The Fidelity and Deposit Co., of Baltimore was on his bond. They had him arrested and upon trial at Guilford Court the past week was sent to the county road for two years. —Our Baptist friends gave a pleasant social evening in their North Winston chapel Friday night. Cake and coffee were served. An attractive program of exercises was rendered and Mayor Eaton spoke with fervor and interest on the "Life of Christ on Earth, in the Home and in the Church." —Gov. Aycock pardons Joseph M. Shearer, of Washington, D. C., on the plea that his mind is unsound. It will be remembered that Shearer and three other tramps stole a hand car near Friendship and coming to Winston, robbed a dwelling near the city and hied away. They were subsequently arrested and convicted. —The colored people held a big dance at the Kester building Monday night. The occasion ended in a row in which Will Raney was carved up by Geo. Thomas with a razor. As a result warrants were issued against a number of the festive participants for matinee No. 2 before Mayor Eaton. —The Salem Bible Society met at Home Moravian Church Monday. The Society is a very old one. Reports at the meeting were encouraging and showed excellent sales of Bibles in Winston-Salem the past year. It was decided to appropriate \$100 to the American Bible Society, of New York. Also to present the Bible cause to all the churches during April and to supply the Hospital Bibles free of charge. —The Art Exhibit at the West End Graded School the past week was a success in every way. P. Davis, was operated upon for appendicitis at the Twin-City Hospital, Saturday. Dr. H. T. Bahson performed the surgical part. This was his forty-second operation for this disease and of this large number all survived but one. The case of Dr. Davis was an aggravated one and the patient was upon the table for over two hours. At last accounts Dr. Davis was improving as rapidly as could be expected with every indication for a speedy recovery. —Dr. L. H. Hill, of Germantown, was in the city Tuesday. He had his violin with him and a few musicians can draw a sweeter toned bow, to hear "Shepherd's Quickstep," "Mocking Bird," and other selections is the only way to fully appreciate Dr. Hill's exceptional gift and once heard will linger long and pleasantly in your memory. His violin bears the inscription "Antonius Stradivarius Cremonensis Faciebat Anno 1713," and possesses a grand, brilliant, mellow tone, hardly equaled by any other violin and is doubtless one of Stradivarius' (1713) choicest makes. It was our privilege to hear him Tuesday. His daughter, Miss Anna, accompanied the Dr. on the piano. Long may they live to produce the "concord of sweet sounds" and to "soothe the savage" in many breasts. —W. F. Barnes, of Roanoke, has a serious charge against him. Sallie A. Gravelly, a feeble minded young woman of Axton, Henry county, Va., boarded a N. & W. train at Martinsville, Va., a few days ago. A special from that city says that Barnes, who is an employee of the road, paid her fare to Roanoke against the protest of the conductor, who would have put the girl off at the next stopping place. The girl alleges that upon arriving at Roanoke Barnes took her to a house of ill-repute and aided by the proprietress, accomplished her ruin. Her father and brother went to Roanoke and took her home, after first employing counsel and having Barnes arrested and committed to jail with Gladys Williams, as an accessory and without bail. The above are the particulars as printed in the daily papers. This crime in Virginia is a capital offense. —Robbed the Grave. —A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me 'Electric Bitters' and to my great joy and surprise, a friend advised trying 'Electric Bitters' and to my great joy and surprise, the first bottles made a decided improvement. I continued their use for three weeks, and am now a well man I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cts., guaranteed, at V. O. Thompson Drug Store.

