Syrup of Figs

Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels...

CHILDREN

Children are peculiarly subject to ailments of the stomach and bowels. Castoria is the best remedy for these ailments.

Castoria promotes Digestion, and overcomes Flatulence, Constipation, Sour Stomach, Diarrhoea, and Feverishness.

PASTOR KOENIG'S NERVE TONIC. Recommended as the best for all cases of nervous debility.

FREE PILES. Koenig's Pile Remedy. A valuable book on Nervous Debility sent free to address.

A. H. HOLTON, ATTORNEY AT LAW. MADRIDVILLE, N. C.

should be built on the large estate about one mile from the existing homestead; that the land should be equally divided between the brothers by a competent surveyor; that no transaction of a business nature should take place on these farms...

SIAMSESE CHANG AND ENG.

New stories of the most famous twins that ever lived. Their homes and their families. A quarrel and a threatened surgical separation.

The recent death near Mount Airy, N. C., of Mrs. Sallie Banker, widow of Eng Banker, one of the world-renowned Siamese twins...

When the twins were first separated, they were both in the hands of a doctor in the town of Greenboro to Raleigh. Before starting Eng purchased one ticket; they then boarded the train, and after a while the conductor came around for tickets.

When the twins were first separated, they were both in the hands of a doctor in the town of Greenboro to Raleigh. Before starting Eng purchased one ticket; they then boarded the train...

The last scene in the history of the twins was a sad one. It was remarkable and without precedent. While with Barnum in 1873 Chang had suffered from a slight stroke of paralysis, but after medical treatment, and Christmas was merrily spent at home.

SHILO'S CATARRH REMEDY. A marvelous cure for Catarrh, Diphtheria, Gonorrhoea, etc.

AMERICAN TOBACCO CO.

An interesting statement as to how the Big Concern was formed. There has always been a great deal of curiosity as to the history of the American Tobacco Company.

This agreement, by and between Allen & Ginter, incorporated under the laws of the State of Virginia, and Duke, Sons & Co., incorporated under the laws of the State of North Carolina, the Kinney Tobacco Company, incorporated under the laws of the State of New York, Goodwin & Co., doing business in the city of New York, and W. S. Kimball & Co., doing business at Rochester, N. Y.

"First—That the parties hereto shall cause to be heretofore formed a corporation to be known as the American Tobacco Company and to be incorporated under the laws of such state as the board hereafter named shall advise.

"Second—That the directors of trustees of such corporation shall be as follows: Lewis Ginter, of Richmond, Va.; James B. Duke, of Durham, N. C.; William H. Butler, of Brooklyn, James C. Hart, of Rochester, and Charles C. Kinney, of New York, of whom Lewis Ginter shall be president until his successor is chosen.

"Third—That the capital stock of said company shall be \$25,000,000 of the par value of \$100 each, as hereinafter provided. The same shall be divided into shares of \$100 each, and shall be paid for in cash, or in property, or in any other manner that the board may see fit to provide for.

"Fourth—That the board of directors of said company shall have the power to issue bonds of said company, and to mortgage all or any part of the real estate of said company, and to do all such other and sundry things that the board may see fit to do.

"Fifth—That the board of directors of said company shall have the power to make, alter, amend, or repeal the by-laws of said company, and to do all such other and sundry things that the board may see fit to do.

"Sixth—That the board of directors of said company shall have the power to make, alter, amend, or repeal the by-laws of said company, and to do all such other and sundry things that the board may see fit to do.

LAW OF STATES DIFFER.

The Pennsylvania Board of Commissioners for the promotion of uniformity of legislation in the United States held an important meeting at Harrisburg, Pa., recently. The Commission was appointed a year ago and consists of Charles Monaghan, Charles R. Backus, and Ovid F. Johnson, President.

VOICE OF THE PEOPLE.

Mr. Editor: Dear Sir: I send you a little item of news from our neighborhood, if you will allow space in your valuable paper for its publication. It might be of interest to some of your many readers.

The breech-pin of a gun in the hands of John Hobson blew out and struck Hobson in the face and eye, seriously if not fatally injuring a good many of his teeth.

The friends of M. M. Cramel will be glad to learn that he is recovering from an attack of pneumonia and pleurisy. The friends have a new jubilee building one and a half miles from Yadkinville, on the moonville road.

Nature sometimes exhibits curious freaks. Miss Ellen Thomson exhibited a red rose, the bud of which she had picked from a bush of the white variety. The bud being placed in a vase opened a nice red rose.

