CHERRY PECTORAL.
For the rapid Cure of
COUGHS, COLDS, HOARSENESS,
BRONCHITIS, WHOOPING-COUGH,
CROUP, ASTHMA, AND
CONSUMPTION.

Among the numerous discoveries Science has made in this generation to facilitate the business of life, increase its enjoyment, and even prolong the term of human existence, none can be named of more real value to mankind than this contribution of Chemistry to the Healing Arts. A trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a remedy has at length been found which can be relied on, to cure the most dangerous affection of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following—and refer further inquiry to my American Almanac, which the agent below named, will always be pleased to furnish free, wherein are full particulars, and indisputable proof of these statements.

Office of Transportation,
Lancaster, S. C., Aug. 4, 1853.

J. O. Ayer, Dear Sir.—My little son, four years old, having recovered from a severe attack of malignant Scarlet Fever, his throat was inflamed, and every person that visited him pronounced him a dead child. Having used your CHERRY PECTORAL, in California, in the winter of 1851, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a teaspoonfull every three hours, commencing in the morning, and by ten o'clock at night, I found a decided change for the better, and after three days he was able to eat or drink without difficulty.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all afflictions of the Throat and Lungs, I believe it is the best medicine extant. A feeling of the deepest gratitude, prompts me in addressing you these lines—but for your important discovery, my little boy had now been in another world.

I am yours, with great respect,

J. D. POWELL, Super. Frame, L. R. R.

Rock Hill, N. C., July 21, 1852.

Dr. J. C. Ayer.—Since your medicine has become known here, it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some case where the last thing they can say of it, is not too much for the good it has done. Take pleasure in telling it, because I know that I am giving my customers the worth of their money, and that I am entitled in seeing the benefit it confers.

Please send me a further supply, and believe me yours, with respect,

JOHN G. WHITLOCK.

Windsor, C. W., June 26, 1852.

J. C. Ayer, Sir: This may certify that I have used your CHERRY PECTORAL for upwards of one year; and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my conviction when I say it is a priceless remedy.

Yours very respectfully,

D. A. McCULLIN, Attorney at Law.

Wilmington, Pa., September 28, 1852.

Dr. J. C. Ayer: My dear Sir.—Your medicine is much approved of by those who have used it here, and its composition is such as to insure and maintain its reputation. I invariably recommend it for pulmonary affections, as do many of our principal physicians.

I am your friend,

CHAS. STREETER, M. D.

Cheapest, Shortest, &

Most Expedited Route

To Petersburg and the North.

TRAVELLERS coming down the Raleigh and Gaston Road are informed, that they will find at GASTON a passenger train ready to carry them on to Petersburg without any delay.

By taking this train, they will not only save 50 cents in the price of each passage, and shorten the railroad travel 15 miles, compared with the route via Winston, but they will reach Petersburg before the Petersburg or Portsmouth cars start from Winston, as those cars have to wait there for the Wilmington cars—and besides avoid the delay of 3½ to 4 hours at that place.

For further information and tickets, apply to the Agent of the Greensboro and Roanoke Rail Road Company, at Gaston.
