Vol. XXXVI.

HILLSBOROUGH, N. C., WEDNESDAY, MAY 13, 1887.

No. 1888.

## LEONARD'S SOUTH AMERICAN Fever and Ague Remedy

CHEAP, SAFE AND PERMANENT CURE.

AND IS ALSO A Preventive of the various forms of Bilious and Intermittent Fevers.

Price One Dollar per Bottle.

This preparation contains no arsenic or mercury, and will not, like the many compounds now recommended for Bilious or other FEVERS, leave the system in a condition more to be dreaded than the disease, but its action is in its CURATIVE, PREVENTIVE and RESTORATIVE properties, and is adapted to all Ages and conditions of the system. Nearly all the ailments which enter into its composition are of themselves, singly, and dual agents for the cure of BILIOUS and INTERMITTENT FEVERS. As a preventive, it is especially adapted for use by sea voyagers, Travelers, Emigrants, and others, during the Summer and Fall months, when malarial diseases are most prevalent.

A Testimony by G. A. LEONARD, New York, on the disease, with Testimonials and Certificates of cured patients, can be obtained, gratuitously, at all the places where it is sold.

**CERTIFICATES.**

The following statement of the Rev. L. M. Pease, of the First Baptist Church of Hillsborough, N. C., is a full and complete testimony to the value of this medicine. It is published in the Hillsborough Recorder, and is a full and complete testimony to the value of this medicine.

Mr. G. A. Leonard—Dear Sir:—I have suffered from a severe attack of South American Fever and Ague, which has been cured by your medicine. I have been cured of this disease, and I can recommend your medicine to all who suffer from this disease.

Mr. G. A. Leonard—Dear Sir:—I have suffered from a severe attack of South American Fever and Ague, which has been cured by your medicine. I have been cured of this disease, and I can recommend your medicine to all who suffer from this disease.

Mr. G. A. Leonard—Dear Sir:—I have suffered from a severe attack of South American Fever and Ague, which has been cured by your medicine. I have been cured of this disease, and I can recommend your medicine to all who suffer from this disease.

Mr. G. A. Leonard—Dear Sir:—I have suffered from a severe attack of South American Fever and Ague, which has been cured by your medicine. I have been cured of this disease, and I can recommend your medicine to all who suffer from this disease.

Janimo, N. Y., May 13, 1886.  
Mr. G. A. Leonard—Dear Sir:—My mother, an aged lady, was afflicted with chills and fevers very bad last summer, and having heard your medicine recommended, she was induced to try it; after taking one and a half bottles, she was perfectly cured, and I cheerfully recommend it as a safe and sure cure.  
Respectfully yours,  
G. N. GOWDIE

These certificates might be added to swell the list, but a deluge of the kind of many not to have their names appear in print, prevents a full recital of them. There is, however, an sufficient evidence to establish the fact that this remedy is without an equal for the permanent cure of the Fever and Ague.

A supply of the above medicine on hand, and for sale by J. F. MAIN, Hillsborough.

R. H. SANDERS, Chapel Hill, and Merchants generally in this section.

January 7, 1887.

25 WITNESSES;  
OR, THE  
**FORGER CONVICTED.**

JOHN S. DYE IS THE AUTHOR, Who has had ten years experience as a Banker and Publisher, and is the Author of a Series of Lectures on the Building of a Successful Business, which, for ten successive nights, over 50,000 people were present.

Arranged so admirably that reference is easy and Detention instantaneous. No index to examine! No pages to hunt up! But so simplified and arranged, that the Street Man, Householder, and Business Man can see all at a glance.

English, French and German. Thus each may read the same in his own Native Tongue.  
Most Perfect Bank Note List Published, also a list of All the Private Bankers in America.

A complete summary of the Finances of Europe and America will be published in each edition, together with all the important news of the day; also a Series of Tables from an old manuscript found in the East. It furnishes the Most Complete History of ORIENTAL LIFE.

ONE DOLLAR A YEAR. CIRCULATION, OVER 100,000 COPIES WEEKLY.

TRUSTEE'S SECOND SALE. BY virtue of a deed of trust executed by McLean & Hunter, for purposes therein named, I shall proceed to sell, in the town of Hillsborough, N. C., the several lots of land, (being Tuesday of June next) the following, to-wit:

TO COTTON PLANTERS. The Cotton Planter's Manual; BEING a compilation of facts from the best authorities on the culture of Cotton, its natural history, chemical analysis, trade and consumption; and embracing a history of Cotton and the Cotton Gin. By J. A. Turner. Price \$1. Sent free of postage on receipt of price.

GARDENING FOR THE SOUTH. By W. N. White, of Athens, Georgia. A most complete manual for every department of Horticulture, embracing the Vegetable Garden, the Fruit Garden, the Flower Garden, and the Planting Grounds, adapted particularly to the Southern States. Price \$1.25.

TO THE PUBLIC. WE, the merchants of Chapel Hill, feeling the necessity of a change in the manner of doing business in this place, have resolved to have all bills made for goods sold, due the 1st of each July, and the 1st of each January, without regard to date of purchase.

## DON'T DESTROY THE BIRDS.

How often have we uttered the injunction to our readers, and especially our agricultural ones, that they should not kill the birds!

They are the farmer's best friends; in killing them he is injuring himself. And still, though this has been pressed upon their attention, too often do we see heartless individuals putting them out of the way by wholesale. Again we would request the farmers of Lancaster county, in the language of a well-informed writer, to "spare the birds." "Summer is close at hand, and with its pleasures will come the daily nuisance to those who dwell amid rural scenes of hearing the soft notes of the shot-gun."

