### Personal Paragraphs.

Mr. G. Will Arnfield returned from the Northern markets this morning. Judge Avery and his wife spent yesterday in Greensboro, and left this morning for Hillsboro.

### Y. M. C. A., Lyceum.

The programme of the exercises to be held at the next Friday night meeting is as follows: Original Essay, Jas P McNeil; Selected Reading, Jas W Rumble; Debate, Query—Which affords the greater field for eloquence, the pulpit or the bar? On the affirmative, Messrs J Hatcher and H M Alford. On the negative, Messrs N M Dunlap and Geo M Bulla.

### Funeral Services of James C. Cunningham.

The funeral services of Mr. J. C. Cunningham, the Sheriff of Guilford County, were held this morning in the Presbyterian Church in this city, by the Pastor, Rev. J. Henry Smith, D.D. Mr. Cunningham died last Saturday afternoon at 5 o'clock, after suffering for a week or more from pneumonia.

At a few minutes past 11 o'clock this morning the remains were brought into the Church; the following gentlemen acting as pall bearers: Messrs. W B Farrar, Jas A Barringer, Jos M Morehead, J N Nelson, Cee H Gregory, J W Scott, S S Mitchell and W J Blackburn.

A large number of the citizens of the town and county were assembled to pay the last tribute to the respected dead.

Dr. Smith made a short but very appropriate address. He spoke of the great loss the community and the church had sustained in the death of the deceased. He felt the loss of a personal friend, the church would feel the loss of a worthy member, the Sabbath School of an earnest teacher, the poor of the community would miss a cheerful helper, the business circles an enterprising citizen, the city Commissioners a valuable co-worker and the county at large, the great loss of a most excellent officer. He commended, in beautiful terms, the afflicted family to the care and protection of an alwise and gracious Providence. After the services in the church were concluded the remains were removed to the cemetery near-by and interred.

The deceased was a native of this county—son of the late Col. John M. Cunningham, he was born on the 14th day of October, 1844, and at the time of his death was in his 37th year. He received a classical education and for a time was a student at Trinity College, in this State. In 1864 he entered the Confederate Army as a Clerk to Maj. Jas. Holmes, commandant at Greensboro. After the war Mr. Cunningham engaged in agricultural pursuits, and continued in this branch of industry for several years. In May 1869 he was married to Miss Jones of Pittsylvania County, Va., a grand-daughter of the late Capt. John Keen.

In 1871 Mr. Cunningham sold the farm on which he lived and removed to Greensboro to engage in merchandising. He was a large contractor with the Richmond & Danville Railroad Co. For four years he has served the city of Greensboro as Commissioner. Last fall he was elected Sheriff of this county by a flattering vote, in which position he has fulfilled all the expectations of his political friends and has given universal satisfaction by his strict integrity, industry and the prompt attention to his duties. That he was respected by all classes was shown by the large and varied assembly that gathered about his grave; the rich and the poor, white and black, those in high walks of life and those of humbler paths all gathered to do honor to the memory of James C. Cunningham. The sympathies of the entire county are with the afflicted family.

### University Normal School.

The following is the announcement for 1881, which we are requested to publish: The recent action of the General Assembly affords most gratifying evidence of the strong hold the University Normal School has taken on the public mind of the State. The enterprise will accordingly be prosecuted with renewed vigor and enthusiasm.

Teaching is not only a science, but an art. The normal school will therefore be, as heretofore, under the charge of trained experts, who for years have made methods a study, and have had large practical experience in their working.

The scheme of instruction will embrace regular instruction for all students, including daily recitations and lectures; daily lectures before the whole school, on school organization and discipline, methods of instruction, the relation of teacher, parent and child, etc.; daily drill in vocal music; special instruction for advanced students; a series of lectures on the geology of North Carolina, by Professor Kerr, the State Geologist; lectures by distinguished educators and spec-

ialists of North Carolina and other States.

In order that the teachers of the State may see in practical operation a primary school organized and conducted according to the most approved methods, such a school, composed of children from Chapel Hill and its vicinity will be organized and conducted by a teacher of experience in the public schools of New York city.

A distinguished teacher of elocution and reading will give practical instruction in their art, both to the entire school and to advanced classes. The faculty of the University will co-operate cordially, by occasional lectures and otherwise, in furthering the interests of the school.

The Teachers' association of North Carolina will hold a regular meeting during the session.

The school will open on Thursday, the 16th of the next, and will continue six weeks. It will be held in University rotation rooms and laboratories. There will be no charge for tuition. Dormitories in the University buildings will be free to male students who however, must furnish their own bedding. Table board can be had in private families at the rate of ten dollars per month. Arrangements for messing at a cheaper rate will be provided. Facilities for cooking will be afforded, thus bringing their utensils. Last year some of the normal students lived comfortably in this way at four dollars to five dollars per month.

Half fare, in some cases less, will be granted by the railroad companies. Students should apply for commutation tickets, the railroad agent at the station. These commutation tickets must be obtained from the agents of each road traveled over. The ticket agent at the station, and not the conductor on the train, has authority to issue these tickets. It is hoped that the railroad will run to Chapel Hill by the opening of the school. If no proper directions will be given. Facilities will be given to borrow or purchase such books as may be needed. Through the liberality of the Rev. Dr. Orry, agent of the Peabody fund, supplemented by the Board of Education, pecuniary aid will be given to those who are unable to pay their own expenses.

Applications for securing pecuniary aid should be made on or before June 1st next, to President Battle, at Chapel Hill who will lay them before the board. If the amount applied for does not exceed the fund at the disposal of the board, all traveling expenses will be paid, so as to place those at a distance on an equal footing with those near at hand. Applications should be accompanied by certificates from a Judge, a Chairman of the Board of County Commissioners, a Superior Court Clerk, or a member of the Legislature, vouching for the good character of the applicant and his inability to pay his own expenses.

In conclusion, the Board of Education assure the teachers of the State that the normal school will fully respond to the increasing demand for better education. It will exemplify by theory and practice the best methods of instruction employed in Europe and America. It is possible for any teacher in the State to attend the coming session of the normal school at a cost not exceeding five dollars. Patriotism and self-interest alike call upon teachers everywhere to come and show their appreciation, both of their own profession and of the efforts that the State is making in behalf of education.

### Special City News.