THE BELO HOME. Present Achievements and Future Possibilities of This Institution. A great many questions are being asked just now about the Belo Home enterprises, and as Col. Belo presented the house to the community, it is but fair that all should know what their trustees are doing with the gift. The two upper floors, used for living rooms, have been put in thorough repair, but they with the outside of the house must wait for the paint they need, until more necessary improvements are completed. On the ground floor, the kindergarten room was first prepared, where Crist & Keehn, had their printing office. A genuine kindergarten was opened in January, and the happy children are learning already by means of their plays, etc. The association has been very fortunate in securing an ideal teacher an enthusiast in her work, and the results are already apparent. Any one interested, is invited to visit the school from 9 to 12 on school days. The next move was to prepare the north wing of the ground floor, formerly the Salem Postoffice, for a bakery and simple restaurant. The first idea was to make it a convenience for persons living in the house, who are to be self-supporting, or aged women of irreproachable character. The selection of the right man for the place was a matter under consideration for months, but the services of a first-class baker and caterer have at last been secured in the person of Mr. M. J. Ranny who has recently arrived with his family from Vienna and French bread and rolls, rye and graham bread, cakes in variety, from ginger cakes to angel cake, chocolate éclair and charlotte russe, in fact anything that anyone can mention in the baking line. He will also be prepared to fill orders for fancy desserts, elaborately decorated cakes, ice cream and ices in variety. There will be a sales-room opening on Main street where a lunch of sand-wiches, rolls, pies, cakes, chocolate, tea or coffee, and ice cream in season, can be had at any hour of the day. Wanamaker's candies will be kept for sale as it was thought best to be had at moderate prices. Mrs. Ranny, who is her husband's assistant in all his work will have charge of this department. A Middleby oven, found after careful investigation to be the best, is now on its way, and as soon as it is set up and in working order, the public will be invited to visit the bakery. The profits of the bakery restaurant, coming into the hands of the Belo Home Association, are to be used for the improvement of the house until it is complete inside and out; for the equipment and running of a day nursery and free Kindergarten connected with it; for a Woman's Exchange, and by and by when the income is not all needed in the house, the surplus is to go for philanthropic work and town improvements. Suggestions from our town people, as to any need they may feel which might be supplied either now or later, in or by means of the Belo Home, will be acceptable at any time through members of the Association. Any woman in the Twin-City who would like to join the Association and work with it, will be welcome at any of the meetings as announced in the papers from time to time. State C. E. Convention to Meet in Winston-Salem. The State Christian Endeavor Convention will be held in Winston-Salem from April 25th to 28th. Rev. A. D. Thaler announces Rev. T. E. Clark, D. D., President of the United Society, will be present. Rev. Richard Tjader, of Sweden, is expected to accompany him. Evangelist Weston B. Gales, of Montreal, N. C., is also expected to be present. Committees have been appointed to arrange for the coming Convention. They are as follows: Entertainment—Mr. J. F. Crouse, chairman, Mrs. J. C. Hasten, Prof. J. H. McCall, Miss Nettie Carter, Mr. Raymond Brier, Miss Eva Lindsay. Finance—Dr. R. H. Jones, chairman, Robt. Grunert, W. T. Spough, Allie C. Hege, R. W. Brismore, Orrill Pfaff. Hall—Mrs. H. E. Rondthaler, chairman. Rev. E. J. Lowdermilk, E. H. Stockton, Mrs. W. C. Crist, Mrs. M. C. Panther. Advertising—Rev. H. E. Rondthaler, chairman, W. A. Speere, R. J. Mosely, W. C. Crist, H. W. Foltz, Rev. W. A. Walters. Music—Miss Louise Siddall, chairman, Miss Minnie Cross Mrs. R. J. Mosely, Mrs. L. Pfaff, Miss Rosa Reynolds, Mrs. A. D. Thaler. A Prescription for Grip. A gentleman in this city hands THE REPUBLICAN the following prescription for La Grippe, which he has tried with very beneficial results. As the grip is prevalent in all sections of the country, the remedy is therefore timely and we trust will prove efficacious in every case: Phenacetine, 2 scruples, Salol, 2 scruples, Quinine Salicylate, 1 scruple. Mix into 20 pills! Take one pill every hour for 4 hours and then one every 2 hours for 3 or 4 doses. Now is the time to use Plastico—brighten your walls—make home pleasant for the summer months. All colors only at Owens' Drug Store.