The water melon vine is very subject to injury from water; heavy and continued rains give the vines the appearance of having been scalded, hence the necessity of planting on hills instead of on a level. Hills should be excavated and filled in with well rotted manure, with a mound made over the manure at least twelve inches higher in the center than on the outside; on the center of this mound, plant the seed, plant some six or eight, and when they have four leaves, thin out to three plants in a hill.

The first melons that set on the vine will mature in four weeks from the time of setting. The second settings in about three weeks. As the season advances, they will mature in less than three weeks. Fine crops of melons are made by using brush for the vines to run on, and cling to. The seed of the first melon that ripens should be saved for the next season's planting, if it grew where no other member of the melon family could impregnate it.

WHEAT AND OATS. Mr. Editor:—Some have a prejudice against oats, because they imagine the crop to be a great exhauster of the soil, don't think much of them, and believe wheat the more profitable. Some like the oat crop, and always sow oats, and follow with wheat on the oat stubble. They make good crops, and say their lands are not exhausted by the practice.

THE AMENITIES OF LIFE. Very many persons think nothing of the neglect of little courtesies, and pass through life with all the outward appearance of indifference to the comfort and happiness of those around them. It would seem that they recognize the existence of nobody but themselves, and that they consider it beneath their dignity to heed the little amenities which regulate the intercourse of civilized people.

A STORY FOR APRIL. A little girl, whom people may have observed selling violets around the New York Hotel, offered a bunch the other day to a gentleman and lady who were staying at that establishment, as they were returning from a walk.

DISPUTING WITH SATAN.—An old and excellent writer gives the following advice: "If you would not be foiled by temptation, do not enter into a dispute with Satan. When Eve began to argue the case with the serpent it was too hard for her; the devil by his logic, disputed her out of Paradise. Satan can mimic sin, make it small, and varnish it over, and make it look like virtue. Satan is too subtle a sophist to hold an argument with him. Dispute not, but fight. If you enter into any parley with Satan, you give him half the victory."

INDUSTRIOUS HABITS.—Teach your children to be industrious. It is the best preventive to crime—the best guardian to virtue. Read the history of the hundreds who fill our prisons, and learn that idleness was the chief cause of their ruin. Young men of industrious habits are seldom found in the sinks of pollution, disgracing themselves and their parents.

VERY GRATIFYING.—It does a body good to have his pride flattered once in a while. We realize the benefit of it once a year. Every April the assessors come round and ask how much money we have got at interest; how much stock we have in the public funds or in banks; and various other questions which are supposed to be put only to the "solid men."

section with that which circumstances may indicate as a leading crop for market. Very respectfully, yours,  
TAB'S CREEK.  
Granville County, April, 1887.

DON'T DESTROY THE BIRDS. How often have we uttered the injunction to our readers, and especially our agricultural ones, that they should not kill the birds!

They are the farmer's best friends; in killing them he is injuring himself. And still, though this has been pressed upon their attention, too often do we see heartless individuals putting them out of the way by wholesale. Again we would request the farmers of Lancaster county, in the language of a well-informed writer, to "spare the birds."

The water melon vine is very subject to injury from water; heavy and continued rains give the vines the appearance of having been scalded, hence the necessity of planting on hills instead of on a level. Hills should be excavated and filled in with well rotted manure, with a mound made over the manure at least twelve inches higher in the center than on the outside;

THE SONG OF THE OLD. Would ye be young again? So would not I; Our tear to memory given, Onward I'd be. Life's dark book foiled o'er, All but at rest on shore— Say, would you plunge once more, With home so high!

THE AMENITIES OF LIFE. Very many persons think nothing of the neglect of little courtesies, and pass through life with all the outward appearance of indifference to the comfort and happiness of those around them. It would seem that they recognize the existence of nobody but themselves, and that they consider it beneath their dignity to heed the little amenities which regulate the intercourse of civilized people.

A STORY FOR APRIL. A little girl, whom people may have observed selling violets around the New York Hotel, offered a bunch the other day to a gentleman and lady who were staying at that establishment, as they were returning from a walk.

DISPUTING WITH SATAN.—An old and excellent writer gives the following advice: "If you would not be foiled by temptation, do not enter into a dispute with Satan. When Eve began to argue the case with the serpent it was too hard for her; the devil by his logic, disputed her out of Paradise. Satan can mimic sin, make it small, and varnish it over, and make it look like virtue. Satan is too subtle a sophist to hold an argument with him. Dispute not, but fight. If you enter into any parley with Satan, you give him half the victory."

INDUSTRIOUS HABITS.—Teach your children to be industrious. It is the best preventive to crime—the best guardian to virtue. Read the history of the hundreds who fill our prisons, and learn that idleness was the chief cause of their ruin. Young men of industrious habits are seldom found in the sinks of pollution, disgracing themselves and their parents.

VERY GRATIFYING.—It does a body good to have his pride flattered once in a while. We realize the benefit of it once a year. Every April the assessors come round and ask how much money we have got at interest; how much stock we have in the public funds or in banks; and various other questions which are supposed to be put only to the "solid men."

My dear," remarked the gentleman, mildly, "you have spoken rather harshly to the child; see, her eyes are filled with tears." The lady looked around. The little violet girl, whose eyes were as dark as the flowers she sold, was weeping silently. In an instant Mrs. Y.'s warm southern nature gushed out, she clasped the poor little child in her arms, and endeavored to assuage her grief.
