oaths, and but little better than profanities. In fact, she said he could tell a profane oath by the prefix 'by." All such were oaths. "Well, then, grandmother," said the hopeful, "is 'by telegraph,' which I see in the newspapers, swearing?" "No," said the old lady, "that is only lying."
