

The Hillsborough Recorder

WEDNESDAY, OCT. 3, 1876

LOCAL DEPARTMENT

Terms of the Recorder for 1876. For 1 year, \$1.50. For 6 months, 75c.

Payments always in advance. Job printing done neatly, cheaply and promptly.

See fourth page both for Ads and interesting reading matter.

Capt. J. J. Davis will be the guest of Dr. Pride Jones on Saturday.

The county canvass begins in Person his week.

The Board of Commissioners is in session.

Mr. Jones Watson brought up from Chapel Hill some of the finest sweet potatoes we have seen this season.

We call attention to the fact that, Mrs. Mattie Taylor, Milliner and Dress Maker has just received a full supply of all goods of all kinds.

The Board of Commissioners decided the question of the fence around the Court House at their meeting on Monday by letting it out to Charles Conley, who proved to be the lowest bidder.

We learn that Mr. James Maris is very sick at his residence in this county.

Mr. William Waddell, son of Maurice Q. Waddell Esq. of Pittsboro is one of the victims of the Savannah scourge.

Quite a number of Centennial visitors have returned. There are still a number abroad, among them H. N. Brown and Charles Parks.

Read the number of new ads, among them that of Charles Parks who makes the finest show he has ever made in these columns.

The mercury on Monday morning was at 46—the coldest of the season.

Dr. John Berry and Miss Mary Strayhorn were married on Monday morning, and left immediately on a Centennial tour.

The committee have made ample preparations for the speaking on Saturday.

Don't forget that Vance and Settle meet here on the 12th. Orange, Chatham, Alamance, Person and Caswell must be here to meet them.

Somewhat frosty last week, and tobacco growers will be on the qui-vive.

Cannot something be done here in aid of the Savannah sufferers? Our town, so healthy, ought to sympathize with the afflicted city, for it must be impressed by the contrast. Let us contribute our mite.

The Daily Journal, Wilmington is suspended, from financial difficulties. All readers of that able Journal will regret its decrease. For twenty eight years it stood at the head of Journalism in the State. Col Saunders will soon bring his talents to bear in another field.

Various rumors of Independent and opposition candidates are in circulation—hardly sufficiently authentic to give them full credence, yet with a strong air of probability about them.

Registration. As a pre-requisite of voting, registration is necessary. Don't let it be neglected. The time is at hand. Democrats old and young must avail themselves of the law. Many old Democrats have neglected it. Many young Democrats have recently come of age. REGISTER! REGISTER! The fate of the State and of the nation hangs upon a full Democratic vote.

Hon. George Davis. This eloquent and distinguished man, who speaks here on the 7th of October, ought to attract the attendance of the county of Orange. No man in our State is more gifted in Oratory; no man more learned; no man more brilliant; and we can add, no man more pure in personal character, and no man more ardent in devotion to his country. He is a Southern man, but he is national in his views, and he restores the true relations of the sections that he has embarked his talents and his experience in the existing campaign.

Let all hear him; and we predict that after his demonstrations, many unconverted Republicans will embrace the true faith.

The Raleigh News has a startling revelation in regard to the Stephens murder. It was a pretext for the Kirk-Holden war. Now it appears to have been a Radical plan to influence public opinion against the Democrats. This has always been the belief of Democrats. If Mr. Bailey's statements are correct, then there is no doubt of the fact that Stephens was murdered by his own party to conceal damaging developments.

State Fair—Meeting of the Executive Committee.

Our State Fair opens two weeks from Tuesday next, and the Executive Committee are actively at work, with the secretary, to prepare everything for the accommodation of the people.

Last night the usual meeting took place, A. Creech, Esq. presiding. The Secretary reported various donations in addition to those heretofore mentioned, swelling the amount in articles to a very handsome sum, and adding materially to the value of the premium list.

The supplemental premium list, with a full statement of donors and their gifts, was ordered to be prepared for immediate issue.

The Secretary was authorized to contract for tickets, cards, advertising bills, and to make arrangements with the Railroad authorities for excursion trains during Fair week. It is intended to afford the most liberal facilities possible to our citizens for their attendance on this interesting Fair.

On motion of A. Creech, Esq. the committee resolved to appeal to the citizens of Raleigh, and especially the ladies, to give the Fair all possible encouragement by contributing any articles of interest to the exhibition. Great care will be taken to suitably prepare for and return everything safely.

The following committee was appointed to take charge of Floral Hall, owing to the continued ill health of Dr. B. F. Arrington: Messrs. T. F. Poesch and A. M. McPheeters, of Raleigh, and Col. Henry A. London, of Pittsburg.

Various communications were considered and encouraging reports presented. The committee was also favored with suggestions in regard to the stock department from an experienced stock raiser.

The Secretary gives notice that practical and efficient men will be employed to care for the stock and poultry, and all parties making entries may be assured that their animals will be under good supervision.

Supervisors are particularly requested to notify the Secretary of their acceptance and are asked to be present promptly, on the first day of the Fair, to take charge of their respective departments.

Some additional features of much interest will shortly be announced. Let everybody make up his mind to come to the Fair, and meet all neighbors and friends intent upon building up our own commonwealth. Every Fair is the means of adding largely, directly and indirectly, to the wealth of our State, and the general intelligence of her people, by the facilities for observation of new methods and appliances in farming—in the hardest times we might most readily to go, one and all.

Any information desired can be had by applying to Capt. C. B. Denson, Secretary, Raleigh.