State Council Jr. O. U. A. M. The State Council Jr. O. U. A. M., held an interesting session in this city the past week and adjourned to meet at Wilmington, N. C., next February. The very gratifying reports of the growth, wealth and beneficent features of the Council for the year were printed in our last issue. The banquet given the delegates at Hotel Phoenix last Wednesday night was a delightful occasion. Among the toasts for the occasion we note: Friendship of the order—Responded to by Mayor O. B. Eaton, of Winston. To the State Council Officers—Responded to by J. W. C. Deake, of Asheville. The Junior Order and the Public Schools—Responded to by S. C. Chaplain E. F. Sawyer, Elizabeth City. Why the Young Men of America Should be Juniors—Responded to by Hon. E. Spencer Blackburn, Winston. This session was pronounced the best yet held by the order in this State. Officers for the ensuing year were elected as follows: Past Councilor—B. S. Nissen, of Wauhtown. Councilor—C. B. Webb, of Statesville. Vice-Councilor—J. B. Moore, of Washington, N. C. State Secretary—S. F. Vance, of Winston. Assistant Secretary—W. F. Fulghum, of Wilson. [This is a new officer, created at this session.] Treasurer—John T. Tracker, of Greensboro. Conductor—J. N. Maxwell, of Salisbury. Warden—T. G. Cobb, of Morganton. Inside Sentinel—W. E. Yopp, of Wilmington. Outside Sentinel—W. A. Fogleman, of Salisbury. Chaplain—Rev. W. H. Roach, of High Point. A. B. Horney, of High Point, and J. T. Thacker, of Greensboro, Past State Councilors, were elected special representatives to the National Council, which meets in Buffalo, N. Y., June 19th. They were instructed to ask for the appointment of W. G. Cranford, of Winston, as Deputy National Councilor. The State Council increased the salary of Secretary Vance from \$300 to \$400 and authorized him to rent an office at the expense of the Council. The following standing committees were appointed by the State Council: Finance—C. E. Bennett, J. F. Reynolds, J. L. Grubbs. Law—G. E. Smith, Chas. Maus, H. Page. Credential—L. V. Grady, W. F. Robinson, R. S. Stewart. Transportation—Sam F. Vance, A. S. Pearsall, S. T. Grady. Legislature—E. T. Sawyer, G. V. Fulp, Geo. A. Hoyle, Charles Josey, G. H. Weddington. Supreme Judges of Judiciary—Alan Browning, 3 years; Chas. E. Christian, 2 years; W. I. Underwood, 1 year. A Correction. Local Editor:—Having had a personal interview with Dr. B. T. Biting, of Mizpah, N. C., since our last letter to THE REPUBLICAN concerning the church he has established, we wish to make some corrections. The Dr. informs us that the discipline first gotten out was not accepted by the church organization, feeling the Bible the only safe creed, but that some articles of faith have been framed by which the church is regulated. He also states that applicants are received by the old Methodist plan of Confession of Faith and not by vote. The error is due to the fact that we were simply misinformed and not any desire on our part to injure, misrepresent or in any way attack the church of which Dr. Biting is founder and are glad to make these corrections. Rural Hall, N. C., Feb. 25th, 1901. Where Thousands are Lost in Taxes. The Buncombe county authorities have gone into the tax-listing business in a way that means business, by sending for persons and papers. The first evening's investigation resulted in finding about \$40,000 solvent credits, etc., which had inadvertently escaped taxation, but which the owners thereof will cheerfully pay on in the future, and the Citizen adds, it is expected that before the commissioners are done some \$500,000 will have been added to the tax list. —Raleigh Post. Asheville and Buncombe county are not exceptions. In every community there are thousands of dollars in solvent credits which never find their way on the tax books, inadvertently, it is to be presumed, but a fact, nevertheless. The Legislature wants to raise more money to meet demands for increased appropriations and Democratic extravagance. A Board of Inquiry in each county, (County Commissioners could do the work,) could add many thousand dollars to the increased demand by the Legislature. The man with only a small home or a few acres of land has always to come to the "scratch" to his full worth. This tax listing business at best is sadly out of gear and needs attention by the Legislature. There should be some method of valuation which would tend to equalize matters, and there will be glaring discrepancies and continual cause for complaint until it is done.

AN OLD PROJECT REVIVED. To Sell the Court House to Government for Postoffice and Buy the Government Site for a Court House. Representative Whitaker introduced a bill in the House, Feb. 20th, entitled "An Act to Establish a New Court House for Forsyth County." The bill is self-explanatory and we give the full text thereof: "The General Assembly of North Carolina do enact: "Sec. 1. That the Board of Commissioners of Forsyth county are hereby fully authorized, empowered and permitted to sell to the United States of America for the purpose of a Postoffice and other public purposes, the Court House lot upon which is erected the present Court house, being a lot situated in Winston, N. C., and bounded on the north by Fourth street, on the east by Main street and on the west by Liberty street; on the south by Third street containing about 200 by 200 feet, together with all buildings thereon. "Sec. 2. That out of the proceeds arising from the sale of the lot above described, the Board of Commissioners are hereby empowered and directed to purchase for a Court House site the lot of land lying on Fifth and Liberty streets in the town of Winston, being the site heretofore contracted for by the United States, as a lot upon which to erect a Post-office. "Sec. 3. That the Board of Commissioners are also hereby directed, after purchasing and paying for the lot described in section