Emigration from the State. Many North Carolinians, dissatisfied with their lot, leave this State to settle in the North West. Nearly as many return as go away. Those about to take this step would do well to pause and consider, before starting to an unknown country, the hardships of which they cannot realize until they encoun-

ter them. None of the North-western States nor territories to which our citizens are directing their attention can equal North Carolina in natural sources, fertility of soil or excellence of climate. Our people may go to seek new homes in new countries but they will almost invariably regret it when far away from the scenes of their child-

hood, exposed to the rigors of a Northern climate. The present condition of some of our people may be uncomfort-