Hillsboro Shoemakers.

In point of taste and skill we think no place in the South equals Hillsboro in the excellence of its shoe mechanics. It seems to be hereditary with them, for we cannot recall the time when our town did not have a proverbial reputation, and that is maintained at the present time by such workmen as Hayes, Faucett, the Adams and others. With their workmanship, we are surprised that a manufacturing establishment has not been established here.

Orange Politics.

We think we can assure our readers that it is all right here. The Sugar Hill meeting has had no effect. Independence has no hold in this county. The people are of one way of thinking and they will work out their thoughts through their votes. Zeb. Vance and Joe Davis will carry the county by from eight hundred to a thousand votes. Mark the prediction. There is a reserved strength in this county unknown to us. Let every man register and vote, and we may calculate upon the majority we predict.

John Rosenoud.

In 1832 this now resident of our town came to this country as a refugee from Poland—driven away by Russian tyranny. His hatred to Russia is still warm. He looks upon her aggression upon Turkey with no mild eye. He thinks the condition of the Christians in Turkey as better than it would be under Russian rule. In this opinion we differ, but make allowance for one who has suffered so much. Mr. Rosenoud is now upwards of sixty and a staunch supporter of the Government. We are sorry to say that he is a Republican, though we have hopes of his conversion before the election.

MARRIED.

In this town on the 2nd of October by Rev. James H. Fitzgerald Dr. John Berry, to Miss Mary E. only daughter of Wm. F. Strayhorn Esq. All of Orange county N. C.

IN MEMORY OF CHARLEY T. BAIN.

DEDICATED TO HIS MOTHER, KINDRED, AND SCHOOL MATES.

Who cannot suffer cannot dare! Misfortune may be every where, But while a free heart hold its home, A spirit-glory makes sublime, Each stony road o'er which we roam— It leads us into honor's clime— Each noble deed it sanctifies, And makes the mind a paradise.

S. C. B.

NEGAR HILL.

This little place, unknown to fame, is rising through the columns of the *Constitution* into something like notoriety. Sugar Hill was unknown in North Carolina not even in Orange. Certain soreheads have organized to derange Democratic success. We know them, and we have no sympathy with them, and for this reason we regarded the publication of their proceedings purely as an advertisement. If paid for, well and good; if not, then it passed into the waste basket.

Let it not be understood that the Recorder is disposed to stifle the free expression of opinion in Orange. But we will not be a party to treason against the Democratic party; and we do regard as treasonable such meetings as the one at Sugar Hill. Why should the Strayhorn, the elector for this District take such interest in it, if Radical interests were not to be forwarded? He went there on Saturday to make a speech. Do we hear of any Democrats being present?

The whole affair is a radical move, instigated by sore-heads. It has no influence in other parts of the county.

The Fair.

We hope the Centennial will not be allowed to interfere with the success of the State Fair. North Carolina has much at stake in keeping up an enterprise which has cost so much in money and in enterprise. Appeals to state pride should not fall on listless ears. The great drawback is in the scarcity of money. But to compensate for that to some extent, the railroad companies will reduce rates.

And we learn that the premium list is on a magnificent scale. We received the circular of the Secretary, Capt. C. B. Denson, and it displays a much more liberal system of awards than has characterized any previous exhibition.

There ought and there should be, a full attendance.

WONDERFUL SUCCESS.

It is reported that BOSCHER'S GERMAN SYRUP has effected introduction in the United States, reaching the immense sale of \$1,000,000 per year. Over 6,000 Druggists have ordered this medicine direct from the Factory, at Woodbury, N. J.; and not one has reported a single failure, but every letter speaks of its astonishing success in curing severe Coughs, Colds settled on the Breast, Consumption, or any disease of the Throat and Lungs. We advise any person that has any predisposition to weak Lungs, to go to their Druggists Dr. O. Hoover and get this medicine, or inquire about it. Regular size, 75 cents; Sample Bottle, 10 cents. Two doses will relieve any case. Don't neglect your cough.

The Milton Chronicle records a distressing accident. A Mr. Kinsley of Danville while attempting to cross swollen stream eight miles from Milton with a buggy drawn by a pair of horses, was swept down by the stream. Mr. Kinsley was drowned and the horses perished.

We would again call the attention of our readers, and especially those who are interested in machinery, to the advertisement of Messrs. Poole & Hunt, so widely and favorably known as Engineers, Founders and Machinists. Ever determined to be among the first in the grand march of improvement, and to keep pace with the marvelous advance of the age in science and mechanics, this firm spare no expense in perfecting their working capacity and appliance of their splendid establishment. Their new Pattern and Price Lists, with many valuable additions, are now ready for distribution, and will be sent, postage paid, to those who make application for them. They have also on hand an exceptionally large and comprehensive list of miscellaneous machinery patterns.

FIRST IN WAR, FIRST IN PEACE.

And first in the hearts of the thousands who were once the victims of disordered liver and its attendant maladies. Such as Constipation, Bilious Fevers, Colic, Dyspepsia, Sick Headache, Chills, Rheumatism, Gout, Jaundice, Restlessness, Loss of Appetite and General Debility. "FIRST TURT'S PILLS" and their health and happiness, is their motto. This is the result of American progress in science. Diseases that were once treated by emetics, blisters, leeches, starvation and poisonous minerals, are now cured by these safe and gentle pills, which impart strength to the body, while they remove all unhealthy secretions.
