—The State University advertisement will be found in the PATRIOT this week. The inducements this institution is able to offer young men and women are appreciated by everyone who gives a thought to the state's welfare. Send to President Alderman for a catalogue.

—The "Eiffel Tower," a unique revolving display rack in the big window of the Carolina Shoe Co.'s store, K. of P. building, attracts much attention from passers-by. It is propelled by a mechanism similar to that of a clock, and runs for fourteen hours with one winding.

—Mr. J. W. Lindau has sold his thoroughbred Jersey bull, "Romola's Chief," to Mr. L. M. Stewart, proprietor of the Summit Avenue dairy. This is unquestionably one of the finest animals ever owned here, and is a valuable addition to Mr. Stewart's herd, already one of the best in the state.

—Gen. Jas. D. Glenn, of this city, was prominently mentioned in connection with the Brigadier-Generalship allotted to North Carolina but his Democracy was a barrier that could not be overcome. His eighteen years of experience counted for naught against the man with a political pull.

—The Bonitz House, Wilmington, advertised in this issue, offers superior accommodations to persons visiting that city. The rate to excursionists is only \$1.00 a day. Bear this in mind. Nearly everyone who goes from this section to Wilmington or the seashore stops at the Bonitz House and invariably speak well of the house.

—Up to Sunday evening, when the "clearing off shower" came, there had been heavy rains every day for a week. In the country the only crop jeopardized was wheat, many farmers reporting that it was sprouting. The damage is not great, however, as the weather so far this week has been most favorable for saving the crop.

Prescriptions compounded at Gardner's by registered druggists only.

—The third annual session of the Thurman Woman's Christian Temperance Union of North Carolina is in session here this week at Bennett College. Among the prominent colored people present are Mrs. Lucy Thurman, of Michigan; Dr. H. Shepard, of Charlotte; Dr. D. J. Sanders, of Bidle University, and Rev. H. B. Delancy, of Raleigh.

—Of the eleven recruits sent from this city to Capt. Gray's company at Raleigh on Tuesday of last week three failed to pass the physical examination and returned home Wednesday night. The were Clarence Scott, Jesse Alderman and Gus Cunningham. Their friends share their disappointment, and give them full credit for their evident good intentions.

—Conductor R. E. Tucker, running on the Southern fast mail train between Washington and Charlotte, was shot at five times by J. M. Acuff, at Franklin Junction, Va., Monday evening, but escaped injury. Capt. Tucker recently had some difficulty with Acuff when the latter was under the influence of liquor and raised a disturbance on the train.

—Mr. E. P. Wharton went to New York Monday night in response to a telegram from W. H. Houghton, the gentleman referred to last week as negotiating the sale of the Greensboro Furnace Company's property to a New York company. We have every reason to believe that the trade will be made, notwithstanding the fact that there is some unaccountable delay.

—Prof. D. M. Weatherly left yesterday for Carthage to confer with the high school authorities, who have unanimously tendered him the superintendency of the school. Carthage will be fortunate in securing Prof. Weatherly's services. He is one of the most competent teachers in the State and a desirable man in every respect to have at the head of a public institution.

—Last Wednesday night about 9 o'clock a serious freight wreck occurred on the Southern two miles above Danville, Va., delaying passenger trains until near noon the following day. Engineer Gary, Fireman Sales, Flagman Pace and Brakeman O'Connor were all more or less seriously injured. The wreck was caused by a washout. Over twenty loaded cars were almost completely destroyed.

—Six hundred Wilmington excursionists, mostly descendants of the tribe of Ham, spent Monday afternoon and evening here. They were quite orderly, a striking contrast to the Winston crowd of the same color that passed through shortly after midnight on their return from Charlotte. Every man and boy from Winston seemed to be armed, and as the train pulled out of here there was a great deal of shooting from the car windows.

—Three "jackies" from the Mare Island navy yard, California, were here yesterday afternoon on their way to Norfolk, where they will receive the money Uncle Sam has placed to their credit and pay a visit to their homes, their terms of enlistment having expired. They were recently members of the crew of the U. S. S. Menadnock, which is by this time, perhaps, on its way to join Dewey's squadron. They expressed their intention of re-enlisting at an early date.

—An advertisement of the Piedmont Realty and Guaranty Co., mention of the incorporation of which was made in our last issue, appears in the PATRIOT this week. The company will carry on a general real estate business, making loans, investments, collecting rents, etc., on the most reasonable terms. Farmers having land for sale are requested to list same with the company at once. This can be done without any expense whatever to the owner. The company's office is located in the Katz building, opposite the Bendow House.

—Patrons of the Peoples' Five Cents Savings Bank should remember that all moneys deposited on or before July 1st will bear interest from that date. We are informed by the management that the deposits for last month, (May) were more than 50 per cent. greater than the deposits for May last year. This is encouraging, and shows among other things, that the people are learning to appreciate more and more the many advantages of having a safe place for keeping their money, knowing they can draw it out at any time they may need it or that if they let it remain in the bank it is drawing them interest at the rate of 4 per cent. per annum compounded every six months. The Savings Bank has been in active operation eleven years and has the remarkable record of having never lost a dollar.

