TO THE WEST! TO THE WEST!

Before making your arrangements to folow the advice of the "thousands who have already gone," it would be well to consider what has been done to make the journey to your "Homes in the West" as pleasant and free from danger as human skill and forcsight can accomplish.

By consolidation and construction, a road has been put into operation on the shortest possible line from Nashville, Tenn., to St. Louis, "the future great City of the world." This line, the

ST. LOUIS & SOUTHEASTERN RAIL-

has, during the past year, carned an enviable reputation by its smooth track, prompt E. time, sure connections, and the magnificence of its passenger equipment. Its trains are made up of new and commodious day cars, provided with the celebrated Milter coupler and p'atform, and the Westinghouse air-brake.

It is possitively the only line renning Pullman Palace Drawing Boom Sleeping Cars through without change from Nashvale to St. Louis. No other line p clends to offer such advantages, either in distance, time, or equipment. Why, then, journey by circuitous routes? Do not be induced to purchase tickets to St. Louis or the West by any other line, remember that

The "St. Louis & Southeastern" is the shortest, cheapest, quickest, best and only line under one management from Nashville to St. Louis, and is from 60 to 200 miles the shortest to St. Louis, Kansas City, Omaba, Denver, California, Texas, and all western points. It is also the "Chicigo Shortest Line," via Evansville.

You can secure the cheapest rates for yourselves and your movables on application, in person or by letter, to CHARLES MCCABE, Southern Passenger Agent, near College street, Depot, Nashville, Tenn., or to the undersigned.
