—There was a miniature blizzard here Tuesday night, the wind blowing quite cold from the north, with indications of snow, but none fell. A thin crust was frozen on the ground. Fruit will not be able to withstand many such visitations.  
—Governor "Bob" Taylor, of Tennessee, spent Sunday here with his sister, Mrs. Gaston W. Ward. He lectured at Winston the previous night. A strong effort is being made to induce him to deliver an address at the coming Fourth of July celebration at Guilford Battle Ground.

—Rev. G. T. Rowe, pastor of the M. E. church at Proximity, was presented with a handsome new bicycle last Friday evening by a number of his friends who thought it would aid him materially in his work. Prof. Claxton made a happy presentation speech, which was responded to feelingly by Rev. Rowe.  
—Fonley Shaw, a six-year-old colored boy living in "Jonesboro," was shot in the head by his nine-year-old cousin Smion Shaw, Tuesday evening, and died a few hours later. The boys found a loaded shotgun on a bed at the latter's home, and in handling it it was discharged with the above unfortunate result.  
—We print this week an interesting historical sketch of the old McLean homestead, near McLeansville, written for the PATRIOT by a kinsman of the owner and occupant of the house. It is one of the most remarkable houses in the State, and we regret that our correspondent did not dwell at further length upon its history.

—Judge Dick has not been as well the past few days as his friends would like to see him. For a time after his return from Baltimore he seemed to improve steadily, but there was an unfavorable change in his condition last week that causes some apprehension, although he is reported some better today.  
—The impression of officials of the Cape Fear & Yadkin Valley railway is that the United States Circuit Court of Appeals will not decide the case involving the sale of that road before May. As to the purchasers, that will depend upon the decision—whether the road will be sold as a whole or in sections.  
—Mr. W. J. Weatherly is making extensive improvements in his property on North Davis street. He has put up a two-foot retaining wall of Mt. Airy granite, sloping back his yard therefrom sufficiently to be sodded, and has put in new steps leading from the pavement to his porch. He will have an attractive looking place when the work is completed.  
—The new ad. of the Farmers' warehouse, appearing in this issue under the caption, "War Declared," came in too late to be placed in the regular space engaged by J. H. Whitt & Co. for the season and it is printed in an extra space in order to insure its appearance this week. It makes interesting reading, especially for tobacco growers, and is worthy of careful perusal.  
—Invitations have been issued by Mr. and Mrs. Thomas Settle, of this city, announcing the marriage of Mrs. Settle's sister, Miss Sarah Fotherall Potter, of Wilmington, to Mr. Tenche Charles Coxe, youngest son of Colonel Frank Coxe, of Asheville. The marriage will occur at Wilmington on the morning of the 19th of April. Mr. and Mrs. Coxe will sail for England immediately after the wedding.  
—Judge Purnell is holding the spring term of Federal court here this week, occupying the county court house. The criminal docket includes no cases of importance aside from those involving violations of the internal revenue laws. District Attorney Holton is assisted by Spencer Blackburn, Esq., of Jefferson. Col. Martin, of Winston, is now chief clerk to Mr. Holton, succeeding Mr. S. T. Neal, who held the position under Capt. Glenn. Visiting attorneys are numerous, Burlington, Reidsville, Asheboro, Winston, Wilkesboro and several other towns being well represented. Judge Simonson will be here Monday to take up the Stanley county bond cases.  
—One of the most glaring instances of pure cussedness on record in the annals of Greensboro developed Saturday night in the destruction of a handsome rustic summer house that had just been erected on court square by the Greensboro Rustic and Artistic Manufacturing Co., a recently established home enterprise that deserves the greatest encouragement. The handsome little structure was completed Saturday, and that night two or more prominent (?) young men, citizens of this city and disgraces to their honored family names, deliberately wrecked it in order to gratify their drunken desire for deviltry. Such an act, and this is not the first of the kind ever committed here, not only brings disgrace upon those who stoop to engage in it, but it gives the city a name for lawlessness that it ought not to suffer. It is to be hoped there will be no more such occurrences.  
—The excellent company producing the comic opera, "Wang," stranded here yesterday and about thirty of the members are left without the price of a ticket to New York. For over two weeks the company has played in hard luck, principally because of poor management, and after the close of Monday night's performance it was announced behind the scenes that the "season had ended." While such an occurrence had been anticipated most of the company was ill prepared for the emergency, only ten or twelve being able to get home without assistance. Those left behind at once went to work rehearsing for a "benefit" performance which was given last night, but the returns were scarcely sufficient to pay board bills. Tuesday morning the manager of the Durham opera house came up and attached all the company's property, piling trouble upon trouble for the management. The elephant with the company is getting along with less than one meal a day now, and it is feared by the actors that their rations will dwindle to the same proportions. But it must be said to their credit they sang "Wang" to perfection.  
—Needles for all sewing machines at McDuffie's furniture store.

—The April number of "Fibre and Fabric," published in Boston, contains the following report of the Proximity mill, Greensboro: The Proximity mill of the Cone Export & Commission Co., employs 1,000 people, and is running day and night, 8 a. m. to 6 p. m., and 6 p. m. to 6 a. m. The male employees receive \$25 per month, and the women and children \$12 to \$14. Houses which cost the company \$160 each are rented to families for \$2.50 to \$5 a month. Those who live in boarding houses pay \$2 a week. The help are paid in coupons. Twenty-five per cent. was earned by the concern last year, 6 of which was taken as dividend, and the balance to improve the plant.  
—The stockholders of the new Eagle Foundry Company met at the National bank Monday and organized by electing J. R. Wall president, R. W. Brooks vice president, and W. J. Teague secretary and treasurer. The directors are W. J. Teague, J. R. Wall, R. W. Brooks, M. C. Stewart and J. M. Hendrix. The following resolution was adopted at the meeting:  
Resolved, That inasmuch as the officers of the Industrial and Immigration Association have given us very material assistance in promoting and organizing our company, we feel that it is only right and proper, at this our first meeting, to give public expression to our appreciation of their efforts and to call to the attention of our citizens generally the strong, successful work of the Association in developing the manufacturing industries of our city.  
—Landreth's fresh and reliable Garden Seed for sale by Howard Gardner, druggist, corner opposite postoffice Greensboro.