J. W. GRIFFITH, Dentist,

K. of P. Building, South Elm St.

—A dispatch from Raleigh says: "Monday night two soldiers tried to 'run the guard' at Camp Russell. They were shot at twice by Private John Otterbourg, of the Fayetteville company. At guard mount this afternoon, Col. Burgwyn publicly commended Otterbourg for his obedience to orders. Otterbourg is only 18 and is the smallest soldier in the regiment." Young Otterbourg is from Greensboro. He first enlisted with Capt. Gray's company, but was turned down by the surgeons on account of his size. Later he enlisted with the Fayetteville company and was mustered in.

—Mr. John R. Hanner, living six miles east of the city, died Thursday of the infirmities due to old age. He was eighty-one years old last February, and leaves a family of five daughters and two sons, his wife having preceded him to the grave by just four years. His funeral occurred Saturday at Alliance church, a large number of his friends and neighbors being present to attend their sorrow over his death. He lived an upright life, one well worthy of emulation. His only living brother, Mr. O. S. Hanner, is the last of a family of ten children who have been foremost among the county's best citizens.

Do You Lend Money?

To lend money with perfect security requires experience and a knowledge of surroundings, and of the true value of property. For eleven years the Southern Guarantee and Investment Company, formerly the Worth Wharton Real Estate and Insurance Company, has made this business a study in Greensboro. This company has adopted an iron clad rule of loaning only 50 per cent of the true value on any improved city property. By this means they eliminate all possibility of loss from shrinkage in values and find no trouble in transferring papers when any of their customers may call for their money. In every case where a loan is made a complete abstract of title to property is gotten up and kept on file in this office. No loans are made on property that does not have a perfect title. No second mortgage loans are made. The judgment docket has to be clear. In addition the Southern Guarantee and Investment Company having a capital of \$25,000.00 and \$18,000.00 surplus gives its bond guaranteeing the securities for all loans made. This company also guarantees the prompt payment of interest when due, collecting same without charge and paying at its office when note is presented. For further information see the company's advertisement on another page or call at its office in Greensboro.

WHARTON & McALISTER, Agents.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Graded School Teachers.

Following is a complete list of the graded school teachers employed by the Greensboro board of education for the coming school year:

SUPERINTENDENT, G. A. Grimsley.
WHITE—Prof. S. C. Smith, Prof. Nathan Toms, Prof. Walter Thompson, Prof. Lee T. Blair, Misses Minnie Hampton, Lizzie Lindsay, Margaret Gannon, Annie Pittman, Vivian Shober, Annie White, Elsie Weatherly, Mary Applewhite, Hattie Eldridge, Marietta Stockard, Anna Michaux, Lizzie McIver, Minnie Haliburton, Annie Wiley and Nettie Allen.
COLORED—H. H. Falkner, Mary Noho, Leonora Byers, Florence Garrett, Grace Nelson and Maria Day.

—Take it year in and year out, there is no better place to buy dry goods and shoes than Thacker & Brockmann's. They don't have so much whoop and hurrah about their business, and they don't make such startling claims about selling at "cost" and "less than cost"—two-thirds of the time, but a comparison of prices will show that they sell good, reliable goods as low or lower than any of their competitors all the year round, and don't make half as much fuss over it, either. Their business is enjoying a steady, healthy growth. People know they can depend upon what is told them about goods at Thacker & Brockmann's. If a shoe is not solid leather, they don't sell it for solid leather, and when they tell you a piece of goods is all wool you don't find any cotton in it. Misses Callie Rankin and Jennie Harden are with this old reliable house, and Marvin Boyles has lately been added to the salesforce.

The Recruiting Office Closed.

Sergeant H. J. Watlington, of Co. D, Second Regiment, N. C. Volunteers, who has been here for several days enlisting recruits for his company, closed his office and returned to Raleigh under orders yesterday, the presumption being that the company has its full complement of men.

Since our last report the following have been enlisted: Roscoe Hornaday, W. M. Yates and B. R. McLean, Randolph; S. B. Vance, Guilford; John A. Gilmer and Geo. H. Blake, Greensboro. It is reported that W. M. Yates and Walter Marley, another recent recruit from here, "flew the coop" at Raleigh just before they were called upon to be mustered in as volunteers.

Sergeant Watlington's work here was done with a promptness that is undoubtedly appreciated by his superior officers. He maintains the dignity of Uncle Sam's military organization quite gracefully and has in him the elements of a good soldier. Here's hoping that he and his comrades may survive without injury the grave danger they unhesitatingly face.

The University.

The University is steadily growing in public favor, patronage and efficiency. It has never been so close to the people and so able to help them. The enrollment of 608 students this year is remarkable, being the largest in its history. We would like some needy boy to get its advantages of scholarship and loans.
