The fact that we are receiving more leas-ther from our own Tannery than we have ever done, together with what we get from the hands of impatiers and Northern factories, places it in our power to sell goods as low as any jobbing house of the same kind in any porthern city. Merchants, Boot and Since Manufacturers, Parmers and all others, who may need goods in our line, are requested to give our stark an ex-smination before purchasing, as we doubt not, that we can make it of mutual benefit to both the

purchaser and ourselves. Below we enginerate some of the leading ar-