After years of untold suffering from piles, B. W. Pursell, of Knitnersville, Pa., was cured by using a single box of DeWitt's Witch Hazel Salve. Skin diseases such as eczema, rash, pimples and obstinate sores are readily cured by this famous remedy. Howard Gardner.  
—Christian Advocate: The congregation of West Market Street Methodist Church, Greensboro, has been for some time worshipping in the auditorium of the new church, though in an unfinished condition. The work is now nearly completed and the church is to be formally opened on next Sunday. A sermon at 11 o'clock will be preached by Rev. E. E. Hoos, D. D., of Nashville, Tenn., and an elaborate Sunday-school Easter service will be held. West Market is, in our judgment, the most elegant church edifice in North Carolina and the congregation deserves the highest commendation for its exceeding liberality in erecting it. It is a credit to the city and an honor to the city and an honor to the denomination. Rev. J. H. Weaver, D. D., the pastor, has been untiring in his efforts to raise money for building purposes and the congregation and community have cooperated in the true spirit of Christian liberality.  
—We have a number of testimonials from mothers in Greensboro and surrounding towns who say that nothing relieves their children of whooping cough as quickly and permanently as Goose Grease Liniment. It stops a hard spell of coughing at once and prevents a return. Satisfaction guaranteed.  
—The Wm. Rodgers Manufacturing Company, of Connecticut, has presented West Market M. E. church with a handsome communion service that was used for the first time Sunday.  
**Beware of Ointments for Catarrh that contain Mercury.**  
As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.  
Sold by Druggists, price 75c per bottle. Hall's Family Pills are the best.

**The War is Over.**  
We held this issue of the PATRIOT back one day hoping to give our readers the text of the President's message, which was expected to be sent to Congress yesterday, but the message seems to have gotten lost in the shuffle, and did not appear. The reason is rather vaguely given in the press dispatches from Washington, appearing on another page. We have about reached the conclusion that there will be no war and will wash off our war paint as soon as we get this issue out of the way. That De Lome letter keeps coming into mind. The \$35,000,000 already spent in war preparations can now be made up by the tax-payers and then the incident will be dropped until the next campaign.  
**Mr. S. B. Norris Goes to Greensboro.**  
The Raleigh Press-Visitor of Monday said: Mr. S. B. Norris has purchased the shoe store of Sample S. Brown, of Greensboro, and will take charge of the business at once and will conduct one of the most extensive and attractive shoe stores in the State in that progressive town. Mr. Norris will leave tonight for Greensboro to take charge of the business, take an inventory and prepare to open the new date. Mr. Norris is one of Raleigh's most successful and progressive business men, and while we regret to lose him we congratulate Greensboro upon securing him as a part of her business community. He is a thoroughly live and up-to-date hustler, and Greensboro may depend upon it that his establishment will be conducted in the best of style and will contain nothing but the latest and best. Mr. Norris' family will remain in Raleigh until he makes arrangements for them to make their home in Greensboro.  
**They Appreciate Their Pastor.**  
Rev. J. McL. Seabrook is pastor of Bethel, Buffalo and Midway churches, preaching at the two first named twice a month in the morning and at Midway twice a month in the evening and on the fifth Sundays in the morning. Last Thursday it was learned by some of the Buffalo people that Midway had been compelled to reduce her subscription to the pastor's salary \$25, which was agreed to by Mr. Seabrook provided they would release him from the fifth Sunday, which they agreed to do. It was intimated to some of the Buffalo people that their pastor would like to give these fifth Sundays to one or both of the other churches, whereupon Buffalo went to work to raise the \$25 lost by Midway and get the fifth Sundays. Last Sunday the pastor being absent Rev. W. L. Grissom, of the M. E. Church, South, filled the pulpit at Buffalo, preaching, we learned, one of his splendid sermons to a large and appreciative congregation, after which a congregational meeting was held and after the matter was laid before the congregation it was decided to try and raise the \$25. A subscription was taken up and the result was over \$31 was promptly subscribed. This speaks well for pastor and people.  
**Mr. W. B. Farrar's Death.**  
Mr. William B. Farrar, one of the best known citizens of this city, died Monday afternoon about six o'clock after a lingering illness. His death was a source of sorrowful surprise to our people, because it was not generally known at the time that his condition was critical. He was born in Chatham county February 11th, 1836, and was married in 1864 to Miss Mattie Watson, daughter of the late Dr. David Watson. The devoted wife and two children—Mrs. G. H. Royster and Mr. M. R. Farrar—survive. In 1868 Mr. Farrar located in Greensboro, engaging in the jewelry business, in which he was quite successful. In addition to his mechanical skill he had an inventive turn of mind, and in recent years produced several useful and ingenious appliances that brought him handsome returns. He was a man of decided opinions on all questions and was unusually well informed on current topics. Some time ago he embraced the Christian religion, and he died with a fullness of faith that striking. His funeral took place yesterday afternoon from the West Market Street M. E. church, the pastor, Rev. Dr. Weaver, conducting the service. Interment was made at Greene Hill cemetery. Mr. Farrar's death removes from among our people a man well worthy the general esteem in which he was held. His bereaved family has the sympathy of everyone in their great loss.  
**Just Received!**