Your informant is placed in the circumstances of the fellow who lost his melons from the wagon without knowing it only this difference. He exclaimed, "no use 'cussing' could not do them justice." No one praised him for his services as regards the closing exercises of Yadkinville and Centreville, but we must say that Rev. Turrentine's address at Yadkinville was one among the finest ever heard from the school room.

The future political horizon looks dark and misty by the clashing and discordant elements that pervade the political scene, but ever and anon a flash of truth lights the scene.

The electoral college this year has a membership of 444, making 223 votes necessary for election. The votes by States will be:

Alabama, 8; Arkansas, 7; California, 9; Colorado, 4; Connecticut, 6; Delaware, 3; Georgia, 13; Idaho, 3; Illinois, 24; Indiana, 15; Iowa, 13; Kansas, 10; Kentucky, 13; Louisiana, 8; Maine, 6; Maryland, 8; Massachusetts, 15; Michigan, 14; Minnesota, 13; Mississippi, 9; Missouri, 17; Montana, 3; Nebraska, 8; Nevada, 3; New Hampshire, 4; New Jersey, 10; New Mexico, 3; New York, 36; North Carolina, 11; North Dakota, 3; Ohio, 23; Oregon, 4; Pennsylvania, 32; Rhode Island, 4; South Carolina, 9; Tennessee, 12; Texas, 15; Vermont, 4; Virginia, 12; Washington, 4; West Virginia, 6; Wisconsin, 11; Wyoming, 3.

THE TEACHERS' ASSEMBLY

Information for Teachers and Others who Desire to Attend the Meetings at Morehead Building June 21st, 1892.

In reply to a great many letters of enquiry received every day by the officers of the Teachers' Assembly concerning the arrangements which have been made with the railroads in regard to the Assembly certificates this season, we give the desired information to the public as follows:

1. The railroad rates are the same as heretofore; only about one and a half cents a mile. Tickets are on sale from June 15th to July 3, good to return until 15th.

2. The annual fees for membership are \$2 for males and \$1 for females. These amounts are not to be sent to the secretary as heretofore, but at his special request the railroads have added a membership coupon to the railroad ticket, and the fee for the ticket as the Assembly pay the fee to the railroad agent with the price of the ticket.

3. When you reach Morehead City the secretary will take up the coupon and issue an official "certificate of membership" without any charge. This certificate alone will secure for the holders of rate of \$1 per day for board at the Atlantic hotel and free admission to all the exercises of the Assembly, special lectures and entertainments. To all female members of the assembly who have paid \$2 to the railroad for certificate coupon the secretary will return \$1 when the ticket is presented at Morehead City. This new plan of tickets is an excellent one and saves much trouble and delay; nothing to do now but buy the railroad ticket and go to the assembly.

4. The program is a most excellent one comprising some of the most attractive features in the way of instruction and entertainments that can possibly be provided in an educational gathering. The Atlantic hotel and the Assembly building are thoroughly repaired and repainted while there are many pleasant improvements for enjoyment on the ground or in the surf.

5. The teachers cordially invite every friend of the cause in North Carolina to meet with them in the Assembly, to enjoy all the privileges and pleasures with the teachers and upon precisely the same terms. The program has been prepared with a special view to interest, benefit and entertain both the teachers and the public.

6. The Assembly opens on June 21st and continues in session two weeks. The celebrated orator Aron Burton, of York, Pa., has been engaged for Feb. 22nd, 23rd, 24th, and Rev. Thomas Dixon will lecture on July 2nd and preach on Sunday, July 3rd. A number of other noted speakers are on the program for other days during the session. The instrumental music contest for the instrumental music contest for gold medals will be very enjoyable and an spirited occasion and are exciting widespread interest.

ITEMS FOR THE FARMER.

AGRICULTURAL TOPICS.—A crop of about best provider one of the best of foods for swine in combination with more concentrated food. It can be cheaply grown if planted in rows far enough apart to allow of horse culture.

Irrigation is causing many a hitherto arid wilderness to "bud and bloom," and bear fruit in a way to rejoice the farmer's heart and enrich the State. Wonder if it wouldn't have a similar result in some of the drought-battered districts farther East?

Trial has been made of an electric plow at the Kansas sorghum experimental station. Motor developed ample power to turn deep furrows, and do it quickly; but it became evident that tractive, or resistance coil, such as is used in starting electric cars, is also necessary with the electric plow.