two, to build upon the same a Court House for the use of Forsyth county, paying for it out of the funds derived from the sale of the present site, and after the purchase of the lot and the building of the Court House, the balance of the funds arising from the sale aforesaid to be used in discharging the indebtedness of the County incurred in building the present Court House; and if there be any surplus remaining after these obligations are discharged, to pay the balance into the County Treasurer for county purposes. "Sec. 4. That the Board of Commissioners are directed and empowered to make a deed for the above described lot to the purchaser on the payment of the purchase money. "Sec. 5. That all laws and statutes in conflict with this act, whether general laws or special statutes, are hereby repealed. "Sec. 6. That this act shall be in effect from and after its ratification." The above is an old question "dressed up in new clothes," and in the main was suggested by THE REPUBLICAN at the time the Court House project and bond issue were forced upon the people by a recognized minority. The only difference is that in our suggestion we urged at that time the sale of the Court House and that instead of purchasing another site, that the county utilize the jail property, which it owns, and build the Court House and jail together. Wise acres thought differently and went ahead, tore away the old Court House, built the present structure and forced a bonded debt on the county. The plan, as Mr. Whitaker's bill provides, is feasible, and doubtless is about the best bargain that can be made if the Government has bargained for a site and could not be prevailed upon to provoke its trade only in the way of exchange. If the county jail property could be utilized, so much the better. THE REPUBLICAN has never favored the removal of the Postoffice farther north than the Court House, in justice to the bulk of its patronage and the wishes of a majority of the people. We therefore accept the proposition of Mr. Whitaker's bill substituting the jail property for the Government Postoffice site, if such is possible. A Negro Drowned at Mayodan. Sunday morning at an early hour, two negroes named John Kellum and Foy, were crossing Mayo River near the dam, in a canoe. They had been to a frolic on the other side of the river and were coming home. Kellum was standing and to the surprise of occupants the canoe capsized. The water was some 12 feet deep. Foy swam to the shore, but Kellum was drowned. His body was recovered Sunday afternoon. A bottle of whiskey and a pistol were found on his person. A wife and several children survive. Whiskey, pistols and frolics are bad companions for any man and the unexpected is liable to happen any time. Fatal Shooting Affair. Sunday a number of negroes from different points passed through the city on their way across the Big Ridge to work in the mines, and while passing Floyd Allen's, in Virginia, commenced shooting and cutting up, and Allen proceeded to arrest the crowd when one of the party fired at him. Allen fired also and wounded one of the men. He was brought to this city Sunday night and died Tuesday morning. We have heard all sorts of rumors in regard to the killing—cannot vouch for any of them.—Mt. Airy News. How to Cure the Grip. Remain quietly at home and take Chamberlain's Cough Remedy as directed and a quick recovery is sure to follow. That remedy counteracts any tendency of the grip to result in pneumonia, which is really the only serious danger. Among the tens of thousands who have used it for the grip not one case has ever been reported that did not recover. For sale by B. B. Owen's drug store.

Shooting Affray in North Winston. Saturday afternoon a shooting affray occurred at the Southern Chemical works in which Capt. John Judkins, yard conductor for the Southern Railway, was shot in the left arm by a negro named Edward Ward. Capt. Judkins had gone to the Chemical works after some cars and in backing his train came upon Ward who was removing some scantlings from the track. He administered Ward to hurry and while backing the cars ran over and broke one of the scantlings. Ward became very angry and a fight ensued. This soon ended and Ward went into the Chemical Works and returning, renewed the trouble. Fists, boards and a knife were freely used and finally Ward drew a pistol and shot several times. One ball struck Capt. Judkins on the arm, inflicting a painful wound. Parties attracted by the conflict interfered and turned Ward over to the officers. Decision on a Knotty Problem. The question has frequently arisen regarding the listing of certain property, as to whether it was legal for an individual or firm to list same where the owners or stockholders reside, or where the same is invested, and it seems there is a diversity of opinion. The following case from Virginia may throw some legal light on the subject. The Virginia Court of Appeals recently affirmed the ruling of Judge J. M. Mullen in the Huntings Court of Petersburg in the case of W. G. Dunnington vs. the city of Petersburg. The case is one of especial interest to the tobacco trade of Virginia. Mr. Dunnington is a tobacco buyer, living in Farmville, having his principal office there, and buying in the markets of Petersburg and other cities. His entire capital employed in business was listed for taxation in Farmville, but the city of Petersburg sought to impose a tax on so much of his capital as is employed in his operations in the Petersburg market and levied taxes on \$40,000. Upon motion by Mr. Dunnington to correct this assessment Judge Mullen, in an elaborate opinion, held that it was erroneous, and ordered that he be released from payment of the tax. From this action of the court the city of Petersburg appealed. B. B. Owen's drug store will refund you your money if you are not satisfied after using Chamberlain's Stomach and Liver Tablets.
