## Hillsborough Masonic Lottery.

THE managers of the Hillsborough Masonic Lottery conceive themselves to be in duty bound to state to those who have purchased tickets of them, the reasons why the drawing did not commence on Saturday the 2d inst. as had been previously announced. They are as follows:

The returns from agents at a distance were not complete as to the number of sold tickets.

From the best estimate which the returns made would admit of, it was thought, that although a drawing on that day would be safe according to all probable calculations, yet a loss might be sustained; and they felt unwilling to proceed to draw, so long as there could be the least possible risk.

By delaying the drawing until a few hundred more of the tickets could be sold, there would then be no risk whatever; and the managers would be able not only to pay to the fortunate adventurers the prizes they draw, but in addition thereto fully to succeed in raising a sum of money adequate to the building a commodious house for the use of the Lodge.

The managers have determined to draw on TUESDAY the FOURTH OF JUNE next; but should the drawing, however, not then take place, the managers pledge themselves to return the money on demand to every person who may be dissatisfied.

ON Thursday of the last February court, either in Hillsborough or on my way home, a deed executed by me as guardian for the children of Thomas Ward, deceased, to James Ward, for fifteen acres and a fraction of land, sold in conformity to an order of court, dated 12th of January, 1819, with a relinquishment of title on the back signed by Nancy Ward, widow of said deceased. ## Take Notice.

ALL persons indebted to me for TAXES, or that are owing public taxes for the year 1819 and 1820, are respectfully solicited to call on me and settle the same, or they may expect to be called on for settlement according to the law in such case made and provided; for although such a course will be disagreeable to me, I shall be under the necessity of enforcing it. As I do not expect to hold the office of Sheriff longer than the expiration of the term for which I was last elected, it behoves me to bring my official business to a close, and therefore must have my business at that office settled in proper time.

## D. HEARTT

Proposes publishing, in Hillsborough, N. C. a religious paper, to be entitled

### THE NORTH CAROLINA Evangelical Intelligencer,

In which will be given the most important information relative to the spread of the gospel, and the consequent melioration of the condition of the human family, with such other intelligence as may be interesting to the christian reader; it contains also selected articles tending to promote christian charity and heavenly-mindedness.

## PROSPECTUS.

TO a contemplative mind it is pleasing to look abroad over the various portions of the globe, and observe the improvements which are daily taking place in the condition of mankind. We perceive the dark clouds of ignorance and error, of superstition and fanaticism, gradually wasting away, and the horizon gladden with a brightness indicating the approach of a morning glorious to humanity, and rich with blessings to the children of men. These heart-cheering prospects are the natural results of extended information, but more particularly the blessed effects of an expanding knowledge of the divine precepts of the christian religion. A general thirst for knowledge seems to be awakened, and the efforts now making by missionary, bible, and other societies, to diffuse the religion of the gospel, and to inculcate a more attentive observance of our civil, moral, and religious duties, are attended with a success cheering to the heart of the philanthropist.

It is under such circumstances that we present to the friends of christianity in this and the neighboring states, proposals for publishing in this place a weekly paper, calculated to aid the cause in which so many are engaged; and are induced to hope that such an establishment would not be among the least efficient means of promoting religious information. By the multiplication of political papers the minds of the people of this favored country have been enlightened in the science of government above all the nations of the earth. Through the same means it is not reasonable to expect that moral darkness may be dissipated, the love of religion be incited, and a warmth be infused into the hearts of believing christians which would urge them to still greater exertions. For though we are pleased in contemplating the general advancement of christian knowledge, and the meliorated condition of mankind; yet we find much to lament when we look around us and perceive how many are still enveloped in slothful ignorance, the victims of vice and immorality. Though living in a christian land there are some, alas many, who never enter a church, who never open a bible, who never reflect on the cause or the purpose of their existence. May not the diffusion of religious intelligence tend to remove this listlessness? May it not excite to inquiry? May it not lead to conviction? to reformation? The continual droppings of water wears the hardest stones; may not weekly admonitions and repeated examples melt hearts of stone? Surely there is room to hope that the contemplated work, if properly encouraged, may contribute in some small degree, towards hastening that glorious period, when "the mountain of the Lord's house shall be established in the top of the mountains, and shall be exalted above the hills; and all nations shall flow unto it."

