## MILL SECROTEE. Thursday, September 25.

The Penitentlary Question.

or hope it will be kept entirely free from party almost exclusively to the newspapers, and they should be open for both sides of the head, will be the only one upon which there will lected as their representative." to much difference of opinion. That a Penitentary is desirable, most people are willing to admit; but whether they are willing to be taxed a attention of the public will be directed.

In to-day's paper will be found a communicainvite attention.

#### THE METEOR.

As a matter of interest to many of our readers, we copy from the Payetteville Carolinian and Rahigh Star the following particulars in relation to the Meteor on the morning of the first instant, funished, it seems, by gentlemen who witnessed

From the North Carolinian.

On the morning of the 1st of September, I was in my east piazza, about 15 sound caused me to face round. I learn an end. direction, emitting a most vivid I ght, and find the following passage: having a long tail behind it, from which there dropped to the earth along the whole

the report re chel me.

The ball appeared to be about the size of a ten gallon keg.

From the Raleigh Star. but am of opinion one passed about fifty conductor will ignite shavings, degrees above the heavens, as the light was more brilliant at forty degrees than

coursely a not have been four miles dies | Merennery Restrict. The Anti-prode from the price that is to say, a stallanded PEVER AND ALL PEVERS | To Kerchunds, Millers, and that the meteor burst. There was an i-the laws, and repudints their contracts inve-facts stans of the optic i dission of a bin finsing to pay their tent, have brought upish light succeeding an incuse ced. . on themselves and their families the most

expenditures during the same period, to-gother with the debt of the previous year, living in those parts. Large sections of the year, was \$117,295. The excess of the to women and their offspring is immense. The Penitent Mry Question. year, was \$117,295. The excess of the to women and their offspring is immense. Dollars a year, payable in savance in all case. What renders this picture more distressing no account being opened with subscribers to

sumications that may be at all calculated to throw fight upon the question, whether they be for or against a Penitentiary; and we carnestly solicit. Our own opinion has been made up for years in favor of a Penitentiary, and we can see nothing in the present mitted as a proper throughout the accurate the purpose of applying to Congress for the admission of his nation as a territory into the United successful to the property of their forces. The force they be for or against a point of the purpose of applying to Congress for the admission of his nation as a territory into the United States and Territories who will give a single instance of the purpose of applying to Congress for the admission of his nation as a territory into the United States and Territories who will give a single instance of the purpose of applying to Congress for the admission of his nation as a territory into the United States and Territories who will give a single instance of the purpose of applying to Congress for the admission of his nation as a territory into the United States and Territories who will give a single instance of the purpose of applying to Congress for the admission of his nation as a territory into the United States and Territories who will give a single instance of the purpose of applying to Congress for the admission of his nation as a territory into the United States and Territories who will give a single instance of the purpose of applying to Congress for the admission of his nation as a territory into the United States and Territories who will give a single instance of the purpose of applying to Congress for the admission of his nation as a territory into the United States and Territories and Territories who will give a single instance of the purpose of applying to Congress for the admission of his nation as a territory into the United States and Territories and Territories and the purpose of the purpo sitentiary, and we can see nothing in the present States with a delegate in Congress. A Constitution, it is said, has been adopted by the voters of the nation, and every lation, untilalnost too late to remedy the is inexpedient to enter upon the work at the next by the voters of the nation, and every evil. of the Legislature. This point, the experimentary step taken for submitting it to hency of establishing one at present, we appre- Congress, and his distinguished chief se-
