

may exist in August next, in the Superior Court. We really supposed that strike out the Bank of Mecklenburg. Governor Caldwell had provided for the vacancy caused by the death of Judge Boyden by the appointment of Judge Bynnm. Why did not the gentleman who discovered this amazing circumstance, cause his bill to provide for the election of a Judge to fill the vacancy made by the resignation of Judge Settle several years ago? True, an appointment has been made to the position, but it is a strange oversight to have omitted the provision. The power of the Governor to fill these and other vacancies, was, at one time, questioned; but the matter has been adjudicated by the Supreme Court. This bill, howevever, is but a piece with the grasping efforts of the Legislature. Such efforts disclose, in their true colors, the dispo sition of the majority in the Legislature. Not representing a majority in the State, they are reckless in their schemes to rule the people. This session of the General Assembly, in spite of the expressed will of the people last August against it, is prolonged; and some of the principal reasons for its extension, seem to be to gerrymander the State, and to make laws which are clearly unconstitutional.

A Peril of the Deep.

The ship River Eden cleared from London on the 15th of September for Valparaiso, with a general cargo, including something over one hundred tons of gunpowder, and a quantity of lucifer matches. Nothing unusual occurred on the voyage till the 7th of October, when the master, Capt. Bowden, commenced to behave in a strange manner. His conduct was attributed to insanity. On the 14th of the same month the bark Elizabeth Graham was sighted. The chief mate of the Eden, Mr. Clarkson, sent a boat to the Elizabeth Graham to request her commander to come aboard. He did so, and had a consultation with Mr. Clarkson, whom he advised to place the Captain under no restraint, as he seemed hamless, but to soothe and keep him quiet, and to make for Pernambuco. About midnight the ship was found to be on fire. In an attempt to secure Captain Bow-

The vote was taken on the amendments and adopted.

Mr. Morehead, of Guilford, offered a substitute for the bill, which proposes as the only change the following: Strikes out the preamble and first sec-tion of the bill, adds a section repealing the provisions of any act conflicting with the first section of the substitute, and puts individuals and banks on the same footing.

Mr. Troy offered an amendment excluding from the operations of the above bill, Building and Loan Associations. Mr. Norwood, an amendment that the operations of the bill shall not im-

pair present contracts, &c. Mr. Murphy had always favored free banking, but from the experience of the late panic thought legislation necessary for the protection of the people. He was in favor of the bill properly amended, &c.

Mr. Seymour called the previous ques tion on the passage of the bill.

The amendment of Mr. Troy was adopted and Mr. Norwood's rejected. The substitute of Mr. Morehead fail əd, and the original bill, as amended, passed its second reading, and its fur-ther consideration made the special order for 121 o'clock to-morrow. Adjourned.