The peculiar advance of depending for the water supply upon a well-developed system of irrigation is that, provided, of course, the source is permanent and ample, the water can always be had wanted. The clouds, on the contrary, are a very uncertain dependance, and often fail when the supply is most necessary.

"Were every man, now discontented with farming," says an exchange, "given apot cash the full value of his property, and sent into our towns and cities to engage in business, in a twelve-month there would be the largest number of bankrupts the world ever saw." There's a whole volume of common sense "balled down" in that little paragraph.

A Kansas paper notes that a Colorado man, named \$5,000 last winter feeding Kansas corn to Texas sheep, and supposes that "Kansas farmers with Kansas corn could feed Kansas sheep, and with the profits pay off Kansas farm mortgages to encourage Kansas home industry." There's a more complete paragraph than "Jerry" Simpson has uttered since he was born.

It seems to be an open question—very wide open, in fact—whether the removal of the tassels from a part of the growing corn is wise or otherwise. Diametrically opposite results have been observed where experiments in this respect have been made, and it would appear to be hardly worth while to meddle with Dame Nature's plan until something more definite is ascertained on the subject.

Director C. S. Flamb, of the Purdue University Agricultural Experiment Station, has answered a series of questions sent him by a Canadian Commission appointed to investigate the practice of dehorning cattle to the effect that, so far as his experience goes, the operation is not done on gives little and only temporary pain, and has everything to commend it on the score of economy and safety.

SNEED FURNITURE CO.

Reduced Prices.

WE HAVE BOUGHT FROM MESSRS. CROBRO TISE & CO., THEIR Entire Furniture

AND Undertaking Business

and will continue it at their Old Stand, 307 & 309 MAIN ST., WINSTON, N. C.

Packed to its Utmost. These goods are new and stylish and having been bought for cash and in extra large quantities, we claim to be able to

Undersell Any Dealer in Winston-Salem, N. C., 25 per cent. Our Undertaking Department

is now complete in every detail and is in charge of one of our Sales who will give his personal attention to all business in that line. WRITE FOR PRICES. SNEED FURNITURE CO., Successors of O. W. FLEMMING'S, 307 and 309, Main Street, Winston, N. C.

SERIOUS, GAY, PATHETIC. Interesting Paragraphs Calculated to Interest and Entertain.

An Ashboro, N. C., man has among his deeds a lead grant to a member of his family from George III. The oldest spoon in the world belongs to George A. Warren of Indianapolis. It is 220 years old, and was brought from England.

The newest fad in woman's dress is a beautiful pair of suspenders over her dress waist. Well, why not? Some of them have been wearing the patterns for years. There are two new trees in the department of the Yew in France which are supposed to be 1,500 years old. They measure about 30 and 25 feet feet in circumference respectively.

While excavating for a house at Pottsville, Pennsylvania, Hillary Skean found a penny seven feet below the surface, and used by him in an exhibition at the Patent Office in Washington. The Crockett clan, descendant of the immortal Jay, will celebrate the 106th anniversary of that hero and statesman at Rutherford, Tennessee, in 1893. The newest fad in woman's dress is a beautiful pair of suspenders over her dress waist. Well, why not? Some of them have been wearing the patterns for years.

There are now fifty stations in N. C. where the weather signals are regularly displayed. There are 250 observers who send reports to the central station here. The reports are now sent in Monday evenings and are summarized Tuesday mornings. Deputy Collector Hall and posse made a raid in Cumberland county, North Carolina, May 28th and captured an ill-sit still, stand, and snags, the property of one Jernigan who was also captured, but gave bond to appear when wanted. He had a nice arrangement for carrying on a business. The still was located in an excavation under the kitchen, and this being restored to its normal condition, having will be destroyed forever; since once out of the pen are caused by cats, which is nothing but an infirmity. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure, sold by S. H. French, Col. J. C. HENRY & CO., Toledo, O. Sold by Druggists, etc.

DEAFNESS CANNOT BE CURED by local applications as they cannot reach the diseased portion of the ear. There is only one cure for deafness, and that is by a constitutional condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it is swollen, and it is entirely closed, Deafness is the result, and unless the inflammation can be taken out, the hearing will be destroyed forever; since once out of the pen are caused by cats, which is nothing but an infirmity. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure, sold by S. H. French, Col. J. C. HENRY & CO., Toledo, O. Sold by Druggists, etc.