In presenting this prospectus to the public, it is unnecessary farther to explain the nature of the proposed publication. In its conduct, all possible care will be taken to select such matter as may be most interesting and instructive; and the promised assistance of several eminent divines, it is expected, will add usefulness and respectability to the work.

## CONDITIONS.

The Evangelical Intelligencer will be published once a week, and contain eight quarto pages, neatly printed on good paper.

The price will be three dollars a year, if paid in advance; otherwise four dollars will be demanded.

No subscriptions received for less than one year; and no subscription will be discontinued until all arrears are paid, unless, at the option of the publisher. A failure to give notice before the end of the year of a wish to discontinue, will be considered as a new engagement.

To persons procuring eight subscribers, and remitting the amount of the subscriptions, the paper will be sent gratis.

The publication will commence as soon as sufficient encouragement is obtained to defray the expense.

Persons holding subscriptions are requested to forward to this office the names of the subscribers they may have obtained—retaining the proposals till farther notice.

## CONGRESS.

### HOUSE OF REPRESENTATIVES

Monday, April 15.

Mr. Floyd, who has been absent from the house for some weeks, on account of ill health in his family, this day resumed his seat.

This being the day of the week for presenting petitions, there were presented, among others, the following:

By Mr. Rochester, the petition of the corporation of Georgetown, in this district, praying that the bill, now pending before this house, to extend the jurisdiction of justices of the peace in said district, may be passed into a law, with an amendment directing the justice to summon a jury to try cases exceeding \$20, when required by either of the parties.

By Mr. Warfield, a remonstrance, counter to the above, from 25 inhabitants of the county and town of Alexandria.

Mr. Hardin, from the select committee appointed to inquire whether any part of the public expenditure could be retrenched, made a report thereon, in part, and at great length upon the various subjects connected with the expenditures and revenue of the government, concluding with the following resolutions:

Resolved, That the policy of resorting to loans for the support of government in times of peace, is unwise and inexpedient.

Resolved, That this government owes it to the people to take efficient measures for the redemption of the public debt.

Resolved, That the resources of this nation are such as to render unnecessary a resort to a system of internal, direct, and indirect taxation.

Resolved, That this government ought to adopt such a system of retrenchment as will dispense with useless expenditures, and bring the pay and salaries of the officers of government to what they were during the administration of former presidents.

Resolved, That the tariff ought to be new modified with a view to revenue.

The report after being read, was laid on the table and ordered to be printed. A motion was made to print an extra number of copies, which occasioned some debate, but did not prevail.

An engrossed bill from the senate, supplementary to an act, entitled "An act for the relief of purchasers of the public lands prior to the first day of July, 1820," was read a third time and, after a few remarks by Mr. Cocke against the passage of the bill, and by Mr. Moore, of Alabama, in favor of it, Mr. Allen, of Massachusetts, moved that the same be laid on the table; which was agreed to—ayes 65, nays 53.

The bill from the senate altering the time of holding the district court in the district of Mississippi; and an engrossed bill further to amend the several acts relative to the treasury, war, and navy departments, were respectively read a third time and passed.

The unfinished business of Saturday was resumed, (relative to the compensation for horses lost in the Seminole campaign) and the question recurred, upon the motion of Mr. Rich, in relation to the proof of such loss that should be required.

After a few remarks by Mr. Cannon in opposition to the amendment, the question was taken thereon and carried—ayes 56, nays 56.

Mr. Cannon moved an amendment, so as to extend the bill to "cavalry and other persons" who lost horses, &c.—which motion was carried.

Mr. Wilman moved to strike out that part of the bill which proposes payment for such horses as escaped from the owner and were lost—on the ground that that was one of the ordinary risks that was covered by the per diem allowance. The question being taken thereon, it was carried.

Some other propositions for amendment were made and rejected.

The question of engrossment was then taken by yeas and nays, and decided in the affirmative as follows—yeas 89, nays 49, and the bill was ordered for a third reading to-morrow.

Mr. Aiken, of Tenon, obtained leave of absence for the remainder of the session.

The house then resolved itself into a committee of the whole on the state of the union, (Mr. Nelson, of Va. in the chair.)

Mr. Baldwin moved that the resolution submitted by him in relation to the tariff be now taken into consideration; and the question being taken thereon, it was decided in the negative; ayes 58, nays 70.

Mr. Eustis moved that the committee take into consideration the bill in addition to the act to reduce and fix the military peace establishment; which was agreed to—ayes 69.
