JUST PUBLISHED,
The first No. of the
MONTHLY MAGAZINE,
FOR THE
SOUTHERN CLIMATE
OF THE
UNITED STATES.
For the month of September, 1821.

CONDITIONS.
I. The Magazine will be printed on a small type, and good paper, comprehending as much matter as the American Farmer, or the Port Folio; and published in monthly numbers of 96 pages, which will be securely stitched in a cover. Six numbers to form a volume.

II. The price is five dollars a year; to be paid semi-annually in advance—two dollars and fifty cents on the receipt of the first number of each volume.

III. The work will necessarily be commenced in a plain unadorned style of letter press printing; but if 300 subscribers are obtained for the first volume, an elegant copper-plate engraved likeness, for the *Biographical* portion of the first number, shall accompany a title page, table of contents, and a list of subscribers' names, to be given in the 6th number. And as soon as 1000 subscribers shall be obtained, the subsequent numbers shall contain as many engraved likenesses of celebrated characters, rare and useful animals, new and valuable inventions, implements of manufactures or husbandry; or sublime and beautiful views from native scenes, as shall be annually in any other periodical publication in the United States.

IV. N. B. So much of the above conditions as relate to the payment in advance, are suspended for the present; and no payment will be required till subscribers enough are obtained to ensure the cost of publishing the first volume of six numbers, which will require 250 at least. In case there are not obtained by the first of Nov. 50 cents will be required of each person who shall receive the first number. If the requisite number is obtained to support the work, the subscriptions, according to the above conditions, will be expected to be paid.
Any subscriber dissatisfied with the work, can decline on paying 62 1-2 cents for each number received.
It is probable that it may be found difficult to obtain a sufficiency of interesting materials in the first year of the commencement of such a work, to fill a number every month; therefore, perhaps, it may for the first year be published only once in two months, making a volume in a year.
